Winner of the National Book Award A New York Times Bestseller "The queer romance we've been waiting for."—Ms. Magazine Seventeen-year-old Lily Hu can't remember exactly when the feeling took root—that desire to look, to move

closer, to touch. Whenever it started growing, it definitely bloomed the moment she and Kathleen Miller walked under the flashing neon sign of a lesbian bar called the Telegraph Club. Suddenly everything seemed possible. But America in 1954 is not a safe place for two girls to fall in love, especially not in Chinatown. Red-Scare paranoia threatens everyone, including Chinese Americans like Lily. With deportation looming over her father—despite his hard-won citizenship—Lily and Kath risk everything to let their love see the light of day. (Cover image may vary.)

“Eric Steele and author Sean Parnell are

the real deal.”— Lee Child Special operative Eric Steele, introduced in *Man of War*, is on the hunt for a formidable Russian terrorist in this high-intensity tale of international intrigue from the author of the New York Times bestselling memoir *Outlaw Platoon*. Badly injured while stopping a rogue agent from obtaining weapons of mass destruction, elite warrior Eric Steele is drawn back into service before he’s ready when unknown assailants break into his home near Pittsburgh, injuring his mother and stealing his father’s pistol. An Alpha—an elite soldier under the direct command of the president of the United States—Steele is hell-bent on finding the attackers and bringing them to justice. While tracking his foe, Steele discovers he’s become entangled in a far more sinister plan that’s already been set in motion. A terrorist named Zakayev, once locked away in a maximum-security prison in Russia, has escaped and joined forces with Hassan Sitta, a man who’s shown his prowess and ingenuity with a spectacular bomb planted somewhere in the Middle East that hasn’t been ignited—and no one can find. But that is only the beginning of a horrifying plan that, if it succeeds, will shatter international alliances and bring the world to the brink of war. Now, the hunted must turn the tables on the hunter—Steele must find a way to stay alive and stop Zakayev before innocent lives are lost.

 “McLemore’s second novel is such a lush surprising fable, you half expect birds to fly out of the pages... McLemore uses the supernatural to remind us that the

body’s need to speak its truth is primal and profound, and that the connection between two people is no more anyone’s business than why the dish ran away with the spoon.” --Jeff Giles, New York Times Book Review Anna-Marie McLemore’s debut novel *The Weight of Feathers* was greeted with rave reviews, a YALSA Morris Award nomination, and spots on multiple “Best YA Novels” lists. Now, McLemore delivers a second stunning and utterly romantic novel, again tinged with magic. To everyone who knows them, best friends Miel and Sam are as strange as they are inseparable. Roses grow out of Miel’s wrist, and rumors say that she spilled out of a water tower when she was five. Sam is known for the moons he paints and hangs in the trees and for how little anyone knows about his life before he and his mother moved to town. But as odd as everyone considers Miel and Sam, even they stay away from the Bonner girls, four beautiful sisters rumored to be witches. Now they want the roses that grow from Miel’s skin, convinced that their scent can make anyone fall in love. And they’re willing to use every secret Miel has fought to protect to make sure she gives them up. Atmospheric, dynamic, and packed with gorgeous prose, *When the Moon was Ours* is another winner from this talented author.

The masterpiece of the German experience during World War I, considered by many the greatest war novel of all time—with an Oscar-winning film adaptation now streaming on Netflix. “[Erich Maria Remarque] is a craftsman of unquestionably first rank.”—The New York Times Book Review I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive.

Ask a Manager Bloomsbury Publishing
#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears,

faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.
