The Secret Keeper Hodder

Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be "normal," to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a community, and believing in something better. Published to rave reviews as *Future Girl* in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, *The Words in My Hands* is very much a novel for our turbulent times.

ONE MISTAKE. ONE BAD NIGHT. ONE TOO MANY DRINKS. Sarah Aronson's *Head Case* is a powerful and heartbreaking debut novel about a guy who had it all...until he drank that fifth beer and got into the car. Frank Marder is a head, paralyzed from the neck down, and it's his fault. He was drinking. He was driving. Now Frank can't walk, he can't move, he can't feel his skin. He needs someone to feed him, to wash him, to move his body. But if you ask most of the people who are posting on www.quadkingonthenet, he hasn't been adequately punished. Two people are dead because of him. Frank should go to jail. Only "Anonymous" disagrees.

Collects all the brief Archer fiction: the stories from Macdonald's 1955 paperback-original "The Name Is Archer," the additional tales included in the Otto Penzler-edited 1977 volume "Lew Archer: Private Investigator," and the three then-unknown novellas presented in Crippen & Landru's 2001 book "Strangers in Town." Also included are several lengthy, never-before-published fragments of unfinished Macdonald stories: case notes, as it were, from the files of Lew Archer. Edited by Macdonald biographer Tom Nolan and prefaced with Nolan's biographical sketch of Lew Archer himself -- the character Eudora Welty described as "a champion" and "a distinguished creation ... As a detective and as a man he takes the human situation with full seriousness.

The Complete Short Stories of Lew Archer, Private Investigator Spencer Hill Contemporary

THE INSTANT #1 NEW YORK TIMES BESTSELLER "Sparkling with mystery, humor and the uncanny, this is a fun read. But beneath its effervescent tone, more complex themes are at play." —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of *Crash Course*, *Vlogbrothers*, and *SciShow*—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she's part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, *An Absolutely Remarkable Thing* grapples with big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful novel of now.

Code Name Verity meets Jennifer Donnelly's *Revolution* in this gripping debut novel. NOW: Sixteen-year-old Alice is spending the summer in Paris, but she isn't there for pastries and walks along the Seine. When her grandmother passed away two months ago, she left Alice an apartment in France

that no one knew existed. An apartment that has been locked for more than seventy years. Alice is determined to find out why the apartment was abandoned and why her grandmother never once mentioned the family she left behind when she moved to America after World War II. With the help of Paul, a charming Parisian student, she sets out to uncover the truth. However, the more time she spends digging through the mysteries of the past, the more she realizes there are secrets in the present that her family is still refusing to talk about. THEN: Sixteen-year-old Adalyn doesn't recognize Paris anymore. Everywhere she looks, there are Nazis, and every day brings a new horror of life under the Occupation. When she meets Luc, the dashing and enigmatic leader of a resistance group, Adalyn feels she finally has a chance to fight back. But keeping up the appearance of being a much-admired socialite while working to undermine the Nazis is more complicated than she could have imagined. As the war goes on, Adalyn finds herself having to make more and more compromises—to her safety, to her reputation, and to her relationships with the people she loves the most.

A Novel Simon and Schuster

For Kate Green, nothing was as important as the happiness and well-being of her two little boys, Reef and Finn, and her loving husband, St. John, known as "Singe." They had a wonderfully happy family life in Somerset, England. But then tragedy struck—Kate was diagnosed with breast cancer that couldn't be cured. During her last few days, Kate created what she called Mum's List. With Singe's help she wrote down her thoughts, dreams, and wishes, trying to help the man she loved create the best life for their sons after she was gone. Mum's List reveals Kate's passionate nature, her free spirit, and even her sense of humor. The list became Singe's rock as he turned to it again and again for strength and inspiration. Her instructions were simple—items like "look for four-leaf clovers" and "always say what you truly mean"—but the effect they had on Singe, Reef, and Finn was incredibly profound. Singe's lesson to readers everywhere is that a list like Mum's List can change your life—and you don't need to lose someone to make a list and live your dreams. If you've ever wondered if you and your family could be living a happier, more meaningful life full of adventure and joy, then this book is for you.

Peyton Stratford is her family's unofficial keeper of all things secret, from the petty and mundane to the potentially life-changing. But Peyton is keeping a secret of her own. And it's a doozy. Pastor Brice Northam is used to hearing secrets. After all, it's part of his job description. But he's about to hear one that's going to challenge him almost as much as his feelings for the person confessing. Peyton needs some serious help from Brice, but how much does she dare tell him? And what, exactly, is Brice hiding from Peyton—and himself? Clearly they both have some serious soul-searching to do. But maybe, just maybe, the answer to secrets isn't silence. Or more secrets. Maybe it's love. * * * Note: While the Secret Keeper series does feature some characters who are Christian (the hero is a pastor, so that's a dead giveaway), it is not a Christian romance in the traditional sense, and some characters find themselves in adult situations and using strong language. Not that the pastor approves! But he's fallen in love with a complex, modern woman whose life is anything but predictable. If you think you could too, then dive in. Bring your sense of humor and your compassion, and then hold on for the emotional ride of your life!
