Doing Good Well is a thinking man's guide to the nonprofit world. It is replete with nonprofit paradigms. It provides a different twist to what one might regard as straightforward notions such as mission, staff compensation, governance and corporate social responsibility. And it surprises and challenges even as it seeks to explain charity-specific issues such as charitableness, bridging the rich/poor divide, informed giving and social entrepreneurship.

I Sold My House in a Raffle fits perfectly with the current economic climate and is based on the premise that many home sellers face frustration as they try and sell their properties, while nonprofit organizations, from reduced government spending and a drop in donations, struggle to meet the increased need for their services. The result is foreclosure for many homeowners and a cut back in services from these charities or face closing their doors. The purpose of the book is to partner home sellers with a worthy charity to get their home sold through a raffle with the home as the grand prize, and provide a significant cash benefit to the charity. *I Sold My House in a Raffle* walks the reader (the home seller, and the nonprofit director) through each step of the process.

Writings: Small house at Allington DigiCat

Three wise, witty novels in the saga following the residents of a rural English town in the Victorian era. In the nineteenth century, Anthony Trollope created the fictional world of Barsetshire, the setting for a series of classic novels that addressed love, murder, religion, politics, and the ordinary lives of locals both rich and poor. Framley Parsonage: A young vicar's ambition drives him into a costly bargain in this comedic love story that brilliantly examines the intersection of romance and social class. The Small House at Allington: This witty novel follows the amorous misadventures of a pair of sisters. The Last Chronicle of Barset: A clergyman's daughter falls in love with a member of high society, while her father stands accused of a terrible crime.

For most schools and organizations, fundraisers bridge the gap between budgets and the money they need in order to operate. Despite the continued rise in childhood and adult obesity and increased attention to humankind’s ecological impact, many fundraisers still rely on the sale of high-calorie, low-nutrient foods or ask supporters to become consumers of incidental items and paper products “to support the cause.” Healthy and Sustainable Fundraising Activities offers innovative and thoughtful options that raise money for your cause without contradicting the physical activity, health, and ecological messages emphasized in your school or organization. In contrast to traditional fundraisers involving food and incidental products, the ideas in Healthy and Sustainable Fundraising Activities encourage personal, community, and environmental health and reinforce the health and social responsibility initiatives in place in your school or organization. With Healthy and Sustainable Fundraising Activities you’ll learn how to involve not just your school or organization but the entire community in health-promoting, environmentally friendly activities. With Healthy and Sustainable Fundraising Activities, you’ll find a range of ideas—from ink cartridge recycling to a dance competition—and a unique approach to fundraising sure to energize your students, members, and community to meet and exceed your fundraising goals. For educators, each of the activities outlined in the text is based on

National Health Education Standards (NHES) and National Association for Sport and Physical Education (NASPE) standards and 21st-century learning outcomes, making this text a great resource for incorporating the health and wellness initiatives of your school into the fundraising plans for your class, club, sport team, or organization. Activities in the book are grouped according to the level of knowledge, skills, and abilities required for organizing and conducting them. Most activities use similar or commonly used resources often available in a school or organizational setting. You’ll find clear and complete explanations in a standard lesson plan format along with the tools and information you need in order to implement each idea. With background information on various types of fundraisers, how these types are categorized, and guidance on scheduling, implementing, and communication, you’ll have a full picture of what it takes to complete each event. Get your members and community involved in a project that not only raises money but also gives children exposure to important values such as lifelong wellness, hard work, perseverance, integrity, and civic engagement. Regardless of whether you are new to fundraising or simply searching for new ideas for your next project, Healthy and Sustainable Fundraising Activities offers the tools, information, and inspiration to help you reach your monetary goals in ways that contribute to the health and well-being of your students, members, community, and the environment.
