Movie stars establish themselves as brands--and Taylor's brand , in its most memorable outings, has repeatedly introduced a broad audience to feminist ideas. In her breakout film, "National Velvet" (1944), Taylor's character challenges gender discrimination.: Forbidden as a girl to ride her beloved horse in an important race, she poses as a male jockey. Her next milestone, "A Place in the Sun" (1951), can be seen as an abortion rights movie--a cautionary tale from a time before women had ready access to birth control. In "Butterfield 8" (1960), for which she won an Oscar, Taylor isn't censured because she's a prostitute, but because she chooses the men: she controls her sexuality, a core tenet of the third-wave feminism that emerged in the 1990s. Even "Who's Afraid of Virginia Woolf?" (1966) depicts the anguish that befalls a woman when the only way she can express herself is through her husband's stalled career and children. The legendary actress has lived her life defiantly in public--undermining post-war reactionary sex roles, helping directors thwart the Hollywood Production Code, which censored film content between 1934 and 1967. Defying death threats she spearheaded fundraising for AIDS research in the first years of the epidemic, and has championed the rights of people to love whom they love, regardless of gender. Yet her powerful feminist impact has been hidden in plain sight. Drawing on unpublished letters and scripts as well as interviews with Kate Burton, Gore Vidal, Austin Pendleton, Kevin McCarthy, Liz Smith, and others, *The Accidental Feminist* will surprise Taylor and film

fans with its originality and will add a startling dimension to the star's enduring mystique.

Disability, Health, and Happiness in the Shakespearean Body Crown

In this final novel in the Roman series, McCullough turns her attention to the legendary romance of Antony and Cleopatra.

[Cleopatra](#) National Geographic Books

You're a princess born into the Egyptian royal family. But it's not easy living in the palace. From family betrayals to Roman generals, you will discover it's not easy being Cleopatra! This title in the best-selling children's history series, *You Wouldn't Want To...*, features full-colour illustrations which combine humour and accurate technical detail and a narrative approach placing readers at the centre of the history, encouraging them to become emotionally-involved with the characters and aiding their understanding of what life would have been like as Cleopatra. Informative captions, a complete glossary and an index make this title an ideal introduction to the conventions of information books for young readers. It is an ideal text for Key Stage 2 shared and guided reading and helps achieve the goals of the Scottish Standard Curriculum 5-14.

“The political machinations, betrayal, and battles may appeal to those fans of George R. R. Martin’s A Song of Ice and Fire series interested in a real-world game of thrones.” -- Booklist One of Italy’s most revered cultural figures reconstructs the extraordinary life of the legendary Cleopatra at the height of her power in this epic story of passion, intrigue, betrayal, and war. Our world today would not be the same without Cleopatra. While she is one of the most famous figures in history, the legendary Egyptian queen remains, in many ways, an enigma. In this mesmerizing history, Alberto Angela offers a fresh and dynamic portrait of this extraordinary ruler, revealing a strikingly modern woman born in an ancient era and skilled in the art of diplomacy and war, who would conquer the heart of a general—Marc Antony—and Rome itself. Cleopatra focuses on a twenty-year period that marked a sweeping change in Roman history, beginning with the assassination of Julius Caesar that led to the end of the Republic, and ending with the suicides of Antony and Cleopatra and the birth of the Augustan Empire. Angela brings the people, stories, customs, and traditions of this fascinating period alive as he transports us to the chaotic streets of the capital of the ancient world, the exotic port of Alexandria in Egypt, and to the bloody battlefields where an empire was won and lost. Meticulously researched and rich with vivid detail, this sweeping history, reminiscent of the works of Simon Schama, Mary Beard’s SPQR, and Tom Holland’s Rubicon, recreates this remarkable era and the woman at its turbulent center. Translated from the Italian by Katherine Gregor “[Cleopatra] combines scholarship with novelistic detail and character depth...[Alberto Angela] effectively draws on previous scholarship, wading through legend and myth to get at the truth of what actually occurred... a character-rich historical biography.” -- Kirkus

Cleopatra Walter de Gruyter GmbH & Co KG

Cleopatra VII Philopator was the last active ruler of the Ptolemaic Kingdom of Egypt, nominally survived as pharaoh by her son Caesarion. She was also a diplomat, naval commander, polyglot, and medical author. As a member of the Ptolemaic dynasty, she was a descendant of its founder, Ptolemy I Soter, a Macedonian Greek general and companion of Alexander the Great. Inside you’ll read about • Rome comes to Egypt • Sibling rivalry • Caesar and Cleopatra • Assassination • Antony and Cleopatra • An Alexandrian idyll • Dusk approaches And much more! Julius Caesar maintained a private affair with Cleopatra that produced a son, Caesarion (Ptolemy XV). When Caesar was assassinated Cleopatra attempted to have Caesarion named as his heir, but this fell instead to Caesar’s grandnephew Octavian. In the Liberators’ civil war Cleopatra sided with the Roman Second Triumvirate formed by Octavian, Mark Antony, and Marcus Aemilius Lepidus. Cleopatra had an affair with Antony that would eventually produce three children: Alexander Helios, Cleopatra Selene II, and Ptolemy Philadelphus. Octavian’s forces invaded Egypt and defeated those of Antony, leading to his suicide. When Cleopatra learned that Octavian planned to bring her to Rome for his triumphal procession, she committed suicide by poisoning, the popular belief being that she was bitten by an asp.

Study Guide to Antony and Cleopatra by William Shakespeare Medieval Institute Publications

The smash Sunday Times bestseller and Goodreads Choice Award finalist--perfect for readers of Modern Lovers and Conversations with Friends. An addictive, humorous, and poignant debut novel about the shock waves caused by one couple's impulsive marriage. Twenty-four-year-old British painter Cleo has escaped from England to New York and is still finding her place in the sleepless city when, a few months before her student visa ends, she meets Frank. Twenty years older and a self-made success, Frank's life is full of all the excesses Cleo's lacks. He offers her the chance to be happy, the freedom to paint, and the opportunity to apply for a Green Card. But their impulsive marriage irreversibly changes both their lives, and the lives of those close to them, in ways they never could've predicted. Each compulsively readable chapter explores the lives of Cleo, Frank, and an unforgettable cast of their closest friends and family as they grow up and grow older. Whether it's Cleo's best friend struggling to embrace his gender queerness in the wake of Cleo's marriage, or Frank's financially dependent sister arranging sugar daddy dates to support herself after being cut off, or Cleo and Frank themselves as they discover the trials of marriage and mental illness, each character is as absorbing, and painfully relatable, as the last. As hilarious as it is heartbreaking, entertaining as it is deeply moving, Cleopatra and Frankenstein marks the entry of a brilliant and bold new talent.

Hand of Isis Cleopatra

On a stiflingly hot day in August, 30 B.C., the thirty-nine-year-old Queen of Egypt, Cleopatra, took her own life, rather than be paraded in chains through Rome by her conqueror, Octavian, the future emperor Augustus. A few days earlier, her lover of eleven years, Mark Antony, had died in her arms following his own botched suicide attempt. Oceans of mythology have grown up around them, all of which Diana Preston puts to rest in her stirring history of the lives and times of a couple whose names-more than two millennia later-still invoke passion, curiosity, and intrigue. This book sets the romance and tragedy of Antony and Cleopatra's personal lives within the context of their political times. There are many contemporary resonances: the relationship between East and West and the nature of empire, the concealment of personal ambition beneath the watchword of liberty, documents forged, edited or disposed of, special relationships established, constitutional forms and legal niceties invoked when it suited. Indeed their lives and deaths had deep political ramifications, and they offer a revealing perspective on a tipping point in Roman politics and on the consolidation of the Roman Empire. Three hundred years would pass before the east would, with the rise of Constantinople and the Byzantine Empire, once again take a share of political power in the Mediterranean. In an intriguing postscript, Preston speculates on what might have happened had Antony and Cleopatra defeated Octavian at the Battle of Actium in 31 B.C.

Cleopatra and Antony Astra Publishing House

This book considers early modern and postmodern ideals of health, vigor, ability, beauty, well-being, and happiness, uncovering and historicizing the complex negotiations among physical embodiment, emotional response, and communally-sanctioned behavior in Shakespeare's literary and material world. The volume visits a series of questions about the history of the body and how early modern cultures understand physical ability or vigor, emotional competence or satisfaction, and joy or self-fulfillment. Individual essays investigate the purported disabilities of the "crook-back" King Richard III or the "corpulent" Falstaff, the conflicts between different health-care belief-systems in The Taming of the Shrew and Hamlet, the power of figurative language to delineate or even instigate puberty in the Sonnets or Romeo and Juliet, and the ways in which the powerful or moneyed mediate the access of the poor and injured to cure or even to care. Integrating insights from Disability Studies, Health Studies, and Happiness Studies, this book develops both a detailed literary-historical analysis and a provocative cultural argument about the emphasis we place on popular notions of

fitness and contentment today.

Falstaff Springer

From one of the greatest Shakespeare scholars of our time, a beloved professor who has taught the Bard for over half a century—an intimate, wise, deeply compelling portrait of Lear, arguably Shakespeare’s most tragic and compelling character, the third in a series of five short books hailed as Harold Bloom’s “last love letter to the shaping spirit of his imagination” (The New York Times Book Review). King Lear is one of the most famous and compelling characters in literature. The aged, abused monarch—a man in his eighties, like Bloom himself—is at once the consummate figure of authority and the classic example of the fall from grace and widely agreed to be Shakespeare’s most moving, tragic hero. Award-winning writer and beloved professor Harold Bloom writes about Lear with wisdom, joy, exuberance, and compassion. He also explores his own personal relationship to the character: Just as we encounter one Anna Karenina or Jay Gatsby when we are seventeen and another when we are forty, Bloom writes about his shifting understanding—over the course of his own lifetime—of this endlessly compelling figure, so that the book also becomes an extraordinarily moving argument for literature as a path to and a measure of our humanity. Bloom is mesmerizing in the classroom, wrestling with the often tragic choices Shakespeare’s characters make. Now he brings that insight to his “measured, thoughtful assessment of a key play in the Shakespeare canon” (Kirkus Reviews). “Lear is a “short, superb book that has a depth of observation acquired from a lifetime of study” (Publishers Weekly).

The Love Play of Antony and Cleopatra Profile Books

A comprehensive study guide offering in-depth explanation, essay, and test prep for William Shakespeare’s Antony and Cleopatra, one of Shakespeare’s most moving and richest works. As a tragedy of Roman and Egyptian history, Shakespeare reaches the pinnacle point of his poetic evolution as he transitions in works. Moreover, by the use of rhythm, images, figures, and verse, he makes every experience personally felt by the reader. Cleopatra Simon and Schuster

Shakespeare and the Ambiguity of Love's Triumph Influence Publishers

Offers an in-depth exploration of Shakespeare's character Cleopatra, delving into the complexities of her personality as well as how the author's understanding of her has evolved over the years.

Lear Routledge

Argument was the basis of Renaissance education; both rhetoric and dialectic permeated early modern humanist culture, including drama. This study approaches Shakespeare's history plays by analyzing the use of argument in the plays and examining the importance of argument in Renaissance culture. Knowles shows how analysis of arguments of speech and action take us to the core of the plays, in which Shakespeare interrogates the nature of political morality and truth as grounded in the history of what men do and say.

CLEOPATRA HarperCollins

A “splendid” (The Wall Street Journal) account of one of history’s most important and yet little-known wars, the campaign culminating in the Battle of Actium in 31 BC, whose outcome determined the future of the Roman Empire. Following Caesar’s assassination and Mark Antony’s defeat of the conspirators who killed Caesar, two powerful men remained in Rome—Antony and Caesar’s chosen heir, young Octavian, the future Augustus. When Antony fell in love with the most powerful woman in the world, Egypt’s ruler Cleopatra, and thwarted Octavian’s ambition to rule the empire, another civil war broke out. In 31 BC one of the largest naval battles in the ancient world took place—more than 600 ships, almost 200,000 men, and one woman—the Battle of Actium. Octavian prevailed over Antony and Cleopatra, who subsequently killed themselves. The Battle of Actium had great consequences for the empire. Had Antony and Cleopatra won, the empire’s capital might have moved from Rome to Alexandria, Cleopatra’s capital, and Latin might have become the empire’s second language after Greek, which was spoken throughout the eastern Mediterranean, including Egypt. In this “superbly recounted” (The National Review) history, Barry Strauss, ancient history authority, describes this consequential battle with the drama and expertise that it deserves. The War That Made the Roman Empire is essential history that features three of the greatest figures of the ancient world.

Mutual Flame - Wilson Knight V Simon and Schuster

"Harold Bloom writes about Falstaff with the deepest compassion and sympathy and also with unerring wisdom. He uses the relationship between Falstaff and Hal to explore the devastation of severed bonds and the heartbreak of betrayal. Just as we encounter one type of Anna Karenina or Jay Gatsby when we are young adults and another when we are middle-aged, Bloom writes about his own shifting understanding of Falstaff over the course of his lifetime. Ultimately we come away with a deeper appreciation of this profoundly complex character, and the book as a whole becomes an extraordinarily moving argument for literature as a path to and a measure of our humanity"--Publisher's description.

The Accidental Feminist Yale University Press

The essays in this volume address Cleopatra's life and legacy, presenting fresh examinations of her decisions and actions, the influence of contemporary Egyptian culture on Rome, and the enduring Roman fascination with her story, which thrives even today.

Cleopatra's Daughter Redhook

A leveled Reader based on an episode from the PBS KIDS animated television series Xavier Riddle and the Secret Museum starring Cleopatra. Based on the children's book series Ordinary People Change the World by New York Times bestselling author Brad Meltzer and illustrator Christopher Eliopoulos, the series will introduce kids to inspiring historical figures and the character virtues that helped them succeed. Xavier wants to stay up all night to see a super moon, but he doesn't know how to ask his parents. Luckily, the Secret Museum sends him to meet Cleopatra and she teaches him

how to ask for things the right way. This episode-based Penguin Young Reader is perfect for emerging readers!
