In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

Genre studies and genre approaches to literacy instruction continue to develop in many regions and from a widening variety of approaches. Genre has provided a key to understanding the varying literacy cultures of regions, disciplines, professions, and educational settings. *GENRE IN A CHANGING WORLD* provides a wide-ranging sampler of the remarkable variety of current work. The twenty-four chapters in this volume, reflecting the work of scholars in Europe, Australasia, and North and South America, were selected from the over 400 presentations at SIGET IV (the Fourth International Symposium on Genre Studies) held on the campus of UNISUL in Tubarão, Santa Catarina, Brazil in August 2007—the largest gathering on genre to that date. The chapters also represent a wide variety of approaches, including rhetoric, Systemic Functional Linguistics, media and critical cultural studies, sociology, phenomenology, enunciation theory, the Geneva school of educational sequences, cognitive psychology, relevance theory, sociocultural psychology, activity theory, Gestalt psychology, and schema theory. Sections are devoted to theoretical issues, studies of genres in the professions, studies of genre and media, teaching and learning genre, and writing across the curriculum. The broad selection of material in this volume displays the full range of contemporary genre studies and sets the ground for a next generation of work.

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Depuis l'entrée en vigueur de son Statut, le 1er juillet 2002, la Cour pénale internationale (CPI) a commencé à travailler. Les premières Situations (République Démocratique du Congo, Ouganda, République Centrafricaine et Soudan) et affaires

(Lubanga, Kony, Otta, Lukwya, Odhiambo, Ongwen, Katanga, Ngudjolo) sont à présent pendantes devant la Cour. Les premières décisions publiques datent de juillet 2004. Plus de 250 décisions publiques ont été rendues en date du 31 décembre 2006. Le Code annoté de la Cour pénale internationale (2004-2006) est le premier volume d'une collection. En fonction du nombre de décisions rendues par la Cour dans l'avenir, un nouveau volume sera publié chaque année ou tous les deux ans. Le Code propose une sélection des extraits les plus pertinents des décisions publiques rendues par la Cour entre juillet 2004 et le 31 décembre 2006. Les extraits proposés ont été sélectionnés sur la base des critères suivants : 1) extraits qui clarifient un point de droit, interprètent l'une des dispositions statutaires de la Cour ; 2) extraits qui montrent comment une règle spécifique est concrètement appliquée par la Cour ; 3) extraits pertinents du point de vue de l'évolution de la justice internationale, des droits de l'homme, du droit international humanitaire. Les extraits sont proposés dans leur version française officielle, chaque fois qu'elle est disponible ou dans leur version anglaise originale. Dans tous les cas, un résumé en français identifie de façon claire l'apport de l'extrait par rapport aux critères de sélection. Les extraits sont classifiés par rapport à la disposition statutaire (article du Statut, règle du Règlement de procédure et de preuve, norme du Règlement de la Cour) à laquelle ils se rapportent. Un numéro d'identification rapide facilite le renvoi aux extraits des autres décisions sélectionnés dans le présent volume. La présente collection de Codes annotés est avant tout conçue comme un outil à l'usage des praticiens du droit pénal international et des universitaires, qui, grâce au numéro d'identification rapide et à l'

index thématique, y trouveront le moyen d identifier immédiatement les extraits les plus pertinents de la jurisprudence de la Cour sur chaque sujet.
