The Jungle Book is a collection of stories. The tales in the book are fables, using animals in

an anthropomorphic manner to give moral lessons.

Disney First Avenue Editions

This book contains the collection of Rudyard Kipling short stories known as The Jungle Book. The most famous of these are about Mowgli the wolf boy, and have been adapted for comics, stage, film and television many times. Mowgli's adventures in the forest and battles with the tiger Shere Khan are exciting and should be a part of any child's reading

material. The other stories are shorter, but just as entertaining. Rikki-tikki-tavi, about a brave mongoose and his battle against snakes, is a particular favourite of many and The White Seal and Toomi of the Elephants are well loved and enjoyable too. After each story comes a poem or song about the same topic. These are highly moral stories, which have lead some to conclude that they were based on current events of the times, but there is no evidence of that from the

author himself and they were probably written for his daughter. Rudyard Kipling knew a great deal about the animals of which he wrote and this comes through in the details of their lives in these tales. This book thoroughly deserves the devotion it receives from its fans. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Serafina has a secret dream. She wants to go to school and become a doctor with her best friend, Julie Marie. But in their rural village outside Port-au-

Prince, Haiti, many obstacles stand in Serafina's way--little money, never-ending chores, and Manman's worries. More powerful even than all of these are the heavy rains and the shaking earth that test Serafina's resolve in ways she never dreamed. At once heartbreaking and hopeful, this exquisitely crafted story will leave a lasting impression on your heart. Among the best loved of all children's classics, Rudyard Kipling's *The Jungle Book* is set among a community of animals in the jungles of India, where Kipling was born and grew up. Three of the stories feature the adventures of

an abandoned “man cub,” a boy named Mowgli, who is raised by wolves in the jungle. Other well-known stories in the collection include “Rikki-Tikki-Tavi,” the tale of a heroic mongoose who outwits

vicious cobras in order to save his human benefactors, and “Toomai of the Elephants,” the story of a ten-year-old elephant-handler. This edition includes black-

and-white illustrations by Kurt Wiese and William Henry Drake.
