"With *Secrets*, Nuruddin Farah solidifies his reputation as one of the world's great writers."—Ishmael Reed Set against the backdrop of the civil war in Somalia, this stunningly ambitious novel was a Los Angeles Times Book Review Best Fiction of the Year Selection. In Mogadiscio, the dictator is preparing to flee and clans are moving into the city, which rattles with machine gun fire. Society is collapsing under the weight of its own perversities. Unexpectedly, Kalamán, a businessman who owns a computer store, receives a visit from his childhood crush, who has returned from America to take him up on an old pledge—and have his child. The arrival of his house guest pulls Kalamán back into a past he thought he had escaped, rife with doubts and secrets that go deep into his heritage. In a dazzling display of storytelling genius, Nuruddin Farah weaves together myth and magic, shape shifters and tribal wisdom, frank sexuality and lyrical prose as Kalamán revisits his own coming of age story and finds the heartbreaking tale of his family's lost innocence amid the ravages of authoritarianism. With *Secrets*, the culmination of his Blood in the Sun trilogy, Farah draws readers through the rifts that have torn across Somali society and into the culture and mindset of his troubled country. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Book of Me BRILL

Welches waren die Ideale der Olympischen Spiele der Antike? Wie qualifizierten sich die Athleten? Warum erduldeten die Zuschauer in Olympia so raue Bedingungen? Welche Bedeutung hatte das Heiligtum für Elis? Warum waren die Olympioniken so berühmt? Athletika wendet sich diesen und anderen interessanten Fragen zu, mit einer detaillierten Analyse der Primärquellen und der neuesten Forschung. Tiefgründig untersucht der Autor die verschiedenen Disziplinen der griechischen Wettkämpfe, das Alter der Teilnehmer, die Zuchtigung der Athleten, die Bedeutung des Sieges, das Training, die Nacktheit, die Sklaven, die Zuschauer, die Gewalt, den Sinn von "fair play", die Unparteilichkeit der Organisatoren, und die städtischen Wettkämpfe. Außerdem behandelt er so unterschiedliche Themen wie die Wettkämpfe in Bodybuilding und Gewichtheben, die Haltung der Römer den Olympischen Spielen gegenüber, den Trainingsplan Ciceros, Mannschaftsspiele und ihre Bedeutung für die moderne Welt, Skandale der Antike und der Moderne, und das Vermächtnis des griechischen und römischen Sports. What were the ideals of the ancient Olympics? How did athletes qualify? Why did spectators endure such harsh conditions at Olympia? What is the significance of the Sanctuary for Elis? Why were the Olympics so popular? Athletika addresses these intriguing questions and others, with a detailed analysis of the primary sources and recent scholarship. The author examines in depth the events of Greek athletics, the ages of competitors, the flogging of athletes, the importance of victory, training, nudity, slaves, spectators, violence, the sense of "fair play", the impartiality of officials, and civic athletics. He also explores such diverse topics as bodybuilding and weightlifting contests, Roman attitudes to the Olympic Games, the exercise routine of Cicero, team games and their relevance for the modern world, ancient and modern scandals, and the legacies of Greek and Roman sport.

Ned Kelly, famous outlaw and folk hero, grew up in Australia in the late 1800s. His life of crime began as a teenager stealing horses and later escalated to murder. Kelly soon had a price on his head, which could be collected through his capture or death. This high-interest volume relays the events that led to Kelly's hanging in 1880 and why he became a hero to many Australians.

Photographs of Kelly and his accomplices, additional information in sidebars and fact boxes, and direct quotations from those involved reveal much about Australia's history and culture.

Thus far an 'agent' in the social sciences has always meant someone whose actions bring about change. In this volume, the editors challenge this position and examine the possibility that agency is not a solely human property. Instead, this collection of archaeologists, anthropologists, sociologists and other social scientists explores the symbiotic relationships between humans and material entities (a key opening a door, a speed bump raising a car) as they engage with one another.

It was not until the seventies that the Berlin Wall started looking like the white concrete swath that has been burned into collective memory. Before that, it consisted of brick walls, dog patrol areas, and barbed wire fences. Around 1965/66, soldiers from the East German border patrol took pictures of the inner-city wall over a length of about forty kilometers, producing more than one thousand views of West Berlin. Photographer Arwed Messmer (\*1964 in Schopfheim) digitally reconstructed these images to create about three hundred panoramas, and author Annett Gröschner (\*1964 in Magdeburg) supplied them with captions. Supplementing these captioned photos are portraits of soldiers, snapshots, and reports of escape attempts, which together recall everyday occurrences along the border. Contributions on the architecture and metamorphosis of the Wall over time, its literary treatment, as well as on the importance of the project for the history of photography throw light on the fascinating worlds of associations of a structure that symbolizes the perversions of the twentieth century like no other. The project is supported by the Federal Archives, the German Federal Cultural Foundation, and the Federal Foundation for the Reappraisal of the SED Dictatorship. Exhibition schedule: Unter den Linden 40, Berlin, August 5-October 3, 2011 The book *Aus Anderer Sicht/The Other View* is bound in a special "open softcover" technique which allows the opened book to lie flat. To this purpose its end leaf has only been partially glued to the cover. This is no binding mistake!

One foot, two feet One mouse, three mice One goose, four geese In this clever counting book, die-cut windows frame a single object and a turn of the page reveals a group. Featuring familiar objects and funny artwork, this inventive concept book is a great introduction to both counting and common irregular plural nouns. A cumulative row of illustrations along the bottom of the pages shows all of the previous objects in order, so kids can keep track of where they are, and the book also contains a fun hide-and-seek game, inviting kids to spy a little airplane zooming through each spread.
