MARSHALL EFRAIN

Complete Poems and Prose. 1855-1888 Independently Published

One's-self I sing, a simple separate person, Yet utter the word Democratic, the word En-Masse. Of physiology from top to toe I sing, Not physiognomy alone nor brain alone is worthy for the Muse, I say the Form complete is worthier far, The Female equally with the Male I sing. Of Life immense in passion, pulse, and power, Cheerful, for freest action form'd under the laws divine, The Modern Man I sing. As I ponder'd in silence, Returning upon my poems, considering, lingering long, A Phantom arose before me with distrustful aspect, Terrible in beauty, age, and power, The genius of poets of old lands, As to me directing like flame its eyes, With finger pointing to many immortal songs, And menacing voice, What singest thou? it said, Know'st thou not there is but one theme for ever-enduring bards? And that is the theme of War, the fortune of battles, The making of perfect soldiers.

After All, Not to Create Only Viking Adult

This comprehensive volume celebrates the 150th anniversary of the 1855 edition of Walt Whitman's *Leaves of Grass* with twenty essays by preeminent scholars representing a variety of critical perspectives that focus exclusively on the original edition. Once regarded as primarily a collector's item, this edition is now viewed as the poet's most bold and compelling articulation of the possibilities of American democracy. The essays weave a rich tapestry of the most current, innovative criticism on this foundational book of American poetry. The contributors treat Whitman's poetry, his biography, his politics, his reception in the United States and abroad, race and ethnic issues, nineteenth-century America, and even the complex typographical history of the first edition of *Leaves of Grass*. The volume also includes a tribute from the renowned poet Galway Kinnell.

Leaves of Grass Sterling Publishing Company

Presents Whitman's classic collection celebrating himself and the American experience

Leaves of Grass Leaves of Grass

Leaves of Grass is Walt Whitman's glorious poetry collection, first published in 1855, which he revised and expanded throughout his lifetime. It was ground-breaking in its subject matter and in its direct, unembellished style. Part of the Macmillan Collector's Library; a series of stunning, clothbound, pocket sized classics with gold foiled edges and ribbon markers. These beautiful books make perfect gifts or a treat for any book lover. This edition is edited and introduced by Professor Bridget Bennett. Whitman wrote about the United States and its people, its revolutionary spirit and about democracy. He wrote openly about the body and about desire in a way that completely broke with convention and which paved the way for a completely new kind of poetry. This new collection is taken from the final version, the Deathbed edition, and it includes his most famous poems such as 'Song of Myself' and 'I Sing the Body Electric'.

Leaves of Grass Createspace Independent Pub

In 1855, Walt Whitman published - at his own expense - the first edition of *Leaves of Grass*, a visionary volume of twelve poems. Showing the influence of a uniquely American form of mysticism known as Transcendentalism, ..

"Give me the splendid, silent sun with all his beams full-dazzling."

-Walt Whitman, *Leaves of Grass* *Leaves of Grass* is a poetry collection by the American poet Walt Whitman (1819-1892). The poems of *Leaves of Grass* are loosely connected, with each representing Whitman's celebration of his philosophy of life and humanity. This book is notable for its discussion of delight in sensual pleasures during a time when such candid displays were considered immoral. Where much previous poetry, especially English, relied on symbolism, allegory, and meditation on the religious and spiritual, *Leaves of Grass* exalted the body and the material world. Influenced by Ralph Waldo Emerson and the Transcendentalist movement, itself an offshoot of Romanticism, Whitman's poetry praises nature and the individual human's role in it. However, much like Emerson, Whitman does not diminish the role of the mind or the spirit; rather, he elevates the human form and the human mind, deeming both worthy of poetic praise. *Leaves of Grass* was highly controversial during its time for its explicit sexual imagery, and Whitman was subject to derision by many contemporary critics. Over time, however, the collection has infiltrated popular culture and been recognized as one of the central works of American poetry. A True Classic that Belongs on Every Bookshelf!

The illustrated Leaves of grass by Walt Whitman Courier Corporation

A new edition of the great American classic.

Leaves of Grass University of Iowa Press

Unabridged original 1855 version of *Leaves of Grass*, offered here for chump change. The eclectic formatting of Whitman's original edition expresses best his most famous poems, including "Song of Myself," "I Sing the Body Electric," and "There Was a Child Went Forth."

Walt Whitman's Leaves of Grass Oxford University Press

Whitman's immortal collection includes some of the greatest poems of modern times, including his masterpiece, "Song of Myself." Shattering standard conventions, it stands as an unabashed celebration of body and nature.

Leaves of Grass by Walt Whitman, the Original 1855

Edition Chump Change

Walt Whitman was a poetic Visionary. He published the first edition of this monumental work in 1855 and began his magnum opus with the words, "America does not repel the past of what it has produced." He asserted in his declaration: America is "essentially the greatest poem." And he qualified this remark by stating that the "genius of the United States," that which is at the core, the essence of the poem of America, is "always most in the common people." Whitman wrote for and about the common people, and wanted his work to somehow bring about a political renewal that would truly represent the grand Idea of democracy. In this book Whitman overturns centuries of Western political and social thought. Whitman's democratic vision was something so unprecedented in so many ways that his reception at first could be characterized as utter incomprehension. It is believed that only a couple hundred people, at most, read the original 1855 edition of *Leaves of Grass* and many of these readers did not know what to make of the book. Some people were completely outraged and offended. Others were enraptured. Whitman was the self appointed poet-prophet of America and created, where he saw a lack, a new democratic religious understanding for the modern world.

Passage to India Pan Macmillan

Leaves of Grass is a poetry collection by the American poet Walt Whitman (1819-1892). Though the first edition was published in 1855, Whitman spent most of his professional life writing and re-writing *Leaves of Grass*, [1] revising it multiple times until his death. This resulted in vastly different editions over four decades- the first a small book of twelve poems and the last a compilation of over 400. The poems of *Leaves of Grass* are loosely connected, with each representing Whitman's celebration of his philosophy of life and humanity. This book is notable for its discussion of delight in sensual pleasures during a time when such candid displays were considered immoral. Where much previous poetry, especially English, relied on symbolism, allegory, and meditation on the religious and spiritual, *Leaves of Grass* (particularly the first edition) exalted the body and the material world. Influenced by Ralph Waldo Emerson and the Transcendentalist movement, itself an offshoot of Romanticism, Whitman's poetry praises nature and the individual human's role in it. However, much like Emerson, Whitman does not diminish the role of the mind or the spirit; rather, he elevates the human form and the human mind, deeming both worthy of poetic praise.

Leaves of Grass, by Walt Whitman (Poetry) Penguin UK

Leaves of Grass is a poetry collection by Walt Whitman. Though the first edition was published in 1855, Whitman spent his entire life writing *Leaves of Grass*, revising it in several editions until his death. Whitman was intentional in not organizing the book in any chronological way. Instead, he was concerned with the journey of the poetry. He desired that the reader would see a self formed through the words and themes of the book. He writes poems of a political, social, personal, and sexual nature, all ideas that he will elaborate on in later sections. Walt Whitman published and

designed The First Edition of Leaves of Grass in 1855. The edition included twelve untitled poems, which were named in later editions. He included no mention of the author, only his name on the copyright and in one line of the first poem, which is later titled "Song of Myself". Whitman's final edition, the 1891-92 edition, also known as "The Deathbed Edition," is simply grammatical corrections of the 1881 edition, and the addition of "November Boughs" as a supplement, "Good-Bye my Fancy" as a second supplement, and "A Backward Glance O'er Travell'd Roads" as the closing essay. Walter "Walt" Whitman (1819 - 1892) was an American poet, essayist and journalist. His work was very controversial in its time, particularly his poetry collection Leaves of Grass, which was described as obscene for its overt sexuality.

Leaves of Grass Oxford University Press

In 1855 Walt Whitman published Leaves of Grass, the work which defined him as one of America's most influential voices, and which he added to throughout his life. A collection of astonishing originality and intensity, it spoke of politics, sexual emancipation and what it meant to be an American. From the joyful 'Song of Myself' and 'I Sing the Body Electric' to the elegiac 'When Lilacs Last in the Dooryard Bloom'd', Whitman's art fuses oratory, journalism and song in a vivid celebration of humanity.

Leaves of Grass Sterling Innovation

So begins Leaves of Grass, the first great American poem and indeed, to this day, the greatest and most essentially American poem in all our national literature.

American Bard Oxford University Press, USA

Whitman employs the cadence of simple, even idiomatic speech to "sing" national identity. Throughout his prolific career, Whitman continually revised and expanded "Leaves of Grass," which went through nine editions. This volume includes the first edition, the final, authorized "Death-Bed" edition, and selections of the best poems from preceding editions and other sources.

Leaves of Grass Franklin Classics Trade Press

Presents a revision of the 1973 Norton Critical Edition of Walt Whitman's "Leaves of Grass," and includes the full text of the 1855 edition, as well as excerpts from two prose works, annotations, and commentary.

Walt Whitman U of Nebraska Press

A beautiful new edition of the book that changed poetry forever: the 1855 first edition of "Leaves of Grass" by Walt Whitman.
