 2020 IBPA Awards Winner! Mask presents a striking collection of rare masks steeped in ancient tradition, captured through the lens of one of the world's most celebrated documentary photographers. Celebrated photographer Chris Rainier has

documented indigenous and endangered cultures worldwide. What began as a focus on the masks of New Guinea—where modernity threatened to erase ancient rituals and cultures—became an expansive journey to find and photograph traditional masks that has taken Rainier across six continents over the past thirty years. The result is this mesmerizing photographic collection of masks—some of them ancient, some newer, many hidden at the edges of the known world and rarely revealed to outsiders. Traditional masks are so often seen behind the glass of museum cabinets, divorced from their spiritual significance. But the masks in this collection are still being danced today, in countless cultures all over the world. Rainier conveys them pulsing with the rhythms of life, full of power and spiritual relevance. Through his stunning photography—at once mysterious and unguarded—Rainier takes us on a pilgrimage to experience masks and mask rituals: from those found at initiation rituals in Burkina Faso to Bön Buddhist masks long hidden in a Nepalese monastery in the high Himalayas, the raven and bear regalia of North American First Nation potlatches, and the terrifying, child-chasing Krampus masks of the Austrian Alps. Accompanying these striking images are a foreword by renowned

essayist Pico Iyer, ethnographic notes from anthropologist Robert L. Welsch, and fascinating stories recounting Rainier's journeys to distant lands to preserve and celebrate these objects of beauty and power and the cultures that produce them.

This dazzling volume collects some of the most interesting emerging photographers working in the field of fashion, showing how they navigate the delicate balance between art and commerce. The interaction between photography and fashion has always been compelling—how can artists balance commercial viability against their own creative vision? In this collection of cutting edge fashion photography, full-page color and black-and-white photographs represent an incredible range of styles and techniques—from Jeff Burton's lush Hollywood-style scenarios to Viviane Sassen's gorgeous African shots. As the notion of the "fashion photographer" becomes less distinct, the industry is benefitting from the incredible talents of artists whose influence leads the genre into a multitude of surprising, often shocking, directions. The photographers featured in this exciting collection represent a cutting-edge trend in all its diversity.

Charles Jackson's novel *The Lost Weekend*—the story of five disastrous days in the life of an alcoholic—was published in 1944 to triumphant success. Although he tried to escape its legacy, Jackson is often remembered only as the author of this thinly veiled autobiography. In *Farther & Wilder*, the award-winning biographer of Richard Yates and John Cheever goes deeper, exploring Jackson's life—from growing up in the scandal-plagued village of Newark, New York, to a career in Hollywood and friendships with everyone from Judy Garland and Billy Wilder to Thomas Mann and Mary McCarthy. This is the fascinating biography of a writer whose life and work encapsulated what it meant to be an addict and a closeted homosexual in mid-century America, and who was far ahead of his time in bringing these forbidden subjects into the popular discourse.

Each year, throughout Europe, from Scotland to Bulgaria, from Finland to Italy, from Portugal to Greece via France, Switzerland and Germany, people literally put themselves into the skin of the "savage," in masquerades that stretch back centuries. The rituals are centuries old and celebrate the seasonal cycle, fertility, life, and death. By becoming a bear, a goat, a stag, a wild boar, a man of straw, a devil, or a monster with jaws of steel, these people celebrate the cycle of life and seasons. The costumes amaze with their extraordinary diversity and prodigious beauty. Work on this project took leading French photographer Charles Fréger to eighteen European countries in search of the mythological figure of the Wild Man.

These essays trace the myth of the wild man from the Middle Ages to its disintegration into symbol in the periods following the discovery of America and encounter with real "wild men." This is the first book to discuss the concept of wildness in the writings of the Enlightenment period in Western Europe and the first to attempt a broad, interdisciplinary approach to the subject of primitivism, not only from a strict "history of ideas" approach, but through discussions of individual works, both literary and political, and encompassing various subject matter from racism to the origins of language. Contributors: Richard Ashcraft; Ehrhard Bahr; John G. Burke; Earl Miner; Gary B. Nash; Stanley Robe; Geoffrey Symcox; Peter Thoralev; Hayden V. White, and the editors.

Just because you're really small doesn't mean you can't have a big heart. When the diminutive Dot stands up to a bully on behalf of an even smaller friend, she proves how big she can truly be. Dot is the smallest person in her family and at school; even her name is small! People often mistake her for being younger than she is, but not when she tells them the square root of sixty-four is eight, nor when she orders from the grown-up menu at restaurants or checks out the hard books at the library. She may be small, but she's not little. When a new boy named Sam joins Dot's class, she wonders if he's even smaller than she is. When she sees him getting bullied by a mean kid twice his size, she knows she has to do the big thing and stand up for him. Maya Myers's debut picture book has a pitch-perfect voice that captures the inimitable Dot in all her fierceness, and Hyewon Yum's delightful pastel-hued artwork is its perfect complement. A Times Literary Supplement Book of the Year, chosen by Tom Stoppard "A revelation."—Marc Weingarten, Washington Post
Acclaimed film director Billy Wilder's early writings—brilliantly translated into English for the first time
Before Billy Wilder became the screenwriter and director of iconic films like *Sunset Boulevard* and *Some Like It Hot*, he worked as a freelance reporter, first in Vienna and then in Weimar Berlin. Billy Wilder on Assignment brings together more than fifty articles, translated into English for the first time, that Wilder (then known as "Billie") published in magazines and newspapers between September 1925 and November 1930. From a humorous account of Wilder's stint as a hired dancing companion in a posh Berlin hotel and his dispatches from the international film scene, to his astute profiles

of writers, performers, and political figures, the collection offers fresh insights into the creative mind of one of Hollywood's most revered writer-directors. Wilder's early writings—a heady mix of cultural essays, interviews, and reviews—contain the same sparkling wit and intelligence as his later Hollywood screenplays, while also casting light into the dark corners of Vienna and Berlin between the wars. Wilder covered everything: big-city sensations, jazz performances, film and theater openings, dance, photography, and all manner of mass entertainment. And he wrote about the most colorful figures of the day, including Charlie Chaplin, Cornelius Vanderbilt, the Prince of Wales, actor Adolphe Menjou, director Erich von Stroheim, and the Tiller Girls dance troupe. Film historian Noah Isenberg's introduction and commentary place Wilder's pieces—brilliantly translated by Shelley Frisch—in historical and biographical context, and rare photos capture Wilder and his circle during these formative years. Filled with rich reportage and personal musings, *Billy Wilder on Assignment* showcases the burgeoning voice of a young journalist who would go on to become a great auteur.

The Krampus, a folkloric devil associated with St. Nicholas in Alpine Austria and Germany, has been embraced by the American counterculture and is lately skewing mainstream. The new Christmas he seems to embody is ironically closer to an ancient understanding of the holiday as a perilous, haunted season. In the Krampus' world, witches rule Christmas, and saints can sometimes kill.

Launched to coincide with a major new exhibition The Photographer's Gallery, Giacomo Brunelli brings a new perspective on London, using a compelling film-noir style to present a hugely evocative collection. Many familiar landmarks are presented in a surprising way, from Trafalgar Square to St. Paul's Cathedral, and often depicted alongside the silhouettes of animals or people. Brunelli has won many awards including the Sony World Photography Award. *Eternal London* is the follow-up to 2008's critically-acclaimed *The Animals* (Dewi Lewis).

THAYER I thought inventing a boyfriend would help get me out of trouble, but it landed me in more. My little white lie put me in the crosshairs of Bennett Bradford. Satan in a suit. He might be easy on the eyes, but he's rough on the heart. I learned that one the hard way. Suddenly, there's a gigantic rock on my left ring finger that's as fake as our relationship-but our chemistry is all too real. At least there's no risk of me falling for him... right? BENNETT Thayer Montgomery sold me out back in high school, so I cut her out and never looked back. Now my business is in peril, and I'll do whatever it takes to save it. Even if that means faking an engagement for a couple of months to repair my so-called reputation. Luckily, I know the perfect pretend fiancée. Thayer would pass anyone's background check anywhere, any time. And getting revenge? Well, that's just a bonus. She might not want to play along with the charade, but I have leverage-and she won't have a choice. * *Otherwise Engaged* is a steamy, enemies-to-lovers, fake engagement standalone novel with a HEA and no cliffhanger.

Once a Year: Some Traditional British Customs was first published in 1977 establishing Homer Sykes as one of the UK's leading young photographers. Over a period of almost seven years he travelled the country photographing around 100 traditional British customs, with over 80 appearing in the book. Though inspired by the 19th century photographer Benjamin Stone, Homer Sykes approached the events with a distinctly modern sensibility, creating dynamic images which focus mainly on the tradition that is being re-enacted against a background of everyday life.
