### The Shadow Guard One Small Sacrifice

In her study of Chinese shadow theatre Fan Pen Li Chen documents and corrects misconceptions about this once-popular art form. Drawing on extensive research and fieldwork, she argues that these plays served a mainly religious function during the Qing dynasty and that the appeal of women warrior characters reflected the lower classes' high tolerance for the unorthodox and subversive. Chinese Shadow Theatre includes several rare transcriptions of oral performances, including a didactic play on the eighteen levels of Hell, and Investiture of the Gods, a sacred saga, and translations of three rare, hand-copied shadow plays featuring religious themes and women warrior characters. Chen examines the relationship between historical and fictional women warriors and those in military romances and shadow plays to demonstrate the significance of both printed works and oral transmission in the diffusion of popular culture. She also shows that traditional folk theatre is a subject for serious academic study by linking it to recent scholarship on drama, popular religion, and popular culture.

Find out in Book three of The Eternity Series. "The Twin Souls is a vivid and intense novel comprised of two stories set in two Native American tribes. It is full of suspense and drama and is about the difficult

circumstances under which lovers meet and the challenges they face later on due to sadistic people who target the heroines. There is a deeply spiritual way in which Holly Newhouse depicts her heroines. They both are extremely self sacrificing, caring and also brave. Their male counterparts are protective archetypal heroes with soft hearts. The twists in the story are gripping and the situations are very believable, making this work potentially popular in the historical and cultural genres. The narrative emphasises the theme of twin souls, their instant recognition and desperate desire to be with each other against all odds. Newhouse paints romance effortlessly in such a way as to allow it to be realistic, passionate, bold and transcendental. There is a wonderful closeness and merging that is achieved, and readers interested in close romance will enjoy the special qualities conferred on the characters, such as being able to feel each other's emotions and thoughts, and being able to transfer pain when needed. Newhouse also handles love from other relationships, such as brotherly, fatherly and motherly love, with sincerity, realism and compassion. The book is artistic and spiritual without compromising on suspense and passion. This is a wonderful combination and I highly recommend this book to anyone interested in a bold cultural romance which is not pretentious and yet contains important ideals regarding the spiritual concept of male and female twin souls." Sometimes questions are asked regarding the value of a detailed study of the sanctuary. Why, when we have the Christ of the New Testament, do we need to go back into the Old? I find no problem in the way of such a study. You have seen the beautiful illustrations in the books that are sold in Christian bookstores. Do you think that the artist painted these from memory? Why no! He used many models. Today these models, living and inanimate, need not sit for long hours before the artist. He simply takes a colored transparencies of the sections of his picture by posing the model for a few minutes. When he is ready to paint, he works these colored segments together, studying each part in detail. It is for a similar reason that God has given us the details of the sanctuary. We should study each part minutely. Only then will we be able to see Christ in His fullness. We can comprehend only one point at a time. Jesus is the Sacrifice. He is also the priest. He is the Shekinah, and He is also the veil. He is every whit! In order to discern the Lord Jesus Christ, the Lamb of God, the Mediator of mankind, the Saviour of the race, the Redeemer--King, we must synthesize all aspects of the tabernacle. While we may spend time on one part of His ministry, we should keep in mind that He is many-sided. It is only thus that we will come to understand the One Who is altogether lovely, the chiefest among ten thousand, our Lord and Savior Jesus Christ.

"This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." - The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

Named a "Notable Naval Book of 2012" by Proceedings Magazine Their stories needed to be told. And classmates working together, under a blanket of trust and friendship, was the only way to allow people to open up. It was a three year journey into the hearts and souls of America's youngest heroes to gather these important historical accounts, but it was worth every hour spent. Inside this book are the voices the first Annapolis graduates into a decade of war and they remind us that America is in good hands. They were walking to class on 9/11, wearing Naval Academy "summer working blues", when the towers were struck. The campus went to general quarters, battle stations. They would be the first class after this attack to graduate into a nation at war and would be faced, like so many past graduates, of rising to the challenge to keeping America great. President Bush and Vice President Cheney articulated a world at the crossroads, and the U.S. would preemptively in seek enemies who threatened the national interest, America would not again be terrorized. In the *Shadow of Greatness* addresses issues that go beyond one USNA class, it explains the trials of most military veterans of this era. Understanding how a young person enlists to serve, deploys to the fight, and returns home is unknown to most Americans. Veterans pack up their uniforms, but never lose the call for service when the return to civilian society. The profiles in this book represent the "Next Great Generation" of American leaders. Men and women who lost their innocence in battle and their

youths to a decade of deployments, throughout which they never gave up hope. In exchange for down range scars, they gained an unbreakable sense of purpose to America's ideals—freedom, equality, and democracy. The compilation is the most authentic

and raw narrative to emerge from the Wars in Iraq, Afghanistan, and beyond. The reader enjoys a spectrum of stories, each patriotic and honorable. The narratives are meant to inspire, educate, and reveal a world many don't understand. Its contents

are readable and easy to appreciate. The Class of 2002—and more broadly, the one million veterans of the Long War—are America's leaders of tomorrow. Read this book to learn what they endured and why they are prepared.
