On File  
Though left  
uncompleted,  
“Kubla Khan”  
is one of the

most famous  
examples of  
Romantic era  
poetry. In it,  
Samuel  
Coleridge  
provides a  
stunning and  
detailed  
example of  
the power of  
the poet’s

imagination  
through his  
whimsical  
description of  
Xanadu, the  
capital city of  
Kublai Khan’s  
empire.  
Samuel  
Coleridge  
penned “Kubla  
Khan” after

waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was

ultimately unable to complete the poem. From Carnegie Medalist Geraldine McCaughrean

comes a dazzling story of adventure, betrayal, family, and sacrifice set in the dramatic world of thirteenth-century China. *The World of Khubilai Khan* Kessinger Publishing The Mongol takeover in the 1270s changed the course of Chinese history. The Confucian empireÑa millennium and a half in the makingÑwas suddenly thrust under foreign occupation. What China

had been before its reunification as the Yuan dynasty in 1279 was no longer what it would be in the future. Four centuries later, another wave of steppe invaders would replace the Ming dynasty with yet another foreign occupation. *The Troubled Empire* explores what happened to China between these two dramatic invasions. If anything defined the complex dynamics of

this period, it was changes in the weather. Asia, like Europe, experienced a Little Ice Age, and as temperatures fell in the thirteenth century, Kublai Khan moved south into China. His Yuan dynasty collapsed in less than a century, but Mongol values lived on in Ming institutions. A second blast of cold in the 1630s, combined with drought, was more than the dynasty could stand, and the Ming fell to

Manchu invaders. Against this background, he first coherent ecological history of China in this period. Timothy Brook explores the growth of autocracy, social complexity, and commercialization, paying special attention to China's incorporation into the larger South China Sea economy. These changes not only shaped what China would become but

contributed to the formation of the early modern world. Purchas his pilgrimes Penguin One night, the English Romantic poet Samuel Taylor Coleridge, was ill! So ingesting, opium based a medication; while reading a book on the Great Emperor, fell into a fitful sleep: and so dreamt about the legendary Khan. On awakening, he began writing his laced dream, Kubla Khan. Unfortunately, he penned

only fifty-four lines, before he was brutally interrupted, by an unfortunate bell-toll. Later, his famous friend Lord Byron, urged Coleridge to share it with a larger audience; rather than just his intimates. The poem as such, was finally published in 1797. In a comprehensive study of the three-stanza poem, Tariq Hameed compares sections of Coleridge's verse with the life of the

Mongol emperor of China and founder of the Yuan dynasty. Throughout his presentation, Tariq shares his unique perspectives of the original poem; a history of the Khan: his family, his wars, and his futuristic inspirations; and of his own poetic reflections. Finally, Tariq explores Khan's death and legacy: in his five added episodes! Kublai Khan is a unique study of the poem Kubla

Khan and the life of the Chinese Emperor. *Kublai Khan* Bloomsbury Publishing What's so special about Kublai Khan? In this new, compelling book from author Gracia Palmer, find out more about Kublai Khan ...Kublai Khan, born Kublai and also known by the temple name Shizu, was the fifth Great Khan of the Mongol Empire from 1260 to 1294 and the founder of the Yuan Dynasty in China. As he

was the second son of Tolui and Sorghaghtani Beki, and a grandson of Genghis Khan, he claimed the title of Khagan of the Ikh Mongol Uls in 1260 after the death of his older brother M<sup>ö</sup>ngke in the previous year, though his younger brother Ariq B<sup>ö</sup>ke was also given this title in the Mongolian capital, Karakorum. Kublai won the battle against Ariq B<sup>ö</sup>ke in 1264 and the succession war marked

the beginning of disunity in the empire. Kublai's real power was limited to China and Mongolia after the victory over Ariq B<sup>ö</sup>ke, though his influence still remained in the Ilkhanate and, to a far lesser degree, in the Golden Horde in the western parts of the Mongol Empire. If one counts the Mongol Empire at that time as a whole, his realm reached from the Pacific to the Urals, from Siberia to

modern day Afghanistan??  
??? one fifth of the world's inhabited land area. In 1271, Kublai established the Yuan Dynasty, which ruled over present-day Mongolia, China and some adjacent areas, and assumed the role of Emperor of China. By 1279, the Yuan forces had overcome the last resistance of the Southern Song Dynasty, and Kublai became the first non-Chinese Emperor to

conquer all of China. He was also the only Mongol khan after 1260 to win new conquests. The summer garden of Kublai Khan at Xanadu is the subject of Samuel Taylor Coleridge's 1797 poem Kubla Khan. Coleridge's work and Marco Polo's book brought Kublai and his achievements to the attention of a wider audience, and today Kublai is a well-known historical figure. So, what separates this

In the tradition of Iron and Silk and Touch the Dragon, Jamie Zeppa's memoir of her years in Bhutan is the story of a young woman's self-discovery in a foreign land. It is also the exciting debut of a new voice in travel

writing. When she left for the Himalayan kingdom of Bhutan in 1988, Zeppa was committing herself to two years of teaching and a daunting new experience. A week on a Caribbean beach had been her only previous trip outside Canada; Bhutan was on the other side of the world, one of the most isolated countries in the world known as the last Shangri-La, where little had

changed in centuries and visits by foreigners were restricted. Clinging to her bags full of chocolate, hair conditioner and Immodium, she began the biggest challenge of her life, with no idea she would fall in love with the country and with a Bhutanese man, end up spending nine years in Bhutan, and begin a literary career with her account of this transformative journey. At

her first posting in a remote village of eastern Bhutan, she is plunged into an overwhelmingly different culture with squalid Third World conditions and an impossible language. Her house has rats and fleas and she refuses to eat the local food, fearing the rampant deadly infections her overly protective grandfather warned her about. Gradually, however, her fear vanishes. She adjusts,

begins to laugh, and is captivated by the pristine mountain scenery and the kind students in her grade 2 class. She also begins to discover for herself the spiritual serenity of Buddhism. A transfer to the government college of Sherubtse, where the housing conditions are comparatively luxurious and the students closer to her own age, gives her a deeper awareness of Bhutan's

challenges: the lack of personal privacy, the pressure to conform, and the political tensions. However, her connection to Bhutan intensifies when she falls in love with a student, Tshewang, and finds herself pregnant. After a brief sojourn in Canada to give birth to her son, Pema Dorji, she marries Tshewang and makes Bhutan her home for another four years. Zeppa's personal

essay about her culture shock on arriving in Bhutan won the 1996 CBC/Saturday Night literary competition and appeared in the magazine. She flew home to accept the prize, where people encouraged her to pursue her writing. Her letters from Bhutan also featured on CBC's Morningside. The book that grew out of this has been published in Canada and the United States to ecstatic

reviews, followed by British, German, Dutch, Italian and Spanish editions. Although cultural differences finally separated Jamie and Tshewang in 1997 while she was writing the book and she returned to Canada, she will always feel at home in Bhutan. Zeppa shares her compelling insights into this land and culture, but Beyond the Sky and the Earth is more

than a travel book. With rich, spellbinding prose and bright humour, it describes a personal journey in which Zeppa acquires a deeper understanding of what it means to leave one's home behind, and undergoes a spiritual transformation .

 Ibn Battuta was the traveler of his age—the fourteenth century, a time before Columbus when many believed the world to be flat. Like Marco Polo, Ibn Battuta left behind an account of his own incredible journey from Morocco to China, from the steppes of Russia to the shores of Tanzania, some seventy-five thousand miles in all. James Rumford has retold Ibn Battuta’s story in words and pictures, adding the element of ancient Arab maps—maps as colorful and as evocative as a Persian miniature, as intricate and mysterious as a tiled Moroccan wall. Into this arabesque of pictures and maps, James Rumford has woven the story not just of a traveler in a world long gone but of a man on his journey through life.

 For lovers of thrilling adventure and grand history, the bestselling co-author of the #1 New York Times bestseller *The Dangerous Book for Boys* has written a magnificent novel with a hero for the ages: the legendary, visionary conqueror Kublai Khan. A succession of ruthless men have seized power in the wake of Genghis Khan’s death—all descendants of the great

leader, but none with his indomitable character. One grandson, Guyuk, strains the loyalties of the tribes to the breaking point, and another, Mongke, brutally eliminates the opposition and dispatches his younger brothers Kublai and Hulegu to far-flung territories. Hulegu displays his barbarity with the savage destruction of Baghdad and his clash with the Khan's age-old enemies, the

cult of assassins. But it is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu and pursues the ultimate prize: the ancient empire of Sung China. His gifts will serve him well when an epic civil war breaks out among brothers, the outcome of which will

literally change the world. **BONUS:** This edition includes an excerpt from Conn Iggulden's *The Blood of Gods*. "Conqueror is as real as military fiction gets.  From his seat in Xanadu, the great Mongol Emperor of China, Kubla Khan, had long plotted an invasion of Japan. However, it was only with the acquisition of Korea, that the Khan gained the maritime resources necessary for such a major amphibious operation.

Written by expert Stephen Turnbull, this book tells the story of the two Mongol invasions of Japan against the noble Samurai. Using detailed maps, illustrations, and newly commissioned artwork, Turnbull charts the history of these great campaigns, which included numerous bloody raids on the Japanese islands, and ended with the famous kami kaze, the

Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

Christabel is a long narrative poem in two parts. Coleridge planned three additional parts, but these were never completed. The story of Christabel concerns a central female character of the same name and her encounter with a stranger called Geraldine, who claims to have been abducted from

her home by a band of rough men. Coleridge aimed to write Christabel using an accentual metrical system, based on the count of only accents: even though the number of syllables in each line can vary from four to twelve, the number of accents per line never deviates from four. Kubla Khan; or, A Vision in a Dream is a poem written by Samuel Taylor Coleridge. According to

<p>Coleridge's Preface the poem was composed one night after he experienced an opium-influenced dream after reading a work describing Xanadu, the summer palace of the Mongol ruler and Emperor of China Kublai Khan. Upon waking, he set about writing lines of poetry that came to him from the dream until he was interrupted by a person from Porlock. The poem could not be</p>	<p>completed according to its original 200–300 line plan as the interruption caused him to forget the lines.
