In this incisive book Carol Swain explores what strategies are most likely to lead to greater representation of black political interests. She studies the constituency relations and roll-call voting of black members of Congress from a variety of districts--historically black, newly black, heterogeneous, and primarily white--and of white members from districts with either a black majority or a significant black minority. She challenges the proposition that only African Americans can represent black interests effectively, and argues that blacks must form coalitions with white representatives to serve black needs. Swain has updated this edition with a new chapter entitled "Black Congressional Representation since 1992."

Grits is a fascinating cultural history and examination of the current role of grits in Southern cuisine. For food writer Erin Byers Murray, grits had always been one of those basic, bland Southern table necessities—something to stick to your ribs or dollop the butter and salt onto. But after hearing a famous chef wax poetic about the terroir of grits, her whole view changed. Suddenly the boring side dish of her youth held importance, nuance, and flavor. She decided to do some digging to better understand the fascinating and evolving role of grits in Southern cuisine and culture as well as her own Southern identity. As more artisan grits producers gain attention in the food world, grits have become elevated and appreciated in new ways, nationally on both sides of the Mason Dixon Line, and by international master chefs. Murray takes the reader behind the scenes of grits cultivation, visiting local growers, millers, and cooks to better understand the South's interest in and obsession with grits. What she discovers, though, is that beyond the culinary significance of grits, the simple staple leads her to complicated and persisting issues of race, gender, and politics.

A NEW YORK TIMES NOTABLE BOOK OF 2019 * BARNES & NOBLE DISCOVER GREAT NEW WRITERS PICK * OPRAH MAGAZINE SUMMER 2019 READING LIST SELECTION * NEW YORK TIMES EDITOR'S CHOICE "A soul-shaking chronicle of the 2015 Charleston massacre and its aftermath... [Hawes is] a writer with the exceedingly rare ability to observe sympathetically both particular events and the horizon against which they take place without sentimentalizing her subjects. Hawes is so admirably steadfast in her commitment to bearing witness that one is compelled to consider the story she tells from every possible angle." —The New York Times Book Review A deeply moving work of narrative nonfiction on the tragic shootings at the Mother Emanuel AME church in Charleston, South Carolina from Pulitzer Prize-winning journalist Jennifer Berry Hawes. On June 17, 2015, twelve members of the historically black Emanuel AME Church in Charleston, South Carolina welcomed a young white man to their evening Bible study. He arrived with a pistol, 88 bullets, and hopes of starting a race war. Dylann Roof's massacre of nine innocents during their closing prayer horrified the nation. Two days later, some relatives of the dead stood at Roof's hearing and said, "I forgive you." That grace offered

the country a hopeful ending to an awful story. But for the survivors and victims' families, the journey had just begun. In *Grace Will Lead Us Home*, Pulitzer Prize-winning journalist Jennifer Berry Hawes provides a definitive account of the tragedy's aftermath. With unprecedented access to the grieving families and other key figures, Hawes offers a nuanced and moving portrait of the events and emotions that emerged in the massacre's wake. The two adult survivors of the shooting begin to make sense of their lives again. Rifts form between some of the victims' families and the church. A group of relatives fights to end gun violence, capturing the attention of President Obama. And a city in the Deep South must confront its racist past. This is the story of how, beyond the headlines, a community of people begins to heal. An unforgettable and deeply human portrait of grief, faith, and forgiveness, *Grace Will Lead Us Home* is destined to be a classic in the finest tradition of journalism. *Macmillan/McGraw-Hill Social Studies, Grade 2, Practice Book* Macmillan

Learning to share love Things at Jennalee's house are just plain crazy, which is why she loves her predictable days helping Uncle Beau (who isn't really her uncle) at his general store. But then Rupert Goody shows up, claiming to be Uncle Beau's son. Jennalee can't believe it, because Rupert is black and Uncle Beau is white. But Uncle Beau tells her it is true and incorporates Rupert into his life, ruining Jennalee's routine. Although Rupert is slow, he is kind-hearted and tries hard to please. When more unforeseen events -- this time frightening ones -- further interrupt life at the store, Jennalee comes to see that Rupert Goody, odd though he may be, is certainly not the worst unexpected thing that could come along, and that he belongs with Uncle Beau as much as she does. With a vividly depicted setting, emotional truth, and a distinctly Southern voice, Barbara O'Connor shows that there is love enough to go around.

Both suspenseful and deeply moving, *Carolina Moonset* is an engrossing novel about family, memories both golden and terrible, and secrets too dangerous to stay hidden forever, from New York Times bestselling and Emmy Award-winning author, Matt Goldman. Joey Green has returned to Beaufort, South Carolina, with its palmettos and shrimp boats, to look after his ailing father, who is succumbing to dementia, while his overstressed mother takes a break. Marshall Green's short-term memory has all but evaporated, but, as if in compensation, his oldest memories are more vivid than

ever. His mind keeps slipping backwards in time, retreating into long-ago yesterdays of growing up in Beaufort as a boy. At first this seems like a blessing of sorts, with the past providing a refuge from a shrinking future, but Joey grows increasingly anxious as his father's hallucinatory arguments with figures from his youth begin to hint at deadly secrets, scandals, and suspicions long buried and forgotten. Resurfacing from decades past are mysteries that still have the power to shatter lives—and change everything Joey thought he knew. Especially when a new murder brings the police to his door...
