Assimil El Alemán Lingo Mastery
This book aims to take users from scratch to having a solid base in Hungarian within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of Hungarian. The

method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

This tract looks at the politics of

language in India through a study of the history of one language Hindi. It traces the tragic metamorphosis of this language over the last century, from a creative, dynamic, popular language to a dead, Sanskritised, dePersianised language manufactured by a self-serving upper caste North Indian elite, nurturing hegemonic ambitions. From being a symbol of collective imagination it became a signifier of narrow sectarianism and regional chauvinism. The tract shows how this transformation of the language was tied up with the politics of communalism and regionalism.

Do you know what the hardest thing for
a Dutch learner is? Finding PROPER
reading material that they can
handle...which is precisely the reason
we've written this book! Teachers love

giving out tough, expert-level literature to their students. Books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book, we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the beautiful Dutch tongue. How Dutch Short Stories for Beginners works: - Each story is exciting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Dutch and in English of what you just read, both to review the lesson and for you to see if you understood what the

tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Dutch, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating!
