Baskets are one of the few things we still haven't learned to mass produce to look as good as handmade. Try your hand at 30 elegant basket styles using splint materials--wood and grass pounded or split into flat strips. Shapes include traditional egg, melon, feather, cradle, oriole, shaker, and others that have all but disappeared from sight. A complete guide to tools, equipment, and materials helps you select splints from rattan, cane, oak and ash, rope, sisal, and sea grass. Learn the old ways of gathering, drying, storing, and soaking splints from trees, bushes, vines, marsh plants, bulbs, grasses, and husks. Get special tips on handles, rims, bases, lids, paints, and dyes. Choose from ribbed styles like the Winged Egg Basket or the Oriole. Or a plaited basket like the Great Lakes, Cherokee, or Shaker. On the island of Nantucket, the Nantucket Lightship Basket developed over many decades into the distinctive basket so highly prized by collectors today. The baskets evolved in the mid-nineteenth century from wooden splint baskets made by Algonquin Indians and were adapted by Nantucketers, who introduced hardwood bottoms, utilized wooden molds, and replaced wooden splints with rattan. The fascinating history of this basket and its makers is richly illustrated with color photographs that detail construction and show beautiful examples of the craft. Special emphasis is given to depicting the rigorous life aboard the New South Shoal lightship, the crew of which produced beautifully constructed baskets, many of which are shown here. The history of the basket is updated to the present day, including the 1940s development of the covered "pocketbook" basket and the work of contemporary basket makers. For the collector, Martha Lawrence provides details to consider in evaluating antique and contemporary baskets. She also takes the reader through easy-to-follow, step-by-step instructions for the construction of a basket, including accurate photographs of the stages crucial to producing an authentic piece. Lightship Baskets of Nantucket is a fascinating study of a craft whose popularity is increasing and whose heritage is as enduring as the baskets themselves.

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing

unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.
