Milwaukee by Night

Emons Publishers Milwaukee is often described as a "big small town," and its quirky character stems from its many neighborhoods--each with its own stories

to tell. Early territorial disputes, for example, led to the horribly (or humorously) misaligned streets of downtown. The city's signature rectangular pizza was born in the Third Ward. In Kilbourntown, Teddy Roosevelt was saved from an assassin's bullet by the smallest of items. Not far from that spot, eight baseball team owners formed the American League of Professional Baseball Clubs. And no matter the neighborhood, a fantastic glass of suds is never far away in this renowned beer city. Leading readers on a neighborhood-by-neighborhood tour, author and Milwaukee native Jim Nelsen pinpoints the fascinating historic locations of the Cream City.

History of Milwaukee

Arcadia Publishing In this gritty anthology, fourteen mystery stories show the seedier side of the Wisconsin city beyond beer, butter burgers, and Laverne & Shirley. Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each book comprises all-new stories, each one set

in a distinct neighborhood or location within the respect city. Now, fourteen authors who've experienced life in the Cream City share its mysteries in Milwaukee Noir. With stories from: Jane Hamilton, Reed Farrel Coleman, Valerie Laken, Matthew J. Prigge, Shauna Singh Baldwin, Vida Cross, Larry Watson, Frank Wheeler Jr., Derrick Harriell, Christi Clancy, James E. Causey, Mary Thorson, Nick Petrie, and Jennifer Morales. Praise for Milwaukee Noir "Luxuriate in the seedy, wallow in the angry and shiver at the horrors that surely await you around the corner . . . The sheer localness of Milwaukee Noir is superb, and the seediness of many characters here would qualify them for membership in a Tom Waits song." —Milwaukee Journal Sentinel "A very strong collection of short fiction. . . . A richly textured collection that is, by turns, gripping, thought provoking, and simply entertaining." —Booklist "The violent, dark stories in this anthology fit the bill perfectly with the intention, as editor Hennessy writes, to be

social commentary
 Tales by Jane Hamilton and Christi Clancy stand out, evidence that ordinary people can get swept up in hatred, even if they did not start out living with violence, drunkenness, or poverty.”
 —Library Journal
 “Milwaukee bookseller and writer Hennessy does justice to the harsher aspects of his hometown in this fine anthology The 14 contributors show that violence is not a prerequisite to crafting a haunting depiction of despair The selections make the different neighborhoods, seedy or otherwise, come to life, even for those who have never set foot in them.”
 —Publishers Weekly
 “Fourteen free-wheeling stories document the grit and glory of Milwaukee A nod to Milwaukee’s blue-collar heritage, a frank look at racial disharmony, and a peek at the future make Hennessy’s collection a find for fans of urban noir.” —Kirkus Reviews

 When Johnquell, an African American teen, suffers a serious accident in the home of his white neighbor, Mrs. Czernicki, his community must find

ways to bridge divisions between black and white, gay and straight, old and young. Set in one of the nation’s most highly segregated cities—Milwaukee, Wisconsin—Meet Me Halfway tells stories of connections in a community with a tumultuous and divided past. In nine stories told from diverse perspectives, Jennifer Morales captures a Rust Belt city’s struggle to establish a common ground and a collective vision of the future. Morales gives life to multifaceted characters—white schoolteachers and senior citizens, Latino landlords, black and Puerto Rican teens, political activists, and Vietnam vets. As their lives unfold in these stories, we learn about Johnquell’s family—his grandparents’ involvement in the local Black Panther Party, his sister’s on-again, off-again friendship with a white classmate, and his aunt’s identity crisis as she finds herself falling in love with a woman. We also meet Johnquell’s mother, Gloria, and his school friend Taquan, who is struggling to chart his own future. As an activist mother in the thick of Milwaukee politics, Morales

developed a keen ear and a tender heart for the kids who have inherited the city’s troubled racial legacy. With a critical eye on promises unfulfilled, Meet Me Halfway raises questions about the notion of a “postracial” society and, with humor and compassion, lifts up the day-to-day work needed to get there. Runner-up, Short Story/Anthology, Midwest Book Awards Best books for public & secondary school libraries from university presses, American Library Association Wisconsin representative for “Great Lakes Reads,” Library of Congress Center for the Book and its affiliated Midwest centers Outstanding Achievement Award, Wisconsin Library Association (one of ten 2015 books chosen)

sanctioned bowling alley. Watch an art museum flap its wings, or tour the city's only urban cheese factory to find out why cheese curds squeak. Milwaukee, a city both stunning and charming, also possesses a dry, self-deprecating wit and goofy cleverness.  "An important contribution to the literature on contemporary American politics. Both methodologically and substantively, it breaks new ground." —Journal of Sociology & Social

Welfare When Scott Walker was elected Governor of Wisconsin, the state became the focus of debate about the appropriate role of government. In a time of rising inequality, Walker not only survived a bitterly contested recall, he was subsequently reelected. But why were the very people who would benefit from strong government services so vehemently against the idea of big government? With *The Politics of Resentment*, Katherine J. Cramer uncovers an oft-overlooked piece of the puzzle: rural political consciousness and the resentment of the “liberal elite.” Rural voters are distrustful that politicians will respect the distinct values of their communities and allocate a fair share of resources. What can look like disagreements about basic political principles are therefore actually rooted in something even more fundamental: who we are as people and how closely a candidate’s social identity matches our own. Taking a deep dive into Wisconsin’s political climate, Cramer illuminates the contours of rural consciousness, showing how place-based identities profoundly

influence how people understand politics. *The Politics of Resentment* shows that rural resentment—no less than partisanship, race, or class—plays a major role in dividing America against itself. [Highways II](#) Emons Publishers
The environment that we construct affects both humans and our natural world in myriad ways. There is a pressing need to create healthy places and to reduce the health threats inherent in places already built. However, there has been little awareness of the adverse effects of what we have constructed—or the positive benefits of well designed built environments. This book provides a far-reaching follow-up to the pathbreaking *Urban Sprawl and Public Health*, published in 2004. That book sparked a range of inquiries into the connections between constructed environments, particularly cities and suburbs, and the health of residents, especially humans. Since then, numerous studies have extended and refined the book’s research and reporting. *Making Healthy Places* offers a fresh and

comprehensive look at this vital subject today. There is no other book with the depth, breadth, vision, and accessibility that this book offers. In addition to being of particular interest to undergraduate and graduate students in public health and urban planning, it will be essential reading for public health officials, planners, architects, landscape architects, environmentalists, and all those who care about the design of their communities. Like a well-trained doctor, *Making Healthy Places* presents a diagnosis of—and offers treatment for—problems related to the built environment. Drawing on the latest scientific evidence, with contributions from experts in a range of fields, it imparts a wealth of practical information, with an emphasis on demonstrated and promising solutions to commonly occurring problems.

“An adventure, a mystery,

and a love song to the natural world. . . . Run out and read it. Right now.”—Newbery Medalist Karen Cushman In the town of Placid, Wisconsin, in 1871, Georgie Burkhardt is known for two things: her uncanny aim with a rifle and her habit of speaking her mind plainly. But when Georgie blurts out something she shouldn't, her older sister Agatha flees, running off with a pack of "pigeoners" trailing the passenger pigeon migration. And when the sheriff returns to town with an unidentifiable body—wearing Agatha's blue-green ball gown—everyone assumes the worst. Except Georgie. Refusing to believe the facts that are laid down (and coffined) before her, Georgie sets out on a journey to find her sister. She will track every last clue and shred of evidence to bring Agatha home. Yet even with resolute determination and her trusty Springfield single-shot, Georgie is not prepared for what she faces on the western frontier.

The Great Lakes are the

largest collection of fresh surface water on earth, and more than 40 million Americans and Canadians live in their basin. Will we divert water from the Great Lakes, causing them to end up like Central Asia's Aral Sea, which has lost 90 percent of its surface area and 75 percent of its volume since 1960? Or will we come to see that unregulated water withdrawals are ultimately catastrophic? Peter Annin writes a fast-paced account of the people and stories behind these upcoming battles. Destined to be the definitive story for the general public as well as policymakers, *The Great Lakes Water Wars* is a balanced, comprehensive look behind the scenes at the conflicts and compromises that are the past-and future-of this unique resource. and revenge. Magpie Lewis started writing in her yellow notebook the day after her family self-destructed. The day her father ruined her mother's life. The day Magpie's sister, Eryn, skipped town and left her to fend for herself. The day of Brandon Phipp's party. Now Magpie is called a slut in the hallways of her high school, her former best friend won't speak to her, and she spends her lunch period with a group of misfits who've all been as socially exiled as she has. And so, feeling trapped and forgotten, Magpie retreats to her notebook, dreaming up a magical place called Near. Near is perfect - a place where her father never cheated, her mother never drank, and Magpie's own life never derailed so suddenly. She imagines Near so completely, so fully, that she writes it into existence, right in her own backyard. At first, Near is a peaceful escape, but soon it becomes something darker, somewhere nightmares lurk and hidden truths come to light. Soon it becomes a place where Magpie can do anything she wants...even get her revenge. You Must Not Miss is an intoxicating, twisted tale of magic,

menace, and the monsters that live inside us all.

Most Brewers fans have enjoyed a beer and a brat at Miller Park, proudly sported a hat with the iconic ball-in-glove logo, and listened to Bob Uecker call a game. Names like Pete Yuckovich and Gorman Thomas are just as familiar as Robin Yount and Paul Molitor. But even the most die-hard fans don't know everything about their beloved Brewers. In *100 Things Brewers Fans Should Know & Do Before They Die*, Tom Haudricourt has assembled the facts, traditions, and achievements sure to educate and entertain true fans. Do you know which player regularly stopped by tailgates before games? Which pitcher worked as a garbageman before joining the Brewers? And why was Uecker's first scouting report covered in mashed potatoes and gravy? All of the key figures and events are here: Bud Selig's purchase of the Seattle Pilots in 1970; Harvey's Wallbangers of the early 1980s; the 2011 NL

Central title, and even the team's recent development under manager Craig Counsell.

"Milwaukee may be known for beer, brats and custard, but the city's food history is even richer and tastier. At the Public Natatorium, diners supped at an old public pool and watched a dolphin show at the same time. Solly's, Oriental Drugs and others nurtured a thriving lunch counter culture that all ages enjoyed. Supper clubs and steakhouses like Five O'Clock reigned supreme. And we can't forget about the more illicit side of Milwaukee meals, like the mafia hangouts and a local fast-food chain with a mysterious resemblance to a national brand. Pairing the history of classic restaurants with recipes of favorite dishes, author Jennifer Billock explores both the well-known and the quirkier sides of Milwaukee's dining past."--Provided by publisher.
