For every child who has ever looked up at the stars and asked, "What are they?" comes the story of a curious boy who never stopped wondering: Carl Sagan. When Carl Sagan was a young boy he went to the 1939 World's Fair and his life was changed forever. From that day on he never stopped marveling at the universe and seeking to understand it better. *Star Stuff* follows Carl from his days star gazing from the bedroom window of his Brooklyn apartment, through his love of speculative science fiction novels, to his work as an internationally renowned scientist who worked on the Voyager missions exploring the farthest reaches of space. This book introduces the beloved man who brought the mystery of the cosmos into homes across America to a new generation of dreamers and star gazers.

'This generation's *Wild Swans*' Daily Telegraph 'One of the most startling and fascinating memoirs I've read in recent years...a story of China' Libby Purves 'Impressive...moving...exhilarating' Financial Times 'Guo is rebellious, flamboyant and fundamentally optimistic...fascinating' Scotland on Sunday 'This stunning memoir picks up where Jung Chang's 1991 bestseller *Wild Swans* left off...This book will make your jaw drop, then clench in anger' Five stars, Sunday Telegraph 'Riveting...Guo is a bolder, angrier and more ambitious figure than her forebears' The Times Xiaolu Guo meets her parents for the first time when she is almost seven.

They are strangers to her. When she is born her parents hand her over to a childless peasant couple in the mountains. Aged two, and suffering from malnutrition on a diet of yam leaves, they leave Xiaolu with her illiterate grandparents in a fishing village on the East China Sea. It's a strange beginning. A *Wild Swans* for a new generation, *Once Upon a Time in the East* takes Xiaolu from a run-down shack to film school in a rapidly changing Beijing, navigating the everyday peculiarity of modern China—censorship, underground art, Western boyfriends. In 2002 she leaves Beijing on a scholarship to study in Britain. Now, after a decade in Europe, her tale of East to West resonates with the insight that can only come from someone who is both an outsider and at home. Xiaolu Guo's extraordinary memoir is a handbook of life lessons. How to be an artist when censorship kills creativity and the only job you can get is writing bad telenovela scripts. How to be a woman when female babies are regularly drowned at birth and sexual abuse is commonplace. Most poignantly of all—how to love when you've never been shown how.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career.

You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Candlewick Press

A foolish knight is certain that his side of

the wall is the safe side in this clever, amusingly meta picture book by the acclaimed creator of *It's Only Stanley*. There's a wall in the middle of the book, and our hero—a young knight—is sure that the wall protects his side of the book from the dangers of the other side—like an angry tiger and giant rhino, and worst of all, an ogre who would gobble him up in a second! But our knight doesn't seem to notice the crocodile and growing sea of water that are emerging on his side. When he's almost over his head and calling for help, who will come to his rescue? An individual who isn't as dangerous as the knight thought—from a side of the book that might just have some positive things to offer after all!

A Good Day for a Hat Random House Books for Young Readers

The second volume of Sondheim's collected lyrics is both a remarkable glimpse into the brilliant mind of a

legend, and a continuation of the acclaimed and best-selling *Finishing the Hat*. Picking up where he left off in *Finishing the Hat*, Sondheim gives us all the lyrics, along with excluded songs and early drafts, of the Pulitzer Prize-winning *Sunday in the Park with George*, *Into the Woods*, *Assassins* and *Passion*. Here, too, is an in-depth look at the evolution of *Wise Guys*, which subsequently was transformed into *Bounce* and eventually became *Road Show*. Sondheim takes us through his contributions to both television and film, some of which may surprise you, and covers plenty of never-before-seen material from unproduced projects as well. There are abundant anecdotes about his many collaborations, and readers are treated to rare personal material in this volume, as Sondheim includes songs culled from commissions, parodies and personal special occasions—such as a hilarious song for Leonard Bernstein’s seventieth birthday. As he did in the previous volume, Sondheim richly annotates his lyrics with invaluable advice on songwriting, discussions of theater history and the state of the industry today, and exacting dissections of his work, both the successes and the failures. Filled with even more behind-the-scenes photographs and illustrations from Sondheim’s original manuscripts, *Look, I Made a Hat* is fascinating, devourable and essential reading for any fan of the theater or this great man’s work.
