Two years
have passed
since Dorian
began his
training in
Japan.

Stronger and
wiser than
ever, he
returns to New
York where he
is met with
dire news. A
dark storm is
rolling in to
blanket the
Earth until all
life is snuffed
out. Dorian
had heard
prophecies of
an ancient evil
bent on
resetting the
world from
immortal
beings that
were present
the last time it
rose. He must
now decide
between using
his newfound
strength to

save himself, or fight against the tide for the humans that would never accept him. New and familiar faces join the fray as Dorian's journey takes him across the globe, but not all of them are there for the same reasons. Dorian is quick to learn that the darkest corners do not compare to the bottomless depths of a corrupt mind as innocent lives begin to disappear, swallowed by the shadows themselves.

What manner of demon or deity awaits Dorian and his allies once the lights go out? **The Allies of Humanity Book Four** Lulu.com This is not a story of chance but one of the legacy of a bio-engineer who made one colossal error. When Halbolival created its own slave armies it failed to realise the nature of the majority DNA utilised in that diabolical project. And it was ignorant

of the existence of that same DNA in one planet harvested by its clan. By bringing together the slaves created in its laboratories with the progeny of ancient settlers on Earth, Halbolival set the scene for the only creditable resistance to Vinctalin rule in the galaxy. has been stolen. It now rests in the hands of two evil vampires. The two who command the Stone become super vampires. They cannot be destroyed. The fate of immortal humanity hangs in the balance as the vampires set into motion, the takeover of the world. Jadyn cannot destroy them, but when they threaten Christopher's life she races against time to discover a solution to the disaster that the middle

realm now finds itself caught up in. Christopher and Jadyn travel to Washington, DC in search of clues that may lead them to the answers that they seek. There, Jadyn discovers allies she never dreamed of meeting. Meanwhile, Christopher finds himself undergoing a mysterious transformation that has him craving blood once again, calling him back to the dark side of the vampire.

After he nearly attacks Jadyn, he leaves his beloved wife and unborn child and sets out on his own to uncover the mystery behind his change. What he discovers is not what he expected. Jadyn is now left on her own to find a way to fight the two super vampires. Alone for several days she realizes that she is dying, for her bond to Christopher has strengthened to such a degree that

she cannot live without him. As she slowly fades away from life, she continues to fight to uncover a way to save immortal humanity from certain destruction. How will she defeat the evil without Christopher? How will she survive without him? What if he returns to the evil side of the vampire? How can she stop something that cannot be destroyed? Has the Guardian finally met her

match?

 Amateur astronomer George Abooli encounters friendly aliens and goes on an interstellar voyage to their home planet. He finds out they've been studying Earth and want to make contact with the humans. But a new Middle East dictator launches terrorist attacks against America, already besieged by natural disasters and

a collapsed economy. War breaks out in 2012 with the threat of a nuclear holocaust. Concerned about humanity's future, George persuades the aliens to become allies in the War on Terror, but the outcome is not assured, as the dictator has a plan of his own.

The war against the Link Empire continues. Jain and the Void Warriors struggle to secure the allegiance of the Banthar and Tyrnari. Without these key alien allies, the war will be lost, as humanity lacks the resources to face the empire alone. Unfortunately, the Link has no intention of allowing humanity to form such an alliance, and the leaders of

the malevolent empire will do everything in their power to subvert him. It's going to take some sly political maneuvering on Jain's part to see the alliance through. Not to mention a few well-placed plasma blasts. Book two of a full-length military science fiction trilogy, *The Alliance* ends in a cliffhanger. Book three will be available next week. *Jinny Versus the Darkthings, Vol. 1, Book*

 A fast-paced, captivating epic fantasy from Benjami Lebert, one of Germany's most talented authors! wo messengers, six allies, one fight for survival! A gateway to a world of the past, of vanished names, hopes and dreams has opened in the depths of the Black Forest. Two messengers

have come to our present from the immense sunken realms of time. Tristan is the messenger of doom. Martha is the messenger of preservation. They used to be lovers, now they are sworn enemies. They have come together to fight one final, decisive battle. But they cannot fight this fight alone. Both must win allies to fight by their side. Time is of the essence and there can only be a few -

everything revolves around the eight, a mystical number that refers to infinity. Tristan and Martha must search the Black Forest to find six comrades-in-arms to join their fight. Ultimately, five fighters for doom and three fighters for preservation will face each other. And the battle of the eight will continue until only one of them is left and the fate of humanity is sealed. For

many years Benjamin Lebert has been one of the most interesting literary voices in Germany. - Joachim Scholl, Deutschlandradio Kultur In short chapters with many changes of perspective, preliminary interpretations and cliff hangers, Benjamin Lebert creates a rapid narrative pace at which he seldom decelerates. Atmospherically dense, he describes uncanny encounters in

the forest, and in a sometimes very poetic language he lets the reader participate in the emotional world of the protagonists. - Deutschlandfunk Kultur *The Vinctalin Legacy Survival: Book 2 Sacrifice At Empire* In 2017, Michael completed the first book in his planned trilogy, From Physical to Metaphysical in Four Steps and One Giant Leap where he explored how we can separate from our

materialistic attachment by seeing past our bodies, our emotions, and our thoughts. After these three "steps," Michael illustrated how by enhancing and refining our life energy, we can take "one giant leap" into metaphysical consciousness . In *Places Beyond Belief*, he expands on the concepts raised in the first book and also details some of his out-of-body experiences (OBE) that offer direct

evidence of how the non-physical envelops our material reality. Michael also tells the story of how encounters in material reality with ghosts, qigong masters, psychics, a "living Buddha," and extraterrestrials prepared him for having OBEs. Building on the events covered in the first book, Michael recounts how in trying to uncover the true nature of his UFO experiences, he turned to

using OBEs as a way to find answers about the reality of the beings he encountered. What he found was not what he expected and led to his discovery of the field of spirit-release therapy and the large body of psychological literature that the subject has produced since William Baldwin's Spirit Releasement Therapy: A Technique Manual was published in 1995. While disclosing intimately personal

experiences to illustrate his points, Michael also takes time to discuss the big issues of the day, highlighting how personal and spiritual development is intricately linked to how well we live in the material world. Coming three years after his first book, Places Beyond Belief follows Michael's journey deeper into the metaphysical world that he was only first discovering when he wrote One Giant

Leap. By daring to let direct experience be the guide, Michael went to places beyond belief, and came back to write about it.

COUNTERSTRIKE
When the alien war engulfing a distant planet spilled to Earth through a network of hidden portals, humankind was plunged into an apocalyptic, generations-old conflict between the

Plysserians and the Chodrecai. Now, months after Earth's most powerful military forces formed a tenuous alliance with the Plysserians and countered a devastating, three-pronged Chodrecai offensive, alien survivors continue to wreak havoc on a shell-shocked Earth. Martial law and civil unrest run rampant. Resistance cells and pockets of Chodrecai sympathizers are gathering

strength. And two U.S. Marines—Sergeant Major Simon DiCarlo and Sergeant Belinda Russell—remain trapped on the alien planet of Jontashreena. Now, as human and Plysserian scientists and engineers race to unlock the intergalactic portals and harvest alien technology, Earth prepares for the most explosive battle for its existence. Joining the war effort are

recruits like young Colin Laney, who will advance from Marine boot camp to the forefront of a massive invasion on alien terrain—with the fate of two worlds hanging in the balance.

The Synchronicity War Part 3
Society for the New Message
The Allies of Humanity are a group of individuals from several different worlds who came to the vicinity of the Earth to observe the alien

Intervention that is occurring in our world and to report on the activities of this Intervention and its implications for the human race. The Allies of Humanity Briefings reveal the reality of Contact occurring in the world today. This fourth set of Briefings focuses on freedom in the universe, how it is achieved and maintained, and the restraint humanity

must exercise in order to become a free race in the universe. The Allies also reveal a spiritual coordination, which supports spiritual development, awareness, unity and freedom in the universe. The Allies Briefings emphasize that we can understand the reality of Intervention from our own experience of colonization and conquest here on Earth. Our history has shown us the evidence of intervention

from one culture upon another, from one nation upon another, repeatedly over time. This means that our own history and native wisdom can enable us to see and understand who is here and why they have come. Explore these Briefings with an open mind, allow your thoughts to be challenged, allow old beliefs to be overturned if necessary, allow something new and vital and essential to be given to

you.

 With their home world taken, their people being hunted down and a massive new challenge soon to take place, the Advanced Humans are close to defeat. But an injection of the fighting spirit of the primitives of Earth reignites their zeal. While these courageous new combatants join forces with the Vinctalin's

only viable enemy, the peace-loving psychiatrist Dr. Alexander Byefield is left with what should be the positive task of rebuilding society on Earth. They are told that the Vinctalin don't return to their harvested worlds, so how could they have guessed at the horrific fate awaiting Alex and their vulnerable partners?

living through the art of self-mastery. She explains how technology has severely reduced humanity's natural abilities and spiritual power. She shows how EMFs and wi-fi toast our energetic bodily systems and suppress our immune systems, blocking the ethereal frequencies of light and suppressing our creative intuition and higher powers. Detailing the spiritual bio-

geometry of light and the holographic principle, she explores how the cells of our bodies receive light's deeper vibratory frequencies to support conscious evolution and soul development as well as explaining near-death and out-of-body experiences. She identifies the dissonant energies that endanger mind/body health and reveals new advances in brain science that allow us

to transcend the malign influences that hamper human evolution. She provides exercises and techniques for spiritual alignment and receptivity, including psychic cleansing, physical and emotional detox, chakra and aura strengthening, and oracular dreaming.  Thucydides
 has long been
 celebrated for
 the
 unflinching
 realism of his

presentation of political life. And yet, as some scholars have asserted, his work also displays a profound humanity. In the first thorough exploration of the relation between these two traits, Clifford Orwin argues that Thucydides' humanity is not a reflection of the author's temperament but an aspect of his thought, above all of his articulation of the central problem of political life, the tension between right

and compulsion. This book provides the most complete treatment to date of Thucydides' handling of the problem of injustice, as well as the most extensive interpretations yet of the speeches in which it comes to light. Thucydides does not merely display the weakness of justice in the world, but joins his characters in exploring the implications of this weakness for our

understanding of what justice is. Orwin pursues this question through Thucydides' work and relates it to the historian's other leading concerns, such as the contrast between the Athenian way and the Spartan way, the role of piety in political life, the interaction of foreign and domestic politics, and the role of statesmanship in a world dominated by frenzies of hope, fear, and

indignation. Above all, Orwin demonstrates the richness, complexity, and daring of Thucydides' articulation of these issues. Creator's Children Lulu.com

Ethics in Thucydides uses the historian's account of the resolution at Corcyra as the basis for determining a moral or ethical perspective in Thucydides' History. Various scenes, speeches, and narrative descriptions are analyzed

in relation to ethical vocabulary, their conformity to an ethical perspective, and the way in which they promote an ethical outcome. Ethics in Thucydides is ground-breaking because up to this point, scholars have not persuasively argued that ethics played a role in History. Williams' work is an extensive analysis which also considers Thucydides in relation to his

predecessors and contemporaries. *Counterstrike: The Last World War, Book 2* Createspace Independent Publishing Platform

This second set of Briefings from The Allies of Humanity completes a crucial message regarding our vulnerability and potential within the Greater Community, the larger physical universe in which we live. Communicated by a small

group of extraterrestrial observers, the Briefings reveal the true nature and purpose of an extraterrestrial Intervention that has been underway in our world for quite some time. This group of observers represents the Allies of Humanity, an association of free races in the universe who support the preservation of Knowledge and freedom throughout the Greater Community. The Allies

distinguish themselves from the intervening forces that are here by maintaining their distance and not engaging directly with us. Instead, they offer us their wisdom about the realities of life in the universe and a warning about the dangers and consequences of premature human /ET contact. The arrival of The Allies Briefings was the result of a rare convergence of three powerful

forces: the extraterrestrial, the Divine and the human. It was these essential forces that joined to enable The Allies Briefings to be delivered in a form and in a language that can be understood by everyday people. In this one book, each of these voices is represented: the extraterrestrial in the Allies Briefings, the Divine in the Teachers' Commentaries and the human in the

Message from Marshall Vian Summers. It was in December 2000 that Marshall received the entire six briefings of The Allies of Humanity Book Two: Human Unity, Freedom and the Hidden Reality of Contact within 24 hours. The Briefings were delivered very quickly for a reason. The Allies, threatened with being discovered by the Intervention, had to give their second set of

Briefings to Marshall as quickly as possible before escaping to a distant location far from our Solar System. The Allies describe this situation in their Preface to the Second Set of Briefings, which is included in this volume. Since that time, Marshall, along with the support of a growing number of courageous people, has endeavored to study and to bring The Allies of Humanity

Briefings and message to the attention of as many people as possible. This ongoing work represents a vital mission and relies upon the contributions of readers everywhere in order to continue. Whether or not any further Briefings will be sent here by the Allies is as yet uncertain. But what is certain is that the information contained in these two sets of Briefings provides the missing pieces

to our understanding of the extraterrestrial presence in the world today and what we must do to begin to prepare. The Allies emphasize that these Briefings provide us everything that we need to know to begin this preparation with a clear understanding of our situation. We cannot afford to make the same mistakes that so many native peoples have made throughout

the course of our own human history regarding their first encounters with explorers from the outside. We at New Knowledge Library are proud to be able to present what may prove to be one of the most important documents ever published for the advancement, well-being and future of humanity. We recognize that some people may reject this information out of hand

because of its possible association with “channeled” ET messages. However, given the high degree of his personal integrity and the extraordinary quality and relevance of his writings, Marshall’s work stands apart. Truly, the revelations that have come to us through his work may ultimately prove to be as significant as other Divinely-inspired messages in the past that

have impacted the course of human history. We encourage you the reader to seriously explore the crucial message presented in all of these Briefings, in both Book One and Book Two, and to share this message with others. These Briefings represent a unique and greatly needed communication to all the people of our world at this critical turning point. New Knowledge
