Big Box Reuse Walter Foster Jr.
Named sole heir to her aunt's estate, Charity Gannon arrives in the Northeast Kingdom of Vermont, hoping to find a link to her past. She's not looking for lost treasures; she is searching for a connection to the aunt she barely knew. What she finds is a thirty-something-year-old mystery and questions with no

answers. A sad, secluded cottage, all but hidden amid the vines. A man's suit of clothes, tainted with dried blood and a bullet hole. Four forgotten boxes, stuffed into a large bag and buried in the far corners of the shed. These are not just any boxes. These are unopened, undelivered boxes, left behind by the now-defunct Kingdom Parcel. All four boxes are marked March 14, 1984... the very day her uncle, president and driver for the delivery service, was said to have committed suicide. Four forgotten boxes, whose owners might still be out there, waiting for a delivery that never arrived. The undelivered boxes haunt Charity, tugging on her conscience. Hadn't someone noticed them missing? Hadn't anyone wondered about the failed delivery? Thinking it might be fun to

surprise the recipients after all these years, Charity sets out to deliver the packages to their rightful owners. Along the way, one of the love stories she discovers is her own. Fate throws her into the sturdy arms of Tarn Danbury, a burly sugarmaker with eyes as beautiful as the mountain pond from which he was named, and a voice as smooth and rich as the dark syrup he produces. The story behind one box is delightful. Another is heartbreaking. And one might very well be the death of her.
