Be Brave. Be Bold. Be Quick. *Be Bold!: A Hero's Guide to Being Brave* Imagine a time when doing mitzvos, staying true to Torah values, and even dressing like a Jew presents an enormous challenge. This is the backdrop to an exciting tale of mesiras nefesh during the time of the brave Maccabees. Bruria and her older brother, Alexander, face great danger as their family refuses to follow any of Antiochus's decrees. Alexander and his friends must hide and learn Torah in a cave. Bruria watches with dismay as her friend's family grows more and more interested in the Syrian-Greek culture, fashion, and pastimes. Will this clever brother and sister manage to outwit the soldiers who watch their every move? Will they be bold and brave enough to stand up for what they believe? An inspiring historical novel for young readers, *Bold and Brave* makes the challenges of long ago feel current and relevant to our times, encouraging mesiras nefesh right here and

The perfect read for the one-hundredth anniversary of the nineteenth amendment and in advance of the upcoming presidential election, this inspiring picture book from United States Senator Kirsten Gillibrand shares the stories of ten suffragists who fought for women's right to vote. *Bold & Brave* introduces children to strong women who have raised their voices on behalf of justice—and inspires them to raise their own voices to build our future. Here are the stories of ten leaders who strove to win the right to vote for American women—a journey that took more than seventy years of passionate commitment. From well-known figures, such as Susan B. Anthony and Sojourner Truth to lesser known women such as Alice Paul and Mary Church Terrell, these are heroes who dreamed big and never gave up.

Senator Gillibrand highlights an important and pithy lesson from each woman's life—from "dare to be different" to "fight together." With gorgeous illustrations by renowned artist Maira Kalman, this is a book that will inspire and uplift, a book to be cherished and shared. The suffragists included are: Elizabeth Cady Stanton, Susan B. Anthony, Sojourner Truth, Harriet Tubman, Jovita Idár, Alice Paul, Inez Milholland, Ida B. Wells, Lucy Burns, and Mary Church Terrell.

Voices of the 21st Century DC Comics *Men of Fearless Faith* Meet men who have used their God-given talents to live out their faith to the fullest. They come from a variety of backgrounds, eras, and ethnicities, but each one has answered the Lord's call on their life in bold and innovative ways. Children of all ages will be inspired by the stories of C.S. Lewis—professor and author of the influential *Chronicles of Narnia* series Zhang Boli—Chinese dissident, journalist, and Christian pastor Richard Allen—former slave and founder of the African Methodist Episcopal Church Tim

Tebow—athlete, Heisman trophy winner, and outspoken follower of Christ Father Damien—priest who dedicated his life to helping lepers in Hawaii. These and the 45 other defenders of the faith featured in this book have made a profound impact on the world around them, and in many cases changed the course of history. Strong, smart, and sometimes outspoken, these men are tremendous examples of God's love in action. These inspiring profiles will captivate kids' imaginations and encourage them to discover their own gifts and how they can use them to glorify God.

"A powerful letter from a mother to her daughter is offering a message that can inspire anyone." - The Huffington Post "This should be required reading for all mamas and their daughters." - Parents Magazine "Hammer has done a wonderful job putting into words the different ways we want our children to love and respect themselves." - Scary Mommy What began as a simple 222-word letter to her daughter became an empowering message that spread around the world. When her five-year-old daughter started kindergarten, Toni Hammer decided to write down some advice to help her daughter grow into a strong, independent,

confident woman who knew how to be unapologetically who she was. Things like, "Don't wear a dress if you don't want to," and "If you're hungry, eat, and eat what you want." The words resonated so strongly with her readers that Toni has chosen to turn into a book. A portion of all sales will be donated to organizations whose missions are to empower and encourage young women everywhere to be who they are and do what they want to do.

The Bold and the Brave investigates how women have striven throughout history to gain access to education and careers in science and engineering. Author Monique Frize, herself an engineer for over 40 years, introduces the reader to key concepts and debates that contextualize the obstacles women have faced and continue to face in the fields of science and engineering.

She focuses on the history of women's education in mathematics and science through the ages, from antiquity to the Enlightenment. While opportunities for women were often purposely limited, she reveals how many women found ways to explore science outside of formal education. The book examines the lives and work of three women - Sophie Germain, Mileva Einstein, and Rosalind Franklin - that provide excellent examples of how women's contributions to science have been dismissed, ignored or stolen outright. She concludes with an in-depth look at women's participation in science and engineering throughout the twentieth century and the current status of women in science and engineering, which has experienced a decline in recent years. To encourage more young women to pursue careers in science and engineering she advocates re-gendering the fields by integrating feminine and masculine approaches that would ultimately improve scientific and engineering endeavours.
