Hot Guys and Kittens Penguin

The first volume in the atmospheric and suspenseful Inspector Ramirez series In beautiful, crumbling Old Havana, Canadian detective Mike Ellis hopes the sun and sand will help save his troubled marriage. He doesn't yet know that it's dead in the water—much like the little Cuban boy last seen begging the Canadian couple for a few pesos on the

world famous Malecon. For Inspector Ricardo Ramirez, head of the Major Crimes Unit of the Cuban National Revolutionary Police, finding his prime suspect isn't a problem—Cuban law is. He has only seventy-two hours to secure an indictment and prevent a vicious killer from leaving the island. But Ramirez also has his own troubles to worry about. He's dying of the same dementia that killed his grandmother, an incurable disease that makes him see the ghosts of victims of unsolved murders. As he races against time, the

dead haunt his every step...

bloodsucker. Until one night she finds herself with an unexpected ally. He's a vampire, all right, but different. Mysterious. Handsome. And more interested in saving her skin than draining it. Étienne has been an Immortal Guardian for two hundred years—long enough to know that Krysta is special. He can't stop thinking about her long legs, even more than her short swords. Then he discovers the vamps she's exterminating have friends in high places, and the Guardians are in danger too. He'll have to accept Krysta's help to save them. The stakes for a mortal are high. But the cost to his heart might be higher... "Duvall is fast proving to be a major player in paranormal romance."—RT Book Reviews "The Immortal Guardians series is one you'll

The 12 Dares of Christmas Macmillan
Spaceflight historian Amy Shira Teitel

tells the riveting story of the female pilots who each dreamed of being the first American woman in space. When the space age dawned in the late 1950s, Jackie Cochran held more propeller and jet flying records than any pilot of the twentieth century—man or woman. She had led the Women's Auxiliary Service Pilots during the Second World War, was the first woman to break the sound barrier, ran her own luxury cosmetics company, and counted multiple presidents among her personal friends. She was more qualified than any woman in the world to make the leap from atmosphere to orbit. Yet it was Jerrie Cobb, twenty-five years Jackie's junior and a record-holding pilot in her own right, who finagled her way into taking the same medical tests as the Mercury

astronauts. The prospect of flying in space quickly became her obsession. While the American and international media spun the shocking story of a "woman astronaut" program, Jackie and Jerrie struggled to gain control of the narrative, each hoping to turn the rumored program into their own ideal reality—an issue that ultimately went all the way to Congress. This dual biography of audacious trailblazers Jackie Cochran and Jerrie Cobb presents these fascinating and fearless women in all their glory and grit, using their stories as guides through the shifting social, political, and technical landscape of the time.

Fifty Shades of Grey meets hilarious Contemporary Romance in this witty and sexy novel by Courtney Cole. Caution! Only read this book if you want to laugh and are not offended at adult themes and language. This is not a Young Adult book. ***** "You know what they say...a happy vagina is a happy woman. Well, they might not say that, but they should." -Alli Thirty-five year-old Allison "Alli" Lancaster has it all--a fabulous job, a beautiful 15 year-old daughter, a hilarious BFF and a gorgeous house with a pool and Jacuzzi in an exclusive Las Vegas neighborhood. What she doesn't have is a husband, because she kicked her lousy, cheating ex to the curb nine months ago. Since then, Alli has paid her

dues with seemingly endless self-improvement and seemingly endless mourning. Now she's ready to move on and try new things. Alli's idea of "trying new things" is nothing like that devil-of-a-best-friend of hers. Somehow, Sara, the devil of a best friend, talks Alli into trying out a sex toy, sleeping with a younger man and letting a stranger in a lab jacket put hot wax on a place that should never, ever, ever see wax. And that's only the beginning. Alli never saw her life going quite like this. She also never thought she'd meet someone else

who had the very real potential to change her life forever. But she did. Enter the new guy. He's gorgeous, refined and mature. He's also marriage material. But that poses a problem for Alli, who renounced the institution of marriage when she renounced her ex. What's a girl to do? They say that what happens in Vegas, stays in Vegas. But what the heck happens when you can't leave Vegas? Well, you spin the wheel, of course. You play the game and let the chips fall where they may. Alli just hopes she can find them all.
