Aventuras de Nuestra Historia Palala Press

En esta obra, un grupo de medievalistas realiza un balance de la enseñanza de la Historia Medieval en las aulas de los institutos de secundaria a través de uno de los principales materiales a disposición de los profesores: los libros de texto. A través de ellos, se trata de constatar qué tendencias

están presentes en la docencia de la historia medieval en la enseñanza secundaria, y si esa Historia Medieval responde adecuadamente a la renovación de las tendencias historiográficas y docentes de los últimos treinta años en España. Además, se proporcionan materiales que el profesor pueda utilizar con sus alumnos, tanto bibliográficos como gráficos y audiovisuales,

con una especial incidencia en los trabajos prácticos a través de Internet y de los videojuegos.
