If you are suffering from an unbalance of spirit, or looking for a healing method that does not require medication or a way to get your mental health back on track, Reiki is for you. This ancient healing method is what is called an energy healing because it draws upon energy, Reiki energy, which is also called universal life energy. Reiki is a spiritual way of healing that works on healing people mind, body, and spirit through the manipulation of energy through the use of hands. By using various hand placements, including the chakra points, which helps direct energy to where it needs to go. Reiki can be used as a self-treatment or on others; it can even be used on animals. If you are looking for a time honored healing method that will open up a new outlook on life and comes with a spiritual opening, then Reiki is just what you are looking for.

From master Reiki teacher Lisa Champion comes The Art of Psychic Reiki, a one-of-a-kind, step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful, hands-on energy healing method from Japan that's been gaining in popularity over the last century—not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author's decades of experience with Reiki healing and her own methods, The Art of Psychic Reiki provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person, with high levels of empathy, intuition, and latent psychic abilities (a combination of intuition and inner knowing, plus the ability to connect with higher wisdom). And since Reiki is a form of energy healing, many new practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work—and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills, with this guide you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.

Reiki has been around for thousands of years, gaining practice and prestige in halls of wisdom the world over. This form of hands on healing is derived from two concepts, "Rei" - meaning universal life energy and "ki" which symbolizes Spiritual Consciousness of the All-Knowing. Together, these thoughts create the unique healing known as Reiki, a holistic approach that sees and heals all aspects of the human condition, physical, emotional and even spiritual. With Reiki, one can heal oneself, and with practice and diligent training, a Reiki practitioner can relay that healing to others. This book is a fundamental beginners guide to this ancient art, taking it from the realms of the mystical and illusive to the understandable and even approachable. The history is explored while the many uses and applications are explained and researched in easy to grasp language and relatable concepts. Reiki can be utilized every day to achieve greater health, well-being and emotional stability - this guide will show you how.
