In 1972, one of America's most beloved theme parks swung open its gates for the first time. Kings Island was the latest in the post-Disneyland boom, and it was big, beautiful, and instantly successful. Who could forget their first sight of the magnificent Eiffel Tower after passing through the turnstiles? Or the colorful flags flying proudly over the Royal Fountain? Now nearly fifty years later, the park is as amazing and grand as ever. Read the story behind this magical playground and how it has changed over time. Filled with personal recollections of park officials who were there, Kings Island: A Ride Through Time offers a first-hand account that is as fascinating as the attractions we've loved all our lives.
