Research on stress and

coping phenomena has  
been among the most  
widely studied topics in  
social and behavioral  
sciences during the past  
several decades.  
Notwithstanding, the  
authors in this book have  
expanded the base of  
stress and coping  
research by providing a  
valuable reference source  
that includes guidelines

and frameworks as well as  
empirical findings related  
to the application of  
mixed methods  
approaches to the study  
of stress and coping. This  
book is intended not only  
for stress and coping  
researchers, but also for  
social and behavioral  
science researchers at  
various levels—from  
students, instructors, and

advisors to applied researchers, research methodologists, and theorists. The 15 chapters are divided into three distinct sections. The five chapters in Section I focus mainly on topics pertaining to the conceptual and theoretical aspects of mixed methods research in the study of stress and coping. The five chapters in Section II address the major methodological issues of mixed methods research. Section III presents five empirical studies of mixed methods

research as applied to the field of stress and coping. This book illustrates the perspectives of innovative interconnections in the application of mixed methods research to the study of stress and coping. It also provides readers with new ways of designing and evaluating strategies and programs that aim to reduce stress and improve coping mechanisms.

What separates The Insider's Secrets to

Getting Your School Leadership Job from other books on this topic is that the author is the ultimate insider. Dr. Laurence Aronstein knows how the hiring process works from the inside. He vividly and simply de-mystifies the inner dynamics of the job search process in schools. As an experienced one-on-one coach, Larry's strategies are practical, teachable, and most importantly, they work. Larry's clients are more than competitive - they give interviews and get the job.

Competition for the best teaching jobs is becoming more intense. Since publication of the first edition, when it was mainly the most desirable schools that were deluged

by applications, the economic climate has made the teacher market more competitive across the board, and is changing hiring practices. Now extensively revised, this book maintains its place as the most up-to-date book available on job hunting for teachers. The authors cover changes in the educational marketplace; the new mandates about standardized testing and public reporting of student achievement—and what they mean for applicants; how new

certification standards and schools' requirements affect career changers; the growing acceptance of on-line applications and electronic portfolios; and provide additional advice for teachers applying to change schools or districts. This is also the only guide written by school administrators. Offering the insights and experience of two authors who do the hiring, it details a step-by-step program for taking charge of your teaching career. *How to Get the Teaching Job You Want* enables you

to:  
 \* Match your unique talents to the needs of a particular school  
 \* Craft effective cover letters and resumes, using models that address the specific needs of college graduates, teachers changing schools, returning teachers and career changers  
 \* Make effective on-line applications  
 \* Leverage your achievements as an experienced teacher—or, for graduates or career changers, student teaching, substitute teaching, volunteer work or content knowledge—into

a job offer\* Locate jobs on-line and discover valuable information about schools, including test results, educational philosophy and names of key administrators\* Design a portfolio in book or electronic format to showcase your abilities\* Practice interview skills using 100 questions taken from real job interviews\* Apply proven strategies for a variety of interview formats, including high stress interviews and performance interviews\* Address controversial questions during

interviewsThis book covers procedures for applying to elementary, middle and high schools; public, independent, and parochial schools; as well as international and boarding schools. Anecdotes recounting the experiences of real candidates looking for jobs illustrate key points. Access to the authors' web site ensures that you will stay current in a changing job market. This is a vital book for teachers and aspiring teachers who want to achieve their career goals. It will also

be invaluable for guidance counselors, psychologists, librarians and other school professionals.

The quick-read, step-by-step guide to hiring

outstanding teachers! Whether you are new to teacher hiring or ready for a fresh approach, this invaluable guide helps you select the best possible candidates. Mary Clement, a nationally-awarded expert on teacher hiring, presents proven strategies for identifying high-performing teachers. Readers will learn: Ten best practices that address every stage of hiring, from recruitment through interviewing to final negotiations Key techniques and sample

questions for Behavior-Based Interviewing—the interviewing approach that predicts on-the-job performance Guidance on legally-sensitive interview questions How to involve teacher peers in interviewing and mentoring new hires *Ace Your Résumé, Application, and Interview Skills* PREP Publishing Managers and administrators in the public-policy and nonprofit sectors rely heavily on analytical skills to quickly pore through a massive amount of

research. They dissect it and apply specific, useful data that can inform critical policy changes and help them improve their organization's overall performance and financial position. To master this vital role, it is imperative that they and their staff learn to be more efficient at collecting, analyzing and evaluating research material, by discovering how to ask the right questions and quickly discern valuable information from useless data. A Blueprint to Streamline Every Aspect

of the Research Process Focusing on the entire research process from start to finish, the compact but comprehensive Understanding Research Methods: A Guide for the Public and Nonprofit Manager explores the research designs and analytical tools that are the foundation for decision-making. Relying more on concepts and analysis than on mathematics, this text provides insight into the definition, process, importance, and

capabilities of research – addressing the topic from the perspectives of both the producer of data and the consumer who evaluates its usefulness. Broken down into three sections, the book: Gives an overview of the research process, the construction of measures, and research ethics Elaborates on planning a research method, presenting common research designs used by practitioners and the most useful, popular ways to collect data Focuses on tools available to analyze

and then communicate data – specifically univariate and bivariate analyses This versatile text is intended for dual uses – as a textbook for graduate and undergraduate students in public and nonprofit administration and public policy, and as a practical guide for the average administrator. Both groups will learn how to develop proper research questions, define specific research purposes, and form hypotheses that avoid confusion in measurement and

analysis. Imparting basic practical knowledge, it outlines effective approaches to gather accurate, relevant information and then effectively interpret and communicate it. *Complete Guide to Securing a Job at an International School* Ten Speed Press Designed for every student in an education program, as well as those who seek to change careers into education. *The Definitive Guide to Getting a Teaching Job: An Insider's Guide to*

*Finding the Right Job, Writing the Perfect Resume, and Nailing the Interview* is truly a one-stop guide to getting a teaching job. It takes the reader through the process of reviewing certification requirements and the job market, conducting a job search using local and Internet resources, and creating a dynamic cover letter and resume. Worksheets and sample cover letters and resumes are included. Because one of the newest trends in teacher interviews is behavior-

based interviewing, readers are given sample questions and will learn how to answer them in order to share their past knowledge and skills. The materials presented in this book have been researched, and hundreds of teacher candidates have successfully used Mary C. Clement's techniques taught in her classes and seminars. Book jacket.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional

conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers

push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for *Ask a Manager*  
 “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you

should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review)

“The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their

work experience.”—Library Journal (starred review)

“I am a huge fan of Alison Green’s *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide*
