They sound like bad guys,
they look like bad guys ...
and they even smell like
bad guys. But Mr. Wolf,
Mr. Piranha, Mr. Snake,
and Mr. Shark are tired of
being the villains. Mr. Wolf

has a daring plan for the
Bad Guys' first good
mission. They are going to
break two hundred dogs
out of the Maximum
Security City Dog Pound.
Will Operation Dog Pound
go smoothly? Will the Bad
Guys become the Good
Guys? And will Mr. Snake
please stop swallowing
Mr. Piranha?!

Atomic Habits Penguin
WITH NEW UPDATES FOR

THIS EDITION! They said it
was the “Curse of the
Bambino.” They said “the
bad guys won.” Now, for
the first time in trade
paperback, one of
baseball’s all-time good
guys, New York Mets
legend Mookie Wilson,
tells his side of the
story—from the ground
ball through Bill Buckner’s
legs that capped the
miraculous 1986 World

Series Game Six rally against the Boston Red Sox to the rise and fall of a team that boasted such outsize personalities as Darryl Strawberry, Keith Hernandez, Dwight Gooden, Gary Carter, Lenny Dykstra, and Davey Johnson. Growing up in rural South Carolina in the 1960s, Mookie took to heart the lessons of his father, a diligent sharecropper who believed in the abiding power of faith—and taught his son the game that would change his life. When Mookie landed in

Shea Stadium in 1980, the Mets were a perennial cellar-dweller overshadowed by the crosstown Yankees. But inspired by Mookie's legendary hustle, they would soon become the toast of New York. And even when their off-field antics—made famous by a contingency of the team called “the Scum Bunch”—eclipsed their on-field successes, Mookie stayed above the fray. In 1986, the Mets were a juggernaut, winning 108 games during the regular season and edging the

Houston Astros for the National League pennant following a grueling 16-inning Game Six classic. In the World Series against Boston, in an epic at-bat that led to the Buckner error, Mookie would ignite a fire under the Mets, helping to force a Game Seven. New York would win to become World Champions. In an era when role models in sports were hard to come by, some tarnished by their own hubris and greed, Mookie Wilson remained the exception: a man of humility and honor

when it mattered the most. WITH A FOREWORD BY KEITH HERNANDEZ *No Country for Old Men* Simon and Schuster "This delightfully written, lesson-laden book deserves a place of its own in the Baseball Hall of Fame." —Forbes Moneyball is a quest for the secret of success in baseball. In a narrative full of fabulous characters and brilliant excursions into the unexpected, Michael Lewis follows the low-budget Oakland A's, visionary general manager Billy Beane, and

the strange brotherhood of amateur baseball theorists. They are all in search of new baseball knowledge—insights that will give the little guy who is willing to discard old wisdom the edge over big money.

The Road Random House Digital, Inc.

Baseball's last great wild bunch--the world champion 1986 Mets--is immortalized in this rollicking story of the arrogant, insane, rock-and-roll, party-all-night team.

Pegasus Dell

In this riveting anatomy of authoritarianism, acclaimed journalist William Dobson takes us inside the battle between dictators and those who would challenge their rule. Recent history has seen an incredible moment in the war between dictators and democracy—with waves of protests sweeping Syria and Yemen, and despots falling in Egypt, Tunisia, and Libya. But the Arab Spring is only the latest front in a global battle between freedom and repression, a battle that,

until recently, dictators have been winning hands-down. The problem is that today's authoritarians are not like the frozen-in-time, ready-to-crack regimes of Burma and North Korea. They are ever-morphing, technologically savvy, and internationally connected, and have replaced more brutal forms of intimidation with subtle coercion. The Dictator's Learning Curve explains this historic moment and provides crucial insight into the fight for democracy.
[Ask a Manager](#) Context

Literary Agency LLC
 The 10th anniversary edition, now with a new preface by the author "A wonderfully smart, lively, and culturally astute survey." - The New York Times Book Review
 "Grand entertainment...fascinating for anyone curious about the perplexing miracles of how great television comes to be." - The Wall Street Journal
 "I love this book...It's the kind of thing I wish I'd been able to read in film school, back before such books existed." - Vince

Gilligan, creator of Breaking Bad and co-creator of Better Call Saul
 In the late 1990s and early 2000s, the landscape of television began an unprecedented transformation. While the networks continued to chase the lowest common denominator, a wave of new shows on cable channels dramatically stretched television's narrative inventiveness, emotional resonance, and creative ambition. Combining deep reportage with critical analysis and historical

context, Brett Martin recounts the rise and inner workings of this artistic watershed - a golden age of TV that continues to transform America's cultural landscape. *Difficult Men* features extensive interviews with all the major players - including David Chase (*The Sopranos*), David Simon and Ed Burns (*The Wire*), David Milch (*NYPD Blue*, *Deadwood*), Alan Ball (*Six Feet Under*), and Vince Gilligan (*Breaking Bad*, *Better Call Saul*) - and reveals how television

became a truly significant and influential part of our culture.

Alexander and the Terrible, Horrible, No Good, Very Bad Day W.

W. Norton & Company
This spectacular novel established Thomas M. Disch as a major new force in science fiction. First published in 1965, it was immediately labeled a masterpiece reminiscent of the works of J.G. Ballard and H.G. Wells In this harrowing novel, the world's cities have been reduced to cinder and ash and alien

plants have overtaken the earth. The plants, able to grow the size of maples in only a month and eventually reach six hundred feet, have commandeered the world's soil and are sucking even the Great Lakes dry. In northern Minnesota, Anderson, an aging farmer armed with a Bible in one hand and a gun in the other, desperately leads the reduced citizenry of a small town in a daily struggle for meager existence. Throw into this fray Jeremiah Orville, a

marauding outsider bent on a bizarre and private revenge, and the fight to live becomes a daunting task.

Zero Repeat Forever

European PressAcademic Pub

In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

The Hunter Vintage

Recounts the events of a day when everything goes

wrong for Alexander.

Suggested level: junior, primary.

Bats Scholastic Inc.

Offers an inspirational and compassionate approach to understanding the problems of life, and argues that we should continue to believe in God's fairness.

The Last Folk Hero U of Nebraska Press

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional

conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers

push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for *Ask a Manager*
“A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you

should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review)

“The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their

work experience.”—Library Journal (starred review)

“I am a huge fan of Alison Green’s *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide*

“*Ask a Manager* is the ultimate playbook for navigating

the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* [The Rocket That Fell to Earth](#) Henry Holt and Company

"What we have here is a bad case of stripes. One of the worst I've ever seen!" Camilla Cream loves lima beans, but she never eats them. Why? Because the other kids in her school don't like them. And Camilla Cream is very, very worried about what other people

think of her. In fact, she's so worried that she's about to break out in...a bad case of stripes! [The Worst Team Money Could Buy](#) Houghton Mifflin Harcourt Winner of the Bancroft Prize • One of The New Yorker's Best Books of 2022 • A Kirkus Best World History Book of 2022 One of Smithsonian's 10 Best History Books of 2022 • Longlisted for the 2022 National Book Award for Nonfiction • Shortlisted for the PEN/John Kenneth Galbraith Award for

Nonfiction • Shortlisted for the National Book Critics Circle Award for Nonfiction • Shortlisted for the Mark Lynton History prize • Longlisted for the Cundill History Prize “Rebel historian” Kelly Lytle Hernández reframes our understanding of U.S. history in this groundbreaking narrative of revolution in the borderlands. *Bad Mexicans* tells the dramatic story of the magonistas, the migrant rebels who sparked the 1910 Mexican Revolution

from the United States. Led by a brilliant but ill-tempered radical named Ricardo Flores Magón, the magonistas were a motley band of journalists, miners, migrant workers, and more, who organized thousands of Mexican workers—and American dissidents—to their cause. Determined to oust Mexico's dictator, Porfirio Díaz, who encouraged the plunder of his country by U.S. imperialists such as Guggenheim and Rockefeller, the rebels had to outrun and outsmart the swarm of U.

S. authorities vested in protecting the Díaz regime. The U.S. Departments of War, State, Treasury, and Justice as well as police, sheriffs, and spies, hunted the magonistas across the country. Capturing Ricardo Flores Magón was one of the FBI's first cases. But the magonistas persevered. They lived in hiding, wrote in secret code, and launched armed raids into Mexico until they ignited the world's first social revolution of the twentieth century. Taking

readers to the frontlines of the magonista uprising and the counterinsurgency campaign that failed to stop them, Kelly Lytle Hernández puts the magonista revolt at the heart of U.S. history. Long ignored by textbooks, the magonistas threatened to undo the rise of Anglo-American power, on both sides of the border, and inspired a revolution that gave birth to the Mexican-American population, making the magonistas' story integral to modern American life.

If We Were Villains

Houghton Mifflin

The definitive biography of Chicago Bears and Hall of Fame superstar Walter Payton. Based on meticulous research and interviews with nearly 700 contacts, an unforgettable portrait that describes a man who lived his life just like he played the game: at full speed.

Persuader

Harper Collins
The New York Times bestselling author of Sweetness delivers the first all-encompassing account of the 1980s Los Angeles Lakers, one of

professional sports' most-revered—and dominant—dynasties. The Los Angeles Lakers of the 1980s personified the flamboyance and excess of the decade over which they reigned. Beginning with the arrival of Earvin “Magic” Johnson as the number-one overall pick of the 1979 draft, the Lakers played basketball with gusto and pizzazz, unleashing their famed “Showtime” run-and-gun style on a league unprepared for their speed and ferocity—and became the most

captivating show in sports and, arguably, in all-around American entertainment. The Lakers' roster overflowed with exciting all-star-caliber players, including center Kareem Abdul-Jabbar, and they were led by the incomparable Pat Riley, known for his slicked-back hair, his Armani suits, and his arrogant strut. Hollywood's biggest celebrities lined the court and gorgeous women flocked to the arena. Best of all, the team was a winner. Between 1980

and 1991, the Lakers played in an unmatched nine NBA championship series, capturing five of them. Bestselling sportswriter Jeff Pearlman draws from almost three hundred interviews to take the first full measure of the Lakers' epic Showtime era. A dazzling account of one of America's greatest sports sagas, Showtime is packed with indelible characters, vicious rivalries, and jaw-dropping, behind-the-scenes stories of the players' decadent

Hollywood lifestyles. From the Showtime era's remarkable rise to its tragic end—marked by Magic Johnson's 1991 announcement that he had contracted HIV—Showtime is a gripping narrative of sports, celebrity, and 1980s-style excess. *The Genocides* Vintage NATIONAL BESTSELLER • The gripping story of Elizabeth Holmes and Theranos—one of the biggest corporate frauds in history—a tale of ambition and hubris set amid the bold promises of

Silicon Valley, rigorously reported by the prize-winning journalist. With a new Afterword covering her trial and sentencing, bringing the story to a close. "Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection." —The New York Times Book Review In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup "unicorn" promised to revolutionize the medical industry with

its breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes's worth at an estimated \$4.5 billion. There was just one problem: The technology didn't work. Erroneous results put patients in danger, leading to misdiagnoses and unnecessary treatments.

All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees.

The 48 Laws of Power
W. W. Norton & Company
NATIONAL BESTSELLER •
A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author “Elegant and wicked . . . might be the first true-crime book that makes the reader want to

book a bed and breakfast for an extended weekend at the scene of the crime.”—The New York Times Book Review Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt

skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and

profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and

intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.

Bad Blood Flatiron Books
From a multiple New York Times best-selling author, the rollicking, outrageous story of the United States Football League, a bona fide professional sports phenomenon full of larger-than-life characters and you-can't-make-this-up stories featuring some

of the biggest celebrities and buffoons in the game.

The Man in the High Castle Bantam

Featuring an introduction by Rachel Maddow, *Pegasus: How a Spy in Our Pocket Threatens the End of Privacy, Dignity, and Democracy* is the behind-the-scenes story of one of the most sophisticated and invasive surveillance weapons ever created, used by governments around the world. Pegasus is widely regarded as the most effective and sought-after cyber-surveillance system

on the market. The system's creator, the NSO Group, a private corporation headquartered in Israel, is not shy about proclaiming its ability to thwart terrorists and criminals. "Thousands of people in Europe owe their lives to hundreds of our company employees," NSO's cofounder declared in 2019. This bold assertion may be true, at least in part, but it's by no means the whole story. NSO's Pegasus system has not been limited to catching bad guys. It's also been

used to spy on hundreds, and maybe thousands, of innocent people around the world: heads of state, diplomats, human rights defenders, political opponents, and journalists. This spyware is as insidious as it is invasive, capable of infecting a private cell phone without alerting the owner, and of doing its work in the background, in silence, virtually undetectable. Pegasus can track a person's daily movement in real time, gain control of the device's microphones and

cameras at will, and capture all videos, photos, emails, texts, and passwords—encrypted or not. This data can be exfiltrated, stored on outside servers, and then leveraged to blackmail, intimidate, and silence the victims. Its full reach is not yet known. “If they’ve found a way to hack one iPhone,” says Edward Snowden, “they’ve found a way to hack all iPhones.” Pegasus is a look inside the monthslong worldwide investigation, triggered by a single spectacular leak

of data, and a look at how an international consortium of reporters and editors revealed that cyber intrusion and cyber surveillance are happening with exponentially increasing frequency across the globe, at a scale that astounds. Meticulously reported and masterfully written, Pegasus shines a light on the lives that have been turned upside down by this unprecedented threat and exposes the chilling new ways authoritarian regimes are eroding key

pillars of democracy: privacy, freedom of the press, and freedom of speech.

Football for a Buck
Beacon Press

New York Times Bestseller

- The ultimate gift for sports lovers By the author of Showtime—the source for HBO’s Winning Time—the definitive biography of mythic multi-sport star Bo Jackson. “A legendary tome on a legendary athlete.”

—Chris Herring, author of *Blood in the Garden* From the mid-1980s into the early 1990s, the greatest

athlete of all time streaked across American sports and popular culture. Stadiums struggled to contain him. Clocks failed to capture his speed. His strength was legendary. His power unmatched. Video game makers turned him into an invincible character—and they were dead-on. He climbed (and walked across) walls, splintered baseball bats over his knee, turned oncoming tacklers into ground meat. He became the first person to simultaneously star in two major

professional sports, and overtook Michael Jordan as America's most recognizable pitchman. He was on our televisions, in our magazines, plastered across billboards. He was half man, half myth. Then, almost overnight, he was gone. He was Bo Jackson. Drawing on an astonishing 720 original interviews, New York Times bestselling sportswriter Jeff Pearlman captures as never before the elusive truth about Jackson, Auburn University's transcendent Heisman

Trophy winner, superstar of both the NFL and Major League Baseball and ubiquitous "Bo Knows" Nike pitchman. Did Bo really jump over a parked Volkswagen? (Yes.) Did he actually run a 4.13 40? (Yes.) During the 1991 flight that nearly killed every member of the Chicago White Sox, was he in the cockpit trying to help? (Oddly, yes. Or no. Or ... maybe.) Bo Jackson isn't Jim Thorpe. He's not Deion Sanders, either. No, Bo Jackson is Paul Bunyan. The Last Folk Hero is the true tale of Bo

Jackson that only “master storyteller” (NPR.org) Jeff Pearlman could tell.
