Hodder Education

Aiming for your very best grades in AQA GCSE Physics? This revision guide will support you every step of the way. My Revision Notes (for A* to C): AQA GCSE Physics will help you revise effectively in the way you want to, allowing you to plan and pace your revision according to your learning needs, and to adapt and personalise with your own notes. Written by experienced teachers and examiners, you can be confident that this guide will cover only the facts and ideas you will be expected to recall and be able to use. With My Revision Notes (for A* to C): AQA GCSE Physics, essential facts are organised into memorable portions to

make revising easier. Each double-page spread summarises a key topic for AQA GCSE Physics and is packed with questions and quick-fire quizzes so you can test your understanding and track your progress. Exam tips and hints then show you how to avoid losing marks and get the best grades. With additional online support and advice on using terms and applying your scientific skills, this guide will help you prepare for your top grades.

My Revision Notes: AQA GCSE (9-1) Chemistry Hodder Education

A knowledge of atomic theory should be an essential part of every physicist's and chemist's toolkit. This book provides an introduction to the basic ideas that govern our understanding of microscopic matter, and the essential features of

atomic structure and spectra are presented in a direct and easily accessible manner. Semi-classical ideas are reviewed and an introduction to the quantum mechanics of one and two electron systems and their interaction with external electromagnetic fields is featured. Multielectron atoms are also introduced, and the key methods for calculating their properties reviewed. *Atomic Structure* Hodder Education
