## STEPHENS MARISA

8000+ German - Filipino Filipino - German Vocabulary Penguin

How often have you looked up an English word in a German dictionary only to be confronted by a bewildering array of German equivalents? Which is the correct word for the context in question? Thirty years' experience in teaching Germanic languages at tertiary level to English-speaking students have made the author acutely aware of this problem. Mastering German Vocabulary explains how to use over 2,200 common German words correctly, using example sentences in German with English translations. In order to aid quick consultation, all German and English words are listed in separate

indexes. The book is designed for all upper secondary and tertiary students of German and complements Routledge's grammar, dictionary and vocabulary building textbooks. It is a practical companion for anyone serious about perfecting their German.

5000+ German - Malayalam Malayalam - German Vocabulary McGraw Hill Professional

This laminated guide offers information on German vocabulary for beginning students in a succinct outline format.

My German Vocabulary

**German Vocabulary Book** Soffer Publishing  
A practical and accessible compendium of the most useful German vocabulary \* More than 10,000 words and phrases \* Up to date and easy to use \* Arranged under 56 alphabetical headings, including Food, Holidays, Shops and Shopping, and Transport \* Full grammatical information about each word \* Invaluable for beginners, yet comprehensive enough for more advanced students

**7000+ German - Bengali** Bengali - German Vocabulary Harry Murets  
Unlike your average A-to-Z German/English dictionary, Mastering German Vocabulary presents more than 5,000 words in 41 separate categories. This arrangement allows students to understand the relationships of various words. Categories cover the human body, health and medicine, sports, culture and religion, and dozens of other subjects. Engaging example sentences help illustrate the meanings of words and also inform readers on idiomatic expressions, grammatical exceptions, and cultural and geographical information. English-speaking readers will find help in translating those German words and phrases that may be too specialized to be found in ordinary alphabetically arranged bilingual dictionaries. Engaging line art illustrations, charts, and a comprehensive alphabetical word index enhances this volume's usefulness. A fine school supplement for language teachers, students, and language labs, and an aid for anyone who must sometimes get information from German journals and other publications.

German vocabulary book + German dictionary This German vocabulary book

contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic German-English as well as English-German dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This German learning resource is a combination of German vocabulary book and a two-way basic German dictionary: Part 1 - Topic based German vocabulary book: This is the main part of the book and represents a list of chapters each containing German vocabularies for a certain topic. The German vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-German dictionary: The index in the second half of the book can be used as a basic German dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic German-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for German words and directly find the English translation How to use this German vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The German dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the German translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic German dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning German and comes in particularly handy at times when there is no internet to look up words and phrases.

Those are amazing stats, and this book will take you even further than those numbers! In this book: A detailed introduction with tips and tricks on how to improve your learning A list of 2000 of the most common words in German and their translations An example sentence for each word - in both German and English Finally, a conclusion to make sure you've learned and supply you with a final list of tips Don't look any further, we've got what you need right here! In fact, we're ready to turn you into a German speaker... are you ready to get involved in becoming one?

**Born in the GDR** HarperCollins UK

A Frequency Dictionary of German is an invaluable tool for all learners of German, providing a list of the 4,034 most frequently used words in the language. Based on a 4.2 million-word corpus which is evenly divided between spoken, fiction and non-fiction texts, the dictionary provides a detailed frequency-based list plus alphabetical and part of speech indexes. All entries in the rank frequency list feature the English equivalent, a sample sentence plus an indication of major register variation. The dictionary also contains twenty-one thematically organized lists of frequently used words on a variety of topics as well as eleven special vocabulary lists. This CD version is designed for use by corpus and computational linguists in a format that researchers can process and turn into suitable lists for their own research work. A Frequency Dictionary of German aims to

enable students of all levels to maximize their study of German vocabulary in an efficient and engaging way.
