"A stunningly atmospheric fantasy that doubles as an exceptional character study . . . we can't wait to see where Dabos takes it next." —Entertainment Weekly ("The 10 Best YA Books of 2018")
 One of Publishers Weekly's Best YA Books of the Year A National Indie Bestseller Lose yourself in the fantastic world of the arks and in the company of unforgettable characters in this French runaway hit, Christelle Dabos' The Mirror Visitor quartet. Plain-spoken, headstrong Ophelia cares little about appearances. Her ability to read the past of objects is unmatched in all of Anima and, what's more, she possesses the ability to travel through mirrors, a skill passed down to her from previous generations. Her idyllic life is disrupted, however, when she is promised in marriage to Thorn, a taciturn and influential member of a distant clan. Ophelia must leave all she knows behind and follow her fiancé to Citaceleste, the capital of a cold, icy ark known as the Pole, where danger lurks around every corner and nobody can be trusted. There, in the presence of her inscrutable future husband, Ophelia slowly realizes that she is a pawn in a political game that will have far-reaching ramifications not only for her but for her entire world. The World of the Arks Long ago, following a cataclysm called the Rupture, the world was shattered into many floating celestial islands, now known as arks. Over each, the spirit of an omnipotent and immortal ancestor abides. The inhabitants of these arks each possess a unique power. Ophelia, with her ability to read the pasts of objects, must navigate this fantastic, disjointed, perilous world using her trademark tenacity and quiet strength.

A NEW YORK TIMES BESTSELLER! AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT "Katherine May

opens up exactly what I and so many need to hear but haven't known how to name." —Krista Tippett, On Being "Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book." —Elizabeth Gilbert "Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark...May is a clear-eyed observer and her language is steady, honest and accurate—capturing the sense, the beauty and the latent power of our resting landscapes." —Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. Wintering explores how she not only endured this painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately Wintering invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season.

Additionally, an XML file has been included with archaeological evidence of fossilized giant humans found throughout the world. All known fragments of the Book of Giants has been included in this edition along with a listing of external references to Enoch in other manuscripts such as the Book of Jubilees and other Scriptures. A unique publishing adventure: *Natural Law*, a novel about the world in a distant time, written by the phenomenal Solomonica de Winter. Solomonica is Dutch and writes in English; this English-language edition will be published first exclusively in the Netherlands and Flanders. In New America, people live divided into four different rival nations according to Natural Law. The world as we know it no longer exists, and life is hard and bleak, but, most importantly, it is a world without written record.

Continuous war renders peace impossible, and amid all this chaos Gaia Marinos is trying to hide. She is a survivor, a mutant, hiding from the nations that are trying to kill her. When they discover Gaia, her most crucial mission is to find the world's last books, but how far is she willing to go? *Natural Law* is a thought-provoking and intense story about the rise and downfall of a heroine in a sinister world. Solomonica de Winter (Bloemendaal, 1997) has lived in the United States, Israel, and Italy, and is currently living in Amsterdam again. Her first novel, *Over the Rainbow*, was an international bestseller. About *Over the Rainbow*: 'I read *Over the Rainbow* with great admiration.' Ronald Ockhuysen - *Het Parool* 'Over the Rainbow is incredibly cool, serene, stylish and solidly told. (...) It is barely imaginable that this was written by a sixteen-year-old.' *Frankfurter Allgemeine Zeitung* 'Over the Rainbow transcends the young adult novel. For the sixteen-year-old that she is, she is remarkably experienced. She writes cinematically and evocatively, and uses beautiful metaphors.' *De Morgen*

The Drums of Winter is a sweeping epic, a family saga, a novel of history. Set in the time of the American Revolution, it details the decline and fall of a great family, the proud love of a noble woman, a young man's search for his true father, and a conflict between brothers which moves from Europe to American and climaxes in one of the decisive battles of the Revolutionary War. The Haynows are the most powerful family in Hessia. Baron Haynow is a strong, self-made man, deeply in love with his wife, Anna, whom he rescued from poverty twenty years before. When the American colonists rebel against the British, it seems at first a chance to increase the Haynow family power by monopolizing the American tobacco trade. Then an intrusive figure from the past appears, resurrecting old loves, old jealousies. Anna learns that her first husband, long believed dead, is still alive in America—and that Haynow has withheld his letters from her. The revelation sets in motion a chain of conflicts that shatter the Haynow family. How these conflicts are resolved on the battlefields of the American Revolution—with Robert a mercenary under the command of his hated brother, Claus; and Anna risking death in search of her first love—provides the unexpected climax to this rich and compelling novel.

The papers compiled in the present volume aim at investigating the many fruitful manners in which cognitive linguistics can expand further on cognitive translation studies. Some papers (e.g. Halverson, Muñoz-Martín, Martín de León) take a theoretical stand, since the epistemological and ontological bases of both

areas (cognitive linguistics and translation studies) should be known before specific contributions of cognitive linguistic to translation are tackled. Several works in the volume attempt to illustrate how some of the notions imported from cognitive linguistics may contribute to enrich our understanding of the translation process in a general translation problem such as metaphor (e.g. Samaniego), the relationship between form and meaning (e.g. Tabakowska, Rojo and Valenzuela) or cultural aspects (e.g. Bernárdez, Sharifian/Jamarani). Others use translation as an empirical field to test some of the basic assumptions of cognitive linguistics such as frames (e.g. Boas), metonymy (e.g. Brdar/Brdar-Szabó), and lexicalisation patterns (e.g. Ibarretxe-Antuñano/Filipovi?). Finally, another set of papers (e.g. Feist, Hatzidaki) opens up new lines of investigation for experimental research, a very promising area still underdeveloped.

This powerful book tells the story of Anne Skorecki Levy, a Holocaust survivor who transformed the horrors of her childhood into a passionate mission to defeat the political menace of reputed neo-Nazi and Ku Klux Klan leader David Duke. The first book to connect the prewar and wartime experiences of Jewish survivors to the lives they subsequently made for themselves in the United States, *Troubled Memory* is also a dramatic testament to how the experiences of survivors as new Americans spurred their willingness to bear witness. Perhaps the only family to survive the liquidation of the Warsaw Ghetto as a group, the Skoreckis evaded deportation to Treblinka by posing as Aryans. The family eventually made their way to New Orleans, where they became part of a vibrant Jewish community. Lawrence Powell traces their dramatic odyssey and explores the events that eventually triggered Anne Skorecki Levy's brave decision to honor the suffering of the past by confronting the recurring specter of racist hatred.
