[A Faith of Our Own](#) Springer Nature

In *Under God*, Pulitzer Prize winner and eminent political observer Garry Wills sheds light on the frequent collision between American politics and American religion. Beginning with the 1988 presidential contest, an election that included two ministers and a senator accused of sin, award-winning author Garry Wills surveys the tapestry of American history to show the continuity of present controversies with past religious struggles, and argues that the secular standards of the Founding Fathers have been misunderstood. He shows that despite reactionary fire-breathers and fanatics, religion has often been a progressive force in American politics, and explains why the policy of a separate church and state has, ironically, made the position of the church stronger. Marked by the extraordinary quality of observation that has defined Will's work, *Under God* is a rich, original look at why religion and politics will never be separate in the United States.

"You must read this perceptive and well written book. Then you will know why Barack Obama has such a passion for justice and equity." —Archbishop Desmond Tutu Barack Obama. The speculation about his religious life abounds. Is he a closet Muslim? Is he really a Christian? Did his faith have anything to do with his governing? As the picture of President Obama's faith has emerged, questions about the foundation of his beliefs continue to ignite debate. In this updated edition of his international bestseller *The Faith of Barack Obama*, New York Times bestselling author Stephen Mansfield explores the claims of Obama's detractors and supporters alike, while examining how the challenges of the presidency shaped Obama's religious beliefs. This evenhanded account of the former president's spiritual life provides a closer look at the people and events that have influenced his belief system. Mansfield analyzes Obama's friendship with the controversial Jeremiah Wright and also profiles the Christian leaders who offered guidance and support during the president's challenging term. Mansfield takes you inside the religious life of Barack Obama, introducing you to the type of preaching the president heard at Camp David and

even revealing details such as the content of the daily devotional readings the former president received on his cell phone. This fascinating study explains the faith elements within Obama's politics, while acknowledging the questions about his beliefs that remain unanswered. "Mansfield presents an analysis of Obama's distinctly postmodern journey that will generate valuable discussion across the religious spectrum." —Publishers Weekly

**Jesus for President Pack** AuthorHouse

This book chronologically analyzes fourteen key US Presidents, from Washington to Biden, to highlight how religion has informed or influenced their politics and policies. For years, leading scholars have largely neglected religion in presidential studies. Yet, religion has played a significant role in a number of critical presidencies in US history. This volume reveals the deep religious side to such presidents as Truman, Eisenhower, and Reagan, among others, and the impact that faith had on their administrations. Now in its fourth edition, this work includes analysis of Joe Biden as the second Catholic president in United States history and provides a timely update to a key text in the study of religion and the presidency.

### Politics According to the Bible Baker Books

During the presidency of President Donald Trump, it became evident to me that the prophecies about the Son of Man, as predicted by Jesus in the Bible were, to a significant extent, fulfilled at the hands of Mr Trump. The Bible speaks about two different Christs-or Messiahs. Jesus, the Son of God is the one Christ, whereas the Son of Man is the other. Jesus always referred to the Son of Man in the third person. The greatest distinction or significance between the Son of Man and the Son of God (the Lamb) is their respective positions at the throne of God. There are numerous differences between the Son of God and the Son of Man, but overall, people read these scriptures and they do not realize that the Son of God (the Lamb) stands in front of the throne of God, whereas the Son of Man, is positioned on the right hand of God. Jesus spoke about two different killings in the four gospels of the New Testament. People read these scriptures and are unaware that Jesus (the Son of God) predicted his own killing in the first person, as opposed to the several prophecies that He made in respects to the Son of Man who will be crucified. The New Testament speaks about "two Kings," Jesus, the Son of God, is the "King of the Jews," whereas the Son of Man is the "King of Kings" who will be a world-ruler, and He will rule all the nations (the tribes) of the earth with a rod of iron. This book will explain in depth how "Donald John Trump's" full name literally means: "The Ruler of the World, graced by Yahweh (the LORD) and a descendant of a Drummer." Upon reading this book, the reader will be captivated when they realize how President Donald John Trump fulfilled most of the prophecies as the Son of Man. It speaks about End Time Prophecies and Biblical revelations regarding "President Donald J. Trump, the Son of Man. The Christ."

### The Faith of Barack Obama Gospel Light Publications

Evangelicals today probably have more political influence in the United States than at any time in the last century--but they might not be certain what to do with it. It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal. Bestselling author and theologian Ron Sider offers a biblically grounded, factually rooted, Christian approach to politics that cuts across ideological divides. Shaped by a careful study of society, this book will guide readers into more thoughtful and effective political activity. It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate. Practical, balanced, and nonpartisan, this book will be a welcome resource during the 2012 presidential race. This is a revised version of what was previously published as *The Scandal of Evangelical Politics*.

### For God and Country Rowman & Littlefield

Portrays Jesus as a political revolutionary and examines the ways in which his political principles and strategies can be applied today.

### The Politics of the Cross Regnery Publishing

Every day, major headlines tell the story of how Christianity is attempting to influence American culture and politics. But statistics show that young Americans are disenchanted with a faith that has become culturally antagonistic and too closely aligned with partisan politics. In this personal yet practical work, Jonathan Merritt uncovers the changing face of American Christianity by uniquely examining the coming of age of a new generation of Christians. Jonathan Merritt illuminates the spiritual ethos of this new generation of believers who engage the world with Christ-centered faith but an un-polarized political perspective. Through personal stories and biblically rooted commentary this scion of a leading evangelical family takes a close, thoughtful look at the changing religious and political environment, addressing such divisive issues as abortion, gay marriage, environmental use and care, race, war, poverty, and the imbalance of world wealth. Through Scripture, the examples of Jesus, and personal defining faith experiences, he distills the essential truths at the core of a Christian faith that is now just coming of age.

### God and Ronald Reagan Outskirts Press

*The Politics of Jesús* is a powerful new biography of Jesus told from the margins. Miguel A. De La Torre argues that we all create Jesus in our own image, reflecting and reinforcing the values of communities—sometimes for better, and often for worse. In light of the increasing economic and social inequality around the world, De La Torre asserts that what the world needs is a Jesus of solidarity who also comes from the underside of global power. *The Politics of Jesús* is a search for a Jesus that resonates specifically with the Latino/a community, as well as other marginalized groups. The book unabashedly rejects the Eurocentric Jesus for the Hispanic Jesús, whose mission is to give life abundantly, who resonates with the Latino/a experience of disenfranchisement, and who works for real social justice and political change. While Jesus is an admirable figure for Christians, *The Politics of Jesús* highlights the way the Jesus of dominant culture is oppressive and

describes a Jesús from the barrio who chose poverty and disrupted the status quo. Saying “no” to oppression and its symbols, even when one of those symbols is Jesus, is the first step to saying “yes” to the self, to liberation, and symbols of that liberation. For Jesus to connect with the Hispanic quest for liberation, Jesús must be unapologetically Hispanic and compel people to action. *The Politics of Jesús* provocatively moves the study of Jesús into the global present.

### Awaiting the King (Cultural Liturgies Book #3) David C Cook

A comprehensive political philosophy, arguing for Christian involvement based on biblical teachings and a Christian worldview. --from publisher description.

### An Epistle of the First Presidency of the Church of Jesus Christ of Latter-day Saints, in General Conference Assembled Simon and Schuster

The complete guide to debunking right-wing misinterpretations of the Bible—from economics and immigration to gender and sexuality. Jesus loves borders, guns, unborn babies, and economic prosperity and hates homosexuality, taxes, welfare, and universal healthcare—or so say many Republican politicians, pundits, and preachers. Through outrageous misreadings of the New Testament gospels that started almost a century ago, conservative influencers have conjured a version of Jesus that speaks to their fears, desires, and resentments. In *Republican Jesus*, Tony Keddie explains not only where this right-wing Christ came from and what he stands for but also why this version of Jesus is a fraud. By restoring Republicans’ cherry-picked gospel texts to their original literary and historical contexts, Keddie dismantles the biblical basis for Republican positions on hot-button issues like Big Government, taxation, abortion, immigration, and climate change. At the same time, he introduces readers to an ancient Jesus whose life experiences and ethics were totally unlike those of modern Americans, conservatives and liberals alike.

### Jesus and Justice HarperChristian + ORM

Who was Jesus? And how was this first-century political revolutionary, whose teachings are meant to lead the way to freedom, turned into a meek and mild servant of the status quo? How is it possible to profess a belief in Jesus, yet ignore the suffering of the poor and the needy? Just how truly faithful to the vision of Jesus are the many politicians who claim to be Christian? These are the kinds of questions Obery Hendricks, a biblical scholar, activist, and minister, asks in this provocative new book. In this day and age of heated political debate, Hendricks’s *The Politics of Jesus* stands out as much for its brilliant re-creation of the life and mind of Jesus of Nazareth as for its scathing critique of modern politicians “of faith.”

### Jesus Politics Zondervan

Kayleigh McEnany describes her path to the White House podium, bringing the reader behind the scenes in the world’s most powerful building and illuminating how faith got her through. If you would have told me that in the year 2020 I would stand at the White House podium and communicate with the American people as COVID-19 ravaged the globe and violent protests beset the nation, I would have told you that you were crazy. But Jesus Christ had this very plan for my life. From White House intern to White House press secretary, from production assistant to national television host, from Catholic all-girls high school to Harvard Law School, God has guided my path through uncharted territory. In *For Such a Time as This*, I will chronicle my journey to the White House and offer never-before-told anecdotes about what really happened within the Trump administration. You will experience some of the most high stakes moments in the West Wing right alongside me as I reveal how faith got me through.

### Thou Shalt Not Be a Jerk Lulu.com

NEW YORK TIMES BESTSELLER The “paradigm-influencing” book (*Christianity Today*) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today’s evangelicals might not be theologically astute, but they know their VeggieTales, they’ve read John Eldredge’s *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men

were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

### The Politics of Jesus Thomas Nelson

According to Eugene Cho, Christians should never profess blind loyalty to a party. Any party. But they should engage with politics, because politics inform policies which impact people. In *Thou Shalt Not Be a Jerk: A Christian’s Guide to Engaging Politics*, Cho encourages readers to remember that hope arrived—not in a politician, system, or great nation—but in the person of Jesus Christ. With determination and heart, Cho urges readers to stop vilifying those they disagree with—especially the vulnerable—and asks Christians to follow Jesus and reflect His teachings. In this book that integrates the pastoral, prophetic, practical, and personal, readers will be inspired to stay engaged, have integrity, listen to the hurting, and vote their convictions. “When we stay in the Scriptures, pray for wisdom, and advocate for the vulnerable, our love for politics, ideology, philosophy, or even theology, stop superseding our love for God and neighbor.”

### Politics - According to the Bible Baker Books

This book presents the values of Jesus and the Scripture in a way that challenges simple conclusions about complex issues. Examining some of the most contentious political topics of our time in light of Scripture and the teachings of Jesus, the end goal of this book is not to promote a particular point of view but to objectively portray what the Bible says on political and cultural topics.

### God & Government Routledge

Donald Trump—Defender of Religious Freedom In 2016, many Christian leaders at first opposed candidate Donald Trump. He was a former social liberal, and his occasional vulgarity, multiple marriages and divorces, and tabloid scandals made it impossible for him to defend Christian values in public life. Or so they thought. Trump nevertheless won four-fifths of the Evangelical vote in 2016, as well as the majority of the Catholic vote. And in 2020, the idea that he can’t represent Christians is demonstrably false. He has been the most ardent and effective presidential defender of religious liberty and the pro-life cause since Ronald Reagan—and perhaps in U.S. history. In *For God and Country*, Dr. Ralph Reed draws on his deep knowledge of American history, his unsurpassed experience as a political strategist, his personal dealings with President Trump and the First Family, and his moral commitment as a Christian to show why Catholics and Evangelicals should continue to strongly support their unlikely champion. In *For God and Country*, Reed reveals: The sincerity of President Trump’s defense of the Christian faith—and why he has delivered policy victories when other pro-Christian presidents haven’t Why Trump is the most pro-Israel president in American history How liberals hope to demoralize Christians—and thus defeat Donald Trump and reverse his pro-life, pro-family, pro-religious freedom policies Why Never-Trump Christians naively preach de facto political surrender For God and Country is not just required reading for the 2020 election; it is required reading for every conservative Christian who loves America and wants to return it to Christian values.

### Jesus Was a Liberal Zondervan

What if Jesus suddenly appeared and announced that he planned to run for President of the United States? Yes, that Jesus. And what if a well-meaning but utterly inexperienced band of disciples not only helped him mount a seat-of-the-pants campaign but also ran it well, getting millions of people to support him and in the process throwing the other two major party candidates—as well as the world’s news media—into a frenzy as they scramble to discredit him? Roland Merullo’s biting clever satirical novel about the state of American politics follows one man’s campaign to bring back goodness and kindness (real goodness and kindness this time) in a country that has fallen into a divisive state of fear and hatred. Merullo takes us into the heart of “a nation in grave spiritual danger” as the Son of man sets out to make everyone realize that “politics as usual” is no longer an acceptable alternative. *American Savior* is a remarkably innovative novel that challenges our perceptions and beliefs while it wags a finger at the folly of our self-righteousness. It is sure to cause controversy among those for whom politics itself has become a kind of religion.

*Ask the Question* Simon and Schuster

Our hope as a nation does not rest on the dictates of a natural man...but rather the dictates of the moral law. This book will prove that Jesus came to establish a Kingdom Rule not religious mandates. It also addresses issues like: \* Is democracy against God and Moral Republic? \* Is Jesus a pacifist or an activist? \* Can your vote have an effect on your eternal life? \* How would Jesus vote? \* And much more... Being the True American Patriot, Jesus Christ for President will raise the American flag above all flags, and sing its English anthem. He will fight for its freedom, serve and protect its Constitution, preserve its economy, secure its future and maintain its longevity. Look for the upcoming book title Muslims at the Cross.

*Jesus for President* Oxford University Press

To be faithful to the gospel, all ministry must be indigenous; it must participate in the distinctive

practices and perspectives of the people among whom ministry is taking place. Because our society tends to ignore or deny the reality of class divisions and prejudice, too many congregational leaders know too little about the world of working class whites. Continuing his groundbreaking work on class and American religion, Sample opens up the lives and lifestyles of working class whites in order to engage with them in authentic and transformational ministry. From the Circuit Rider review: "Tex Sample has written one of the most fun books to read on ministry that you will ever come across. Weaving philosophy, theology, country western lyrics, and stories throughout the book Sample at once delights and provokes us to think about the way in which we live out church in this day and age." (Click here to read the whole review.)

*Jesus for President* Simon and Schuster

In this culmination of his widely read and highly acclaimed Cultural Liturgies project, James K. A. Smith examines politics through the lens of liturgy. What if, he asks, citizens are not only thinkers

or believers but also lovers? Smith explores how our analysis of political institutions would look different if we viewed them as incubators of love-shaping practices--not merely governing us but forming what we love. How would our political engagement change if we weren't simply looking for permission to express our "views" in the political sphere but actually hoped to shape the ethos of a nation, a state, or a municipality to foster a way of life that bends toward shalom? This book offers a well-rounded public theology as an alternative to contemporary debates about politics. Smith explores the religious nature of politics and the political nature of Christian worship, sketching how the worship of the church propels us to be invested in forging the common good. This book creatively merges theological and philosophical reflection with illustrations from film, novels, and music and includes helpful exposition and contemporary commentary on key figures in political theology.
