Advanced ThetaHealing Hay House, Inc Essential ThetaHealing® handbook for practitioners explaining how we can connect with the Creator for spiritual elevation. When we enter a theta brain state, we can connect to the Creator of All That Is. Discover how to improve this connection to achieve deep inner healing. Founded by Vianna Stibal, ThetaHealing® is a powerful healing modality through which we can change limiting beliefs to receive deep

emotional and physical healing. While in the Theta state, we're able to connect with the divine energy that flows through all things: The Creator of All That Is. Vianna is often asked: 'How do I know I'm connected to the Creator, or if it's just my own thoughts?' The true answer is that to know the difference between your thoughts and divine inspiration, you must first understand yourself. This in-depth guide for ThetaHealing practitioners will teach you how to experience knowing yourself on an intimate level, so you can recognize this difference and establish clear and enlightened communication with the

Creator. Vianna shares powerful teachings, downloads, exercises, and her own experiences to illustrate how to recognize the belief systems, inner aspects, and subconscious selves preventing you from fully bonding with the energy of the Creator, and how to navigate and understand your own mind. The Creator always communicates from a place of pure, perfect love, and Vianna details a powerful road map for experiencing and strengthening this connection, so that you too can become limitless.

Learn how to access the deepest layers of your subconscious thinking to identify and correct limiting beliefs and enable life-changing physical and emotional healing. ThetaHealing® is a

revolutionary healing modality, devised by Vianna Stibal, that taps into the brain's Theta waves to enable deep emotional and physical healing by changing our limiting beliefs. Yet often, we are afraid of digging to the deepest layers of our subconscious thinking, and instead gloss over them with new positive affirmations, or downloads; but they do not replace the deeply transformative work of exploring, understanding and correcting beliefs that were instilled in this life and past lives. This is the principle of digging for beliefs. In this essential book for any student of ThetaHealing, you'll learn:

- the five vital steps of digging for beliefs
- how to identify core beliefs and the 10 different approaches to change them
- when it's appropriate to erase a belief,

and when to use it as a springboard for positive change

- common mistakes made in digging work and how to avoid them in your own practice

With examples from Vianna's workshops, you'll soon be equipped with the right tools to dig for beliefs and enable deep, life-changing healing for yourself and others.

 How consciousness and quantum energies affect your genetic expression and the development of disease and chronic health conditions

- Draws on cellular medicine, genetics, quantum physics, and consciousness studies to define the real underlying mechanisms of disease and how they can be addressed
- Explains how consciousness influences quantum DNA to erase the

genetic imprint of illness, allowing your body to remember how to function efficiently and effectively • Shares the author's discoveries that enabled her to successfully heal the cellular dysfunction at the root cause of her cancer, tumors, chronic inflammation, and toxicity • Explores consciousness tools to re-encode DNA and includes detailed scripts for techniques that readers can apply to their own healing journeys Drawing on new advancements in quantum physics, cellular medicine, genetics, and consciousness studies, as well as her own journey of self-healing from a number of challenging health conditions, Althea S. Hawk reveals how you can consciously influence your DNA and re-encode it to improve your health and alter your genetic destiny. Sharing

the discoveries that enabled her to successfully heal from her cancer, tumors, toxicity, and inflammatory-related conditions, the author explains how genes are not solely responsible for creating disease. She shows how human physiology interacts with the quantum energies of our external and personal environments and how the resulting information triggers the development and persistence of disease and chronic conditions. We each inherit susceptibilities, but it is our unique experience of these environmental factors, as well as our beliefs, thoughts, and emotions, that alter the way our genes are expressed. Detailing how our DNA is both quantum-energetic and biological-chemical, Hawk explains how your environment and your

consciousness influence your quantum DNA, which in turn interacts with your biological DNA. By working directly with energetic information that affects how your quantum and biological DNA communicate, you can alter the expression of your genes by re-encoding the gene sequences on your physical DNA, erasing the imprint of illness and enabling your body to remember how to function properly. Hawk explores consciousness tools and mind-body techniques to re-encode your DNA, such as sound and breathing work, DNA marker removal, recalibration of Akashic information, and cellular communication exercises that readers can apply to their own healing journeys.

Anne Brewer, a corporate marketing

consultant, was stunned when she began receiving telepathic messages from a group of friendly non-physical beings sent to help raise the consciousness of Earth. According to these beings, in eons past, humans were created with only two active strands of DNA which limited our evolutionary potential and inhibited the ability to ascend or function as Spirit in physical form. They taught her a process called 12-Strand DNA Recoding that she has shared with thousands in her book, *The Power of Twelve, A New Approach to Empowerment Through 12-Strand DNA Consciousness*. Anne's remarkable true story of her DNA Recoding is of great assistance to all of us who desire to achieve our full potential. Her transformative process includes powerful

channeled instruction and holistic balancing modalities to quicken manifestations and clear the path to love. The power of the 12-strand DNA energy is illustrated through Anne's examples of how she obtained greater health, wealth, and happiness in her own life. This power will increase your energy vibration which enables you to operate at a greater potential, increase your psychic abilities, release debilitating emotions of fear and guilt, quicken your skills for manifesting, and enable you ultimately to ascend from the Earth realm to the next phase of your soul growth.

Tapping into the current trend of a new view of genetics exemplified in books

like The Biology of Belief, Margaret Ruby, herself a healer, shows how this research is becoming increasingly mainstream. In The DNA of Healing, Margaret Ruby teaches how to neutralize the negative patterns handed down through our family lineage and reprogram the DNA with positive patterns that manifest health, wellness, and abundance. Revolutionary scientific research is proving that our emotions and thoughts can impact our health and shape the course of our lives. But if a positive attitude is all we need to live a healthier and happier life, why don't more people change more quickly? The answers lie deep in our DNA. Along with the color of our eyes and the shape of our nose, we have inherited the emotional patterns and beliefs of our

ancestors. Like long-lost family secrets, these deeply embedded patterns influence our health, wealth, and relationships in ways we're not even aware of. Margaret Ruby, a pioneer and educator in the field of healing and the founder of PossibilitiesDNA, has developed a system for isolating and reversing inherited traumas and negative patterns. The DNA of Healing reveals her breakthrough five-step process that has helped people around the world neutralize the unconscious programming they have inherited and reset their genetic codes for total wellness and abundance. Blending the art of healing with cutting-edge research, Margaret Ruby shows how to work with your DNA on an energetic level, in effect rebooting it to its original

blueprint. This extraordinary system allows you to reprogram your DNA with positive patterns--a concept that has tremendous ramifications for more than just your health. The DNA of Healing also shows how you can remove your self-limiting thought patterns about relationships and money, helping you get the abundant life you've always wanted.

What would it mean to discover that everything from the DNA of life, to the future of our world, is based upon a simple Reality Code—one that we can change and upgrade by choice? New revelations in physics and biology suggest that we're about to find out! A

growing body of scientific evidence suggests that our universe works like a Consciousness Computer. Rather than the number codes of typical software, our Consciousness Computer uses a language that we all have, yet are only beginning to understand. Life's reality code is based in the language of human emotion and focused belief. Knowing that belief is our reality-maker, the way we think of ourselves and our world is now more important than ever! For us to change the beliefs that have led to war, disease, and the failed careers and relationships of our past we need a reason to see things differently. Our ancestors used miracles to change what they believed. Today we use science. The Spontaneous Healing of Belief offers us both: the miracles that open the door

to a powerful new way of seeing the world, and the science that tells us why the miracles are possible, revealing: why we are not limited by the "laws" of physics and biology as we know them today. Once we become aware of the paradigm-shattering discoveries and true-life miracles, we must think of ourselves differently. And that difference is where the spontaneous healing of belief begins.

When we enter a theta brain state, we are able to connect to the Creator of All That Is-in this state, we download incredible knowledge that has the power to heal us from the inside out.

ThetaHealing is a revolutionary healing modality that utilizes focused prayer in

combination with theta brain waves to enable powerful shifts in subconscious beliefs, transforming them into new, positive patterns and habits. The one requirement that is absolute with ThetaHealing is the central belief in an energy that flows through all beings- The Creator of All That Is. ThetaHealing does not subscribe to any religion and can be used by anyone of any background and religious persuasion. The Creator goes by many names- God, Allah, Life Force, Yahweh, Goddess, Holy Spirit, Jesus, Source, etc. Whatever name you use for it, it is the driving force of all life on Earth, and the energy that we connect to in a theta brain state to activate spiritual, emotional, and physical healing. In her first book, Vianna explained the step-by-step processes of

ThetaHealing-belief work, feeling work, digging work, and gene work-and offered an introduction to the seven planes of existence. In this book, she gives detailed instructions to connect to the Creator when we have climbed through the seven planes, and, most importantly, the fascinating knowledge that the Creator then shares with us in that state. This knowledge first changed Vianna's life in 1995 and has since transformed thousands of people's lives.

Practiced by millions in China to release stress and maintain robust health, Dragon and Tiger qigong is also used to help prevent and heal cancer and to mitigate the effects of radiation and chemotherapy. It uses simple body movements to accomplish the same chi balancing as acupuncture. Each movement is designed to stimulate not just a single meridian but groups of meridians. In Chinese medicine, the tiger is a metaphor for a strong, healthy liver and powerful muscles, and the dragon is a metaphor for healthy and strong lungs. The Dragon and Tiger form accomplishes three major changes in the body necessary for healing: it releases stagnant chi energy; increases the speed, strength, and evenness of the

circulation of chi, blood, and other fluids; and quickly raises the body's energy levels to boost its natural healing capacities.
