*Best of Five MCQs for the MRCP Part 1* Elsevier Health Sciences

Pre-Clinical Medicine consists of a comprehensive and rigorously developed collection of multiple choice questions (MCQs) and extended matching questions (EMQs), carefully designed to equip you with the medical knowledge and clinical acumen necessary to excel in your pre-clinical exams. Success at medical school demands an in-depth understanding of fundamental scientific principles, as well as the ability to integrate and apply this knowledge in different clinical contexts. Each chapter of this book has been methodically developed in order to help you do just that, with over 500 practice questions in total. By working through these practice questions and the detailed solutions provided, you will enhance your appreciation and understanding of the medical sciences, and significantly improve your clinical reasoning skills, not only making you a better medical student but laying a strong foundation for your future career as a doctor.

*Best of Five MCQs for the MRCP Part 1 Volume 1* Springer Science & Business Media

Prevent, evaluate, and manage diseases that can be acquired in tropical environments and foreign countries with *The Travel and Tropical Medicine Manual*. This pragmatic resource equips medical providers with the knowledge they need to offer effective aid, covering key topics in pre- and post-travel medicine, caring for immigrants and refugees, and working in low-resource settings. It's also the perfect source for travelers seeking quick, easy access to the latest travel medicine information. Dynamic images illustrate key concepts for an enhanced visual understanding. Evidence-based treatment recommendations enable you to manage diseases confidently. This eBook allows you to search all of the text, figures, images, and references from the book on a variety of devices. Highlights new evidence and content surrounding mental health and traveling. Covers emerging hot topics such as Ebola virus disease, viral hemorrhagic fevers, the role of point-of-care testing in travel medicine, and antibiotic-resistant bacteria in returning travelers and students traveling abroad. Includes an enhanced drug appendix in the back of the book.

*Basic Sciences for Core Medical Training and the MRCP* Routledge

Over 200 color figures and concise, readable text guide students through the steps to perform a thorough and effective clinical examination and perform basic practical skills.

*MCQs in Medicine* Oxford University Press

"Structured in the same way as the MRCP part 2 written exam, the two volumes of this self-assessment book together contain over 270 questions based on clinical scenarios which address the more difficult aspects of the medical curriculum. Chapters are divided by clinical specialties. Volume 1 includes: cardiology, dermatology, endocrinology and metabolic medicine, gastroenterology, haematology, and infectious diseases. Volume 2 includes: neurology and ophthalmology, oncology and palliative care, psychiatry and clinical pharmacology, nephrology, respiratory medicine and rheumatology. The first section of each chapter contains a clinical scenario followed by a multiple-

choice, 'best-of-five', question written in the style of the MRCP exam. The second section of each chapter contains the answer, a concise and clear explanation of the reasoning behind the given answer being correct, as well as a comprehensive tutorial on the subject matter which uses high-quality diagrams and tables to help readers absorb and retain information quickly and orderly. References for further reading are also then given for those interested in a broader review"--

**Multiple Choice Questions Related to the Oxford Textbook of Medicine** Oxford University Press

EMQs and MCQs for Medical Finals is a unique revision and study tool for Final Examination preparation. Practice questions cover a variety of key topics in both medicine and surgery, with the mixture of questions reflecting the general weighting in real exams. Comprehensive answer notes are provided for each question, explaining why a particular answer is correct and why others are not. Useful mnemonics and tips on remembering key facts help to consolidate learning.

**Mayo Clinic Internal Medicine Board Review Questions and Answers** Oxford University Press  
Specifically designed to help candidates revise for the MRCS exam, this book features 350 Single Best Answer multiple choice questions, covering the whole syllabus. Containing everything candidates need to pass the MRCS Part A SBA section of the exam, it focuses intensively on the application of basic sciences (applied surgical anatomy, physiology, and pathology) to the management of surgical patients. The high level of detail included within the questions and their explanations allows effective self-assessment of knowledge and quick identification of key areas requiring further attention. Varying approaches to Single Best Answer multiple choice questions are used, giving effective exam practice and guidance through revision and exam technique. This includes clinical case questions, 'positively-worded' questions, requiring selection of the most appropriate of relatively correct answers; 'two-step' or 'double-jump' questions, requiring several cognitive steps to arrive at the correct answer; as well as 'factual recall' questions, prompting basic recall of facts.

*Mayo Clinic Internal Medicine Board Review Questions and Answers* iUniverse

*Best of Five MCQs for the MRCP Part 1* volumes 1-3 offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, each volume features 375 high-quality practice questions on each of the medical systems and specialties in alphabetical order. Volume 3 features Best of Five questions on nephrology, neurology, psychiatry, respiratory medicine, and rheumatology. All 375 questions contain questions written and reviewed by successful candidates and previous examiners, and are accompanied by detailed explanations and further reading, ensuring complete and successful revision for this challenging exam. Matched to the latest Royal College curricula in coverage and format, this dedicated resource provides readers with an accurate, authoritative and evidence-based companion to the MRCP Part 1.

**MCQs in Travel and Tropical Medicine** CRC Press

Specifically written for those preparing for examinations and practitioners in travel medicine, 'MCQs

in Travel Medicine' contains over 600 multiple choice questions with detailed explanations which both teach and challenge the reader.

**Oxford Assess and Progress: Clinical Medicine** Oxford University Press

Preparing to Pass the FRCA: Strategies for Exam Success equips you with the skills of effective revision and time management to maximise your success. The book takes each element of the FRCA exam and provides tips and techniques on how to approach the different types of questions, and includes worked examples with answers, so that you can undertake your revision accordingly. It will help you to target your revision so you can cover the breadth of topics in the FRCA syllabus and ensure that you structure your revision in an efficient way, as well as helping you to approach the exam and convey your knowledge through writing or speech correctly. Taking many common problems candidates face when preparing for this exam, the book covers motivation, effective studying, managing nerves, and scheduling time to study amongst other commitments.

*McQs in Travel and Tropical Medicine* Oxford University Press

Maps onto the SAQs, EMQs and MCQ school curriculum as set out by the GMC. Covers each module individually but also integrates other medical disciplines into the questions, helping students to think laterally as well as thoroughly revising each module. Minimum of 4 SAQs, 7 MCQs and 3 EMQs in each chapter

*Best of Five MCQs for the Acute Medicine SCE* Oxford University Press

Specifically written for those preparing for examinations and practitioners in travel medicine, MCQs in Travel Medicine contains over 600 multiple choice questions with detailed explanations which both teach and challenge the reader. Questions are group by topic which is ideal for revision, enabling you to focus on specific areas including adventure travel, travellers' diarrhoea, malaria, sexually transmitted disease, and drugs used in travel medicine. The style and format of the questions mirror the format of the exam questions, and the book includes a self-test to aid revision. This easy-to-read comprehensive book is ideally suited for those in busy day-to-day practices and those preparing for examinations in travel medicine including the Certificate Exam of the International Society of Travel Medicine.

*Clinical Medicine* Oxford University Press

Best of Five MCQs for the MRCP Part 1 volumes 1-3 offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. All 375 questions contain questions written and reviewed by successful candidates and previous examiners, and are accompanied by detailed explanations and further reading, ensuring complete and successful revision for this challenging exam. Matched to the latest Royal College curricula in coverage and format, this dedicated resource provides readers with an accurate, authoritative and evidence-based companion to the MRCP Part 1.

**Pathologies of Travel** Scion Publishing

Prepare with confidence for the FFICM and EDIC with this dedicated guide featuring 300 original

multiple choice (MCQ) and single best answer questions (SBAs) covering the whole FICM curricula. Organized into ten practice papers so readers can practice the style and format of the real exam, questions cover a broad range of intensive care topics for postgraduate exams. Each answer includes a full explanation, up-to-date evidence-based guidelines and sources for further reading to ensure high-quality self-assessment. Written by a team of consultants, these original and high-quality questions have been developed over years of clinical experience. This invaluable resource provides intensive care medicine trainees with an ideal companion for the FFICM and EDIC and other postgraduate critical care exams.

**Oxford Handbook for Medical School** Oxford Specialty Training: Rev

This volume offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination.

*Preparing to Pass the FRCA* Oxford University Press

This question-and-answer companion to Mayo Clinic Internal Medicine Board Review, 10th Edition, tests physicians and physicians-in-training on all relevant material related to the goals set forth by ABIM to ensure the success of internal medicine clinicians. By dividing each chapter according to a major subspecialty and with every question structured as a mock clinical interview, Mayo Clinic Internal Medicine Board Review: Questions and Answers is the perfect study tool for physicians-in-training and practicing clinicians preparing themselves for board examinations in internal medicine.

**1000 MCQs for Davidson's Principles and Practice of Medicine** iUniverse

QBase Medicine gives 5 sets of examination papers and comes with a free CD-ROM.

**MCQs and SBAs in Intensive Care Medicine** Oxford University Press

Medical school is full of unfamiliar and often frightening experiences for students. In the first year, a student must move away from home, balance personal finances, assimilate large volumes of information, learn practical skills, pass high stakes exams, and face a range of unique experiences. The Oxford Handbook for Medical School provides an essential, practical guide for all students, whether you have just received your offer, you're eager to succeed on the wards, or you're about to start your final exams. This handbook includes quick-access summaries covering the crucial information for your preclinical years and for each clinical specialty. With bullet lists of the key information you need to know, and helpful mnemonics throughout, this is a concise yet thoroughly comprehensive guide. Written by a team of recent students, now successfully graduated and embarking on their careers, this book will be your closest companion right up to graduation. More than a survival guide, it will help you navigate the bewildering range of opportunities medical school offers, showing you how to make the most of your time, so you are fully prepared for your future career.

**SBA MCQs for the MRCS** W.B. Saunders Company

Offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, each volume features 375 high-quality practice questions on each of the medical systems and specialties in alphabetical order.

*EMQs and MCQs for Medical Finals* Oxford University Press

Single Best Answer (SBA) examinations are an increasingly popular means of testing medical

students and those undertaking postgraduate qualifications in a number of subject areas. Written by a final year medical student, junior doctors and experienced clinicians, 500 Single Best Answers in Medicine provides invaluable guidance from authors who unde

**Emergency Medicine MCQs** Cambridge University Press

This third edition is expanded, revised and largely re-written. However the aim remains the same and it is hoped that anyone involved in Travel or Tropical Medicine will find the contents interesting, stimulating and helpful. As before it is divided into easy-to-read sections with clear answers that sometimes encapsulate whole diseases. The four-part question format is retained in order to aid those intending to take Certificate or other exams in Travel Medicine. The correct answer to each

question is that which is generally accepted as the best one. Nonetheless the reader may quibble with some answers and the author is always happy to accept sound advice and change accordingly. Travel Medicine has a broad canvas. It cuts across the boundaries of Infectious Diseases, Internal Medicine, Tropical Medicine, Geographical Medicine, Aviation and Refugee Medicine. Because of this the few Textbooks we have Travel Medicine are large and difficult to digest. This little book attempts to set down in concise form the essential elements of Travel Medicine in a way that is easy to read yet challenging. These pages certainly invite the reader to share in excitement and wonder of this fascinating subject.
