Find Peace, Clarity, and the Divine on the Inside While being incarcerated for her struggles with drug addiction, Awyn Dawn began to actively look for her spiritual side—and she found it in Paganism. By developing a profound relationship with the gods, Awyn gained greater clarity and a deep sense of peace. You can too with help from this empowering guide to starting and strengthening your spiritual practice. Providing dozens of easy-to-use exercises, Paganism for Prisoners shows you how to embrace Pagan teachings and learn from deities, ancestors, and spirits. Explore the power of meditation, self-reflection, rituals, and devotions. Meet the gods and goddesses of Celtic, Norse, Greek, Roman, and other pantheons. You'll also discover the power of the elements, the moon, the Wheel of the Year, and your own intuition. With this book, you'll manifest extraordinary change within yourself. Includes a foreword by Christopher Penczak, author of the bestselling Temple of Witchcraft series

[Witches](#) Routledge

This is a detailed and fascinating overview of the magical traditions and practices of the modern western world.

[Nine Worlds of Seid-Magic](#) University of Pennsylvania Press

Many readers will know Nigel Pennick as the author of over fifty books on geomancy, folklore, paganism, and the runes. But who is Nigel Pennick? In this comprehensive and convivial memoir, Pennick describes his formative years growing up in a London devastated by the Blitz. Beyond the obvious physical destruction wrought by the war, it was a world characterized by severe psychological trauma. For the adults in his life, this could lead to a spirit of callousness and disregard for human life. For his young contemporaries, it was the catalyst to question every received opinion and established institution. During his time as a biology student and scientific researcher, Pennick threw himself into the realms of alternative publishing, avant-garde art, and experimental music. Unlike the American counterculture, however, the British underground embraced elements of localism, ruralism, and the supernatural, which resonated in Pennick's consciousness (the recent popularity of the "folk horror" genre of film and literature is proof

positive that these ideas have lost none of their imaginative appeal). While he rejected the naive political utopianism of his peers and shunned the excesses of the drug culture, it was these deeper themes of tradition and the spirit of place that would inform his career as a writer over the last half-century. But Wyrð Times is more than just an inventory of Pennick's intellectual interests. Abundantly illustrated with rare material from his private archives, it is a rollicking ride through a personal universe populated with Dadaists and Diggers; dowsers and ley hunters; witches and toadmen; heathens, football hooligans, UFO fanatics, and eccentric outsiders of every stripe. What's more, it is a virtual catalog of the incredible array of roles Pennick himself has played throughout this unfolding drama: researcher and lecturer, scientist and magician, mummer and musician, artist and craftsman, and far-ranging traveler between worlds—both seen and unseen. Throughout it all, Pennick's unique perspective and wry sense of humor shine forth, illuminating topics like art, religion, tradition, the nature of fate and mortality, and an undying spirit of personal resistance. Nigel Pennick is the author of *Elemental Magic* (2020), *A History of Pagan Europe* (with Prudence Jones, 1995), *Pagan Magic of the Northern Tradition* (2015), *The Spiritual Power of Masks* (2022), *Witchcraft and Secret Societies of Rural England* (2019), and many more. His book *The*

Eldritch World (2019) is available from Arcana Europa.

WICCA Crystal Magic and Runes Light Of The Moon Publishing

A guide to the practice of planetary magic • Offers tools for practitioners of green magic and folk magic to incorporate astrology into their practice • Includes an extensive collection of magical remedies to resolve astrological afflictions • Provides information on creating planetary altars and the astrological correspondences of traditional pagan holidays Traditionally, magically oriented astrology has focused on Sun-sign horoscopes while modern Western astrology has focused on attempting to become as “scientific” as possible in hopes of aligning with its sister science of astronomy. In Pagan Astrology, Raven Kaldera, a practicing astrologer and Pagan shaman, uses the commonalities and strengths of Western astrology and Pagan green magic to introduce a hands-on astrological practice that incorporates intuition, spells, and other modes of folk magic into astrology. Kaldera includes an extensive compendium of modern magical remedies to counteract negative astrological influences and shows how to use planetary energy to aid Pagan worship and green magic practice through spell casting, love magic, and shamanic stargazing. Kaldera also explains how to create planetary altars that enhance the astrological correspondences of traditional Pagan holidays using the tools of folk magic. Practitioners of green and folk magic and those who love traditional astrology will welcome this unique approach to planetary magic.

Norse Magic Abilene Jones

Elves and dwarves, gnomes and frost giants...Norse mythology is filled with tales of such supernatural beings, nature spirits, and powerful deities. Many people know that the Norse people were fierce warriors, but did you know that they were powerful magicians as well? Norse Magic has everything you need to learn in order to begin practicing Norse spirituality. Discover the history and religion of the Vikings, including Norse mythology, seasonal festivals, and magical techniques. If you are interested in practicing Norse Wicca, you'll learn about the three-fold goddess and the god, as well as how to celebrate the holidays, all from the perspective of Norse Paganism. Discover the secrets of herb magic, cauldron magic, cord magic, elf magic, dwarf magic, and more. These magical techniques are presented in a clear, step-by-step format. The practice of Norse magic enlists the help of the Asa-Gods, Light Elves and good Dwarves. It elicits aid from dead ancestors and the rulers of the Elements. It is an active magic, reserved for participants, not bystanders. In order to work the magic of this system you must attune yourself to the powers of the Elements, calling upon the Asa-Gods and other supernatural beings. Norse Magic includes complete instructions, exercises, and rituals for this technique. The Norse Pagans were one of the last European societies to convert to Christianity, but their Pagan mythology and magic survived and continues to thrive. Norse Magic is your key to the study and practice of this powerful and ancient spiritual system.

RitualCraft Union Square & Co.

"For many Witches, there is no earthly manifestation more sacred than a tree. From their highest-reaching branches to the furthest depths of their underground roots, trees speak to us in a silent, magical language. In her newest book, Tree magic, best-selling author Lisa Chamberlain show you how to work consciously with the powerful energies of trees to enhance and improve your life. Understanding where our magical traditions come from can lead to fresh inspiration for new innovations. In this spirit, Lisa uncovers the importance of trees to the ritual and magical lives of two ancient Northern European cultures-- the Germanic peoples and the Celts-- that have long inspired modern Wiccan practices. She then focuses on 13 magical trees native to North America,

to help the witches of "the New World" ground their practice of tree magic more firmly on home soil." -- Page [4] of cover.

Northern Mysteries & Magic Llewellyn Worldwide

REF Jordan (Encyclopedia of Gods, LJ 7/93) gives brief definitions of the terms, events, people, and holidays of the pagan movement, a faith based on the concept that the earth is sacred and the feminine is present in worship. He offers interviews with Vivienne Crowley, Olivia Durdin-Robertson, Maxine Sanders, and Doreen Valiente, who are extremely important to the pagan and witchcraft movements in Great Britain. The entries are concise, well written, informative, and balanced. While some cover the American pagan movement, the focus is on witchcraft and paganism in Great Britain. Even so, this is an important volume for American audiences because the British movements have deeply influenced much of American witchcraft. The photographs are spectacular. Highly recommended for collections that serve patrons practicing or studying alternative religions and appropriate for academic and general collections in public libraries. Gail Wood, SUNY Coll. at Cortland, N.Y.-

The Runes Simon and Schuster

This accessible study of Northern European shamanistic practice, or seidr, explores the way in which the ancient Norse belief systems evoked in the Icelandic Sagas and Eddas have been rediscovered and reinvented by groups in Europe and North America. The book examines the phenomenon of altered consciousness and the interactions of seid-workers or shamanic practitioners with their spirit worlds. Written by a follower of seidr, it investigates new communities involved in a postmodern quest for spiritual meaning.

Llewellyn Worldwide

This revised and expanded anniversary edition features the same delightful introduction to the history and lore of magic as the first edition of the "little green book" published 15 years ago.

The Northern Tradition Southwater

Stephen A. Mitchell here offers the fullest examination available of witchcraft in late medieval Scandinavia. He focuses on those people believed to be able—and who in some instances thought themselves able—to manipulate the world around them through magical practices, and on the responses to these beliefs in the legal, literary, and popular cultures of the Nordic Middle Ages. His sources range from the Icelandic sagas to cultural monuments much less familiar to the nonspecialist, including legal cases, church art, law codes, ecclesiastical records, and runic spells. Mitchell's starting point is the year 1100, by which time Christianity was well established in elite circles throughout Scandinavia, even as some pre-Christian practices and beliefs persisted in various forms. The book's endpoint coincides with the coming of the Reformation and the onset of the early modern Scandinavian witch hunts. The terrain covered is complex, home to the Germanic Scandinavians as well as their non-Indo-European neighbors, the Sámi and Finns, and it encompasses such diverse areas as the important trade cities of Copenhagen, Bergen, and Stockholm, with their large foreign populations; the rural hinterlands; and the insular outposts of Iceland and Greenland. By examining witches, wizards, and seeresses in literature, lore, and law, as well as surviving charm magic directed toward love, prophecy, health, and weather, Mitchell provides a portrait of both the practitioners of medieval Nordic magic and its performance. With an understanding of mythology as a living system of cultural signs (not just ancient sacred narratives), this study also focuses on such powerful evolving myths as those of "the milk-stealing witch," the diabolical pact, and the witches' journey to Blåkulla. Court cases involving witchcraft, charm magic, and apostasy demonstrate that witchcraft ideologies played a key role in conceptualizing gender and were themselves an important means of exercising social control.

Witchcraft and Magic in Europe, Volume 6 Llewellyn Worldwide

From Sabbat events to magick ceremonies to handfastings, ritual is at the heart of Pagan worship and celebration. Whether you're planning a simple coven initiation or an elaborate outdoor event for hundreds, "RitualCraft" can help you create and conduct meaningful rituals. Far from a recipe book of rote readings, this modern text explores rituals from many cultures and offers a step-by-step Neopagan framework for creating your own. The authors share their own ritual experiences--the best and the worst--illustrating the elements that contribute to successful ritual. "RitualCraft" covers all kinds of occasions: celebrations for families, a few people or large groups; rites of passage; Esbats and Sabbats; and personal transformation. Costumes, ethics, music, physical

environment, ritual tools, safety, speech, and timing are all discussed in this all-inclusive guidebook to ritual.

The Witch Pagan Magic of the Northern Tradition

Topics include modern pagan witchcraft, Satanism, and the continued existence of traditional witchcraft.

Pagan Astrology Llewellyn Worldwide

Written by the President of the Pagan Federation, who is also a follower of the Norse (or Northern) Tradition - so he can be classed as a bit of an authority on the subject. A good basic introduction to anyone interested in finding out about this particular Pagan path. Dragonsphere Pete has clearly set out the basic principles of the Norse Tradition Wiccan Rede A compact, concise, very affordable book that I would have no hesitation in recommending Eastern Spirit A comprehensive introduction to the Northern Tradition, a vibrant, living current within the multitude of spiritual paths of Paganism. It explains the Pagan religious beliefs of the Saxon and Norse peoples and their associated magic. Through practical exercises the book teaches you about runes, Troth, folklore and rituals in addition to the history of this exciting and mysterious tradition and it s practise and relevance today.

Wicca Nature Magic Harper Collins

Provides an overview of Heathenry, a modern polytheistic religious movement based on the ancient religion of the Germanic and Scandinavian peoples.

Learn about correspondences, sacred herbs and woods, and how to stay safe while honoring this element. Featuring guest contributors, fire deities, mythical beasts, crystals, and more, Fire Magic inspires you to reignite your passion for magic.

Fire Magic Simon and Schuster

A practical guide to the Anglo-Saxon Futhark and how runes were used in Old England • Examines the 33 Northumbrian runes of the Anglo-Saxon Futhark, providing the meanings, historical uses, symbolism, and related tree and plant spirits for each • Explores geomancy divination practices, the role of sacred numbers, and the power of the eight airts, or directions • Provides a magical history of Northumbria, as well as a look at the otherworldly beings who call these lands home, including boggarts, brownies, and dragons • Shows how traditional spirituality is intimately tied to the landscape and the cycle of the seasons In the early Anglo-Saxon period, the region of Great Britain known as Northumbria was a kingdom in its own right. These lands, in what is now northern England and southeast Scotland, were the targets of the first Viking raids on Britain. This violent influx, followed by the establishment of trade routes with the Norse, brought the runes to the region, where they intermingled with local magical traditions and legends, resulting in the development of a practical runic wisdom entirely unique to Northumbria. In this guide to the Wyrdstaves, or runic practices, of Old Northumbria, Nigel Pennick examines the thirty-three runes of the Anglo-Saxon Futhark and how they were used in Old England for weaving the web of Wyrd. Sharing runic lore and legends from the area, he explains how the Northumbrian runes are unique because they contain elements from all the cultures of the region, including the Picts, Britons, Romans, Angles, Scots, and Norse. He illustrates how each rune in this tradition is a storehouse of ancient knowledge, detailing the meanings, historical uses, symbolism, and related tree and plant spirits for each of the thirty-three runes. The author describes the Northumbrian use of runes in magic and encryption and explores geomancy divination practices, the role of sacred numbers, and the power of the eight airts, or directions. He also shows how the Northumbrian runes have a close relationship with Ogam, the tree alphabet of the ancient Celts. Providing a magical history of Northumbria, as well as a look at the otherworldly beings who call these lands home, including boggarts, brownies, and dragons, Pennick explains how traditional spirituality is intimately tied to the landscape and the cycle of the seasons. He reveals how the runic tradition is still vibrantly alive in this area and ready for us to reawaken to it.

Exploring the Northern Tradition Llewellyn Worldwide

A practical guide to the magical systems of pre-Christian Iceland • Reveals spells and workings drawn directly from surviving magical books from the 16th to 20th century preserved at the National Library in Reykjavík • Explores the history of magic in Iceland through original translations of Icelandic folktales about famous magicians and about legendary grimoires, such as the Galdrabók, the oldest and most complete book of its kind • Explains how to personalize the spells through the creation of unique signs and symbols based on the mythic names of Odin and Icelandic magical alphabets During the Christianization of Europe in the Middle Ages, many books of magic were lost as the ancient pagan traditions were suppressed. But in Iceland the practice of

recording magical spells in books continued in secret for centuries, on a scale not seen elsewhere. Now housed in the National Library in Reykjavík, these surviving grimoires, which represent only a hundredth of what was lost, reveal a rich magical tradition that continued to evolve into the 20th century. Drawing directly from the actual surviving Icelandic books of magic, Stephen Flowers presents a complete system of magic based on Icelandic lore and magical practices from the 16th century onward. He explores the history of magic in Iceland in pagan and early Christian times and reveals specific practical techniques and ritual templates that readers can adapt to their unique purposes. Illustrating traditional Icelandic magical practices and the Icelanders' attitudes toward them, he shares original translations of Icelandic folktales about famous magicians, such as the

legend of Gray-Skin, and about legendary grimoires, such as the Galdrabók, the oldest and most complete book of its kind. After initiating the reader into the grammar and symbols of Icelandic magic through history and lore, Flowers then presents an extensive catalog of actual spells and magical workings from the historical Icelandic books of magic. These examples provide ready-made forms for practical experimentation as well as an exemplary guide on how to create signs and symbols for more personalized magical work. The author also includes guidance on creating unique magical signs from the 100 mythic names of Odin, which he translates and interprets magically, and from Icelandic magical alphabets, symbols that connect Icelandic magic to the ancient runic tradition.
