ORLANDO STEWART

Henry Adams: History of the United States Vol. 2 1809-1817 (LOA #32) Prentice Hall

Discusses the Missouri Compromise and its impact on history.

Select Notes Palala Press

This Companion provides a wide-ranging and up-to-date overview of the conceptual issues that history as a discipline and mode of thought gives rise to. The book offers both historical and systematic treatments of these issues, as well as addressing their contemporary relevance. Structured in three parts – Modes and Schools of Historical Thought, Epistemology and Metaphysics of History, and Issues and Challenges in Historical Theory – it offers the reader a wide scope and expert treatment of each topic in this vibrant field that can be read in any order. An international team of experts both discuss the basis of their topic and present their own view, offering the reader a cutting-edge contribution while ensuring their chapters are of interest to both students and specialists in the field of historical theory and engaging with the very nature of historical thought, the metaphysics of historical existence, the politics of history-writing, and the intelligibility of the historical process. The volume is an indispensable companion to the study of history and essential reading for anyone interested in the reflection on the nature of history and our historical existence.

The new digital learning platform includes additional teacher resources, such as formal assessments and curriculum grids.

Bring History Alive! Prentice Hall

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete,

practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

The Poetical gazette; the official organ of the Poetry society and a review of poetical affairs, nos. 4-7 issued as supplements to the Academy, v. 79, Oct. 15, Nov. 5, Dec. 3 and 31, 1910

History Alive! Sagwan Press

“Much like Donna Tartt’s *The Secret History*, M. L. Rio’s sparkling debut is a richly layered story of love, friendship, and obsession...will keep you riveted through its final, electrifying moments.” —Cynthia D’Aprix Sweeney, *New York Times* bestselling author of *The Nest* “Nerdily (and winningly) in love with Shakespeare...Readable, smart.” —*New York Times* Book Review On the day Oliver Marks is released from jail, the man who put him there is waiting at the door. Detective Colborne wants to know the truth, and after ten years, Oliver is finally ready to tell it. A decade ago: Oliver is one of seven young Shakespearean actors at Dellecher Classical Conservatory, a place of keen ambition and fierce competition. In this secluded world of firelight and leather-bound books, Oliver and his friends play the same roles onstage and off: hero, villain, tyrant, temptress, ingénue, extras. But in their fourth and final year, good-natured rivalries turn ugly, and on opening night real violence invades the students’ world of make-believe. In the morning, the fourth-years find themselves facing their very own tragedy, and their greatest acting challenge yet: convincing the police, each other, and themselves that they are innocent. If *We Were Villains* was named one of *Bustle’s* Best Thriller Novels of the Year, and *Mystery Scene* says, “A well-written and gripping ode to the stage...A fascinating, unorthodox take on rivalry, friendship, and truth.”

Notes on the California Reports, Supplementary to the 1906 Edition of Notes on California Reports Wentworth Press

Two people—a black woman and a white man—confront the legacy of slavery and racism head-on “We embarked on this journey because we believe America must overcome the racial barriers that divide us, the barriers that drive us to strike out at one another out of ignorance and fear. To do nothing is unacceptable.” Sharon Leslie Morgan, a black woman from Chicago’s South Side avoids white people; they scare her. Despite her trepidation, Morgan, a descendent of slaves on both sides of her family, began a journey toward racial reconciliation with Thomas Norman DeWolf, a white man from rural Oregon who descends from the largest slave-trading dynasty in US history. Over a three-year period, the pair traveled thousands of miles, both overseas and through twenty-seven states, visiting ancestral towns, courthouses, cemeteries, plantations, antebellum mansions, and historic sites. They spent time with one another’s families and friends and engaged in deep conversations about how the lingering trauma of slavery shaped their lives. *Gather at the Table* is the chronicle of DeWolf and Morgan’s journey. Arduous and at times uncomfortable, it lays bare the unhealed wounds of slavery. As DeWolf and Morgan demonstrate, before we can overcome racism we must first acknowledge and understand the damage inherited from the past—which invariably involves confronting painful truths. The result is a revelatory testament to the possibilities that open up when people commit to truth, justice, and reconciliation. DeWolf and Morgan offer readers an inspiring vision and a powerful model for healing individuals and communities.

Exploring World History Jacaranda

This monumental work, the second of two Library of America volumes, culminated Henry Adams’s lifelong fascination with the American past. Writing at the height of his powers, Adams understood the true subject as the consolidation of the American nation and character, and his treatment has never been surpassed. Covering the eight years spanning the presidency of James Madison, this volume chronicles “Mr. Madison’s War”—the most bungled war in American history. The President and Congress delay while the United States is bullied and insulted by both England and France; then they plunge the country into the War of 1812 without providing the troops, monies, or fleets to wage it. The incompetence of the commanders leads to a series of disasters—including the burning of the White House and Capitol while Madison and his cabinet, fleeing from an invading army, watch from the nearby hills of Maryland and Virginia. The war has its heroes, too: William Henry Harrison at Tippecanoe and Andrew Jackson at New Orleans, Commodores Perry and Decatur and the officers and crew of the Constitution. As Adams tells it, though, disgrace, is averted by other means: the ineptitude of the British, the skill of the American artillerymen and privateers, and the diplomatic brilliance of Albert Gallatin and John Quincy Adams, who negotiated the peace treaty at Ghent. The history, full of reversals and paradoxes, ends with the largest irony of all: the United States, the apparent loser of the war, emerges as a great new world power destined to eclipse its European rivals. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation’s literary heritage by publishing, and keeping permanently in print, America’s best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Look for O'Brien's new book, American Fantastica, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, The Things They Carried is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. The Things They Carried depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it

has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. The Things They Carried won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

[Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc](#) Wentworth Press

The assassination of Lee Harvey Oswald by Jack Ruby robbed the nation of the closure it so desperately needed following the death of John F. Kennedy. The Trial of Lee Harvey Oswald asks what might have happened if the assassin had lived to stand trial for his murder of America's beloved president. This meticulously researched and riveting courtroom drama follows prosecutors Abe Summer and Elaine Navarro as they work to bring Oswald to justice despite the legend in Oswald's corner: famed attorney Percy Foreman. With mysteries and coincidences swirling around the case, Oswald's conviction doesn't seem set in stone. After Ruby fails to assassinate the assassin, can Summer and Navaro bring peace of mind back to the American people by sending a murderer to prison? Author William Alsup's fair and thrilling novel is all the more compelling thanks in no small part to his experiences and expertise as a federal judge. With his background in research and jurisprudence, Alsup has become an expert on the Oswald case. From newspaper clippings to the Warren Report, The Trial of Lee Harvey Oswald is based on real and complicated history. Readers with a passion for the procedural will relish the details Alsup provides behind the scenes of a prosecution, demonstrating just how much time and effort goes into even cases that seem cut and dry. America never recovered from the killing of its king of Camelot, but The Trial of Lee Harvey Oswald provides a window into what might have been.
