LOGAN RAMOS

The Case-book of Sherlock Holmes
Cambridge Scholars Publishing
The Memoirs of Sherlock Holmes is a collection of Sherlock Holmes stories, originally published in 1893, by Arthur Conan Doyle. Doyle had decided that these would be the last collection of Holmes's stories, and intended to kill him off in "The Final Problem". Reader demand stimulated him to write another

Holmes adventure--The Hound of the Baskervilles. In "The Return of Sherlock Holmes", Holmes relates the aftermath of "The Final Problem", and how he survived. Die Memoiren des Sherlock Holmes, erschienen 1893 unter dem englischen Originaltitel The Memoirs of Sherlock Holmes, ist die zweite Sammlung von Detektivgeschichten um Sherlock Holmes von Sir Arthur Conan Doyle. In sämtlichen Geschichten des Bandes fungiert, wie auch in fast allen übrigen Sherlock-Holmes-Geschichten, Holmes' Freund Dr. Watson als Ich-

Erzähler.

I could have written the story with different names. I, however, wished to see if I could capture some of the same feelings engendered by Sir Athur Conan Doyle in his stories of the great detective, Sherlock homes, as related by

his friend and chronicler, the eminent Doctor Watson.

The Memoirs of Sherlock Holmes (English German Edition, Illustrated) Aegitas

Pre-University Paper from the year 2010 in the subject Didactics - English -

Miscellaneous, grade: 15, Maristen-

Gymnasium, Furth, language: English,

abstract: A tall, black-haired man with a receding hairline is sitting in a cushioned armchair, holding a pipe in his left hand, while extending his right arm in a

forward gesture. The room is wrapped in smoke. The man's sharp facial features,

his posture and his eyes gazing at the ceiling towards the far corner of the

room all show his concentration. He is fully absorbed in thought, being neither

irritated by the heavy clouds of smoke coming from his pipe, nor by the

presence of another man in the room. He, who is apparently also preoccupied in thought, gazes at a lamp, which is illuminating the table in front of him and the still blank sheets of paper on which he intends to write. The room is filled with several items, which probably belong to one of the two men sitting in there: A violin, swords, a shield, two filled book shelves, several paintings, boxing gloves, and various other objects one would or would not expect to find in a Victorian home in London. But this is not just any home sometime in the late 19th century London, it is 221B Baker Street in 1881. This was a glimpse into the home of the consulting detective, Sherlock Holmes, as portrayed by the artist Nis Jessen. But who was Sherlock Holmes? He is probably the best known

detective in the world and if you were to ask a Holmes enthusiast, you would probably be told that he was "the greatest detective of all time". There are even some people who actually believe that he was a real person and is not a fictional creation of Sir Arthur Conan Doyle. The aim of this paper is to portray as many facets of Mr Holmes as possible, including his biography, his character, his methods of work, his personal relationships, his archenemy and, of course, his creator, Sir Arthur Conan Doyle.

There can be no question that the contents of this book will prove extremely controversial. Many people will be deeply shocked by the nature of Watson's statement. Many will no doubt prefer to reject it rather than surrender the beliefs of a lifetime. Others will at least regret that two of the great mysteries of crime are finally solved... An extraordinary document comes to light which for fifty years had been held on deposit by the bankers of the deceased John Herbert Watson MD - better known as Dr Watson. The document, written by Dr Watson himself, opens in the East End of London in 1888. Three women have been savagely

murdered. To calm the public outcry, Scotland Yard approaches London's most eminent detective, Sherlock Holmes, and asks him to investigate the killer. Can Holmes solve the mystery of Jack the Ripper? And why has this story been suppressed for so long?

For more than two decades, Sherlock Holmes played a vital, though secret, role in solving the major crimes and scandals of his day - some too damaging

to the monarchy, the government or the security of the nation to be fully revealed at the time. Compiled in narrative form by Dr Watson soon after the great detective's death, Holmes's notes have been kept under lock and key at the Public Record Office in Chancery Lane. Now, seventy years later, we can finally open the secret casebook of Sherlock Holmes. 'Seven stories about the greatest of all fiction detectives . . . all told by Dr Watson in a very credible imitation of the original style'

Birmingham Post

"The" Adventures of Sherlock Holmes

BoD - Books on Demand

Contains a collection of 12 adventures of Sherlock Holmes and Dr. Watson, such as "A Scandal in Bohemia" and "The Red-Headed League". Originally released in

1892.

"I am afraid, Watson, that I shall have to go," said Holmes, as we sat down together to our breakfast one morning. "Go! Where to?" "To Dartmoor; to King's Pyland." "I was not surprised. Indeed, my only wonder was that he had not already been mixed up in this extraordinary case, which was the one topic of conversation through the length and breadth of England. For a whole day my companion had rambled about the room with his chin upon his chest and his brows knitted, charging and recharging his pipe with the strongest black tobacco, and absolutely deaf to any of my questions or remarks. Fresh

editions of every paper had been sent up by our news agent, only to be glanced over and tossed down into a corner. Yet, silent as he was, I knew perfectly well what it was over which he was brooding. There was but one problem before the public which could challenge his powers of analysis, and that was the singular disappearance of the favorite for the Wessex Cup, and the tragic murder of its trainer. When, therefore, he suddenly announced his intention of setting out for the scene of the drama it was only what I had both expected and hoped for. Young Sherlock Holmes Aufbau Digital The adventures of Sherlock Holmes and Dr. Watson are recounted in selected short stories and in two longer works, "A Study in Scarlet" and "The Hound of the Baskervilles."

The Memoirs of Sherlock Holmes is a collection of Sherlock Holmes stories, originally published in 1894.

The case-book of Sherlock Holmes Book on Demand Limited

The last twelve stories written about Holmes and Watson, these tales reflect the disillusioned world of the 1920s in which they were written. Some of the sharpest turns of wit in English literature are contrasted by dark images of psychological tragedy, suicide, and incest in a collection of tales that have haunted generations of readers.

The Case-Book of Sherlock Holmes
Headline

The light of an open doorway beckons through the mist of a London Particular,

one of those smothering fogs for which turn-of-the-century London was famous. But in reality - as Sherlock Holmes soon discovers - though the doorway does indeed offer respite from the fog, it also leads to the gruesome remains of a double-murder. Two corpses, a stolen diamond necklace, a Russian connection, and a dandified American writer who pals around with denizens of the theater - all add up to a murder investigation with international implications. Leave it to Sherlock Holmes who, in a classic assemblage of suspects in a high-tone British men's club, employs his celebrated powers of deduction to reveal the guilty party.
