POLLARD DILLON

The Unstuck Church
Oxford University Press
The original book on the
renowned Freedom
quilters of Gee's Bend In
December of 1965, the
year of the Selma-to-
Montgomery march, a

white Episcopal priest
driving through a
desperately poor,
primarily black section of
Wilcox County found
himself at a great bend of
the Alabama River. He
noticed a cabin
clothesline from which
were hanging three
magnificent quilts unlike
any he had ever seen.
They were of strong, bold

colors in original, op-art
patterns—the same art
style then fashionable in
New York City and other
cultural centers. An idea
was born and within
weeks took on life, in the
form of the Freedom
Quilting Bee, a handcraft
cooperative of black
women artisans who
would become acclaimed
throughout the nation.

Finding your church's pastor is as serious as an organ transplant. You need a pastor that matches your church's

vision, culture, and most importantly, your church's heart. While there is no simple, one-size-fits-all solution to the puzzle of planning for a seamless pastor search, this handbook was created to provide pastor search committees, church leaders, and pastors a guide to asking the right questions in order to plan for the overwhelming pastor search process. William Vanderbloemen has spent years focusing on connecting churches with pastors who fit their ministry context. Search:

The Pastoral Search Committee Handbook guides church members through the process finding the right leader for their church. When a pastor leaves a church, ministries are disrupted and members drift away. If the church is already struggling, it can find itself suddenly in very dire straits. But it doesn't have to be that way. What if when a pastor moved on, the church knew exactly what to do to form a search committee and begin the search process for the person God is

calling to lead their church?

Transformed Work of the Church
Acclaimed church leader, blogger, founder and chief strategic officer of The Unstuck Group, Tony Morgan unpacks the lifecycle of a typical church, identifies characteristics of each phase, and provides practical next steps a church can take to move towards sustained health. Think about your church for a moment. Is it growing? Is it diminishing? Is it somewhere in between? Acclaimed church leader, blogger,

and founder and chief strategic officer of The Unstuck Group, Tony Morgan has identified the seven stages of a church's lifecycle that range from the hopeful and optimistic days of launch, to the stagnating last stages of life support. Regardless of the stage in which you find your church, it carries with it the world's greatest mission—to "go and make disciples of all the nations . . ." With eternity at stake the Church should be doing most everything within its power to see lives

changed forever. The Church should strive for the pinnacle of the lifecycle, where they are continually making new disciples and experiencing what Morgan refers to as "sustained health." In *The Unstuck Church*, Morgan unpacks each phase of the church lifecycle, and offers specific and strategic next steps the church leader can take to find it's way to sustained health . . . and finally become unstuck. *The Unstuck Church* is a call for honest an assessment of where your church sits

on the lifecycle, and a challenge to move beyond it.

Situating the church within the context of post-World War II globalization and the Cold War, American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large.

Shaped by anti-communist sentiment and responsive to American cultural trends, the Catholic community adopted "strategies of domestic containment," stressing the close unity between the Church and the "American way of life." A focus on the unchanging character of God's law as expressed in social hierarchies of authority, race, and gender provided a public visage of unity and uniformity. However, the emphasis on American values mainstreamed into

the community the political values of personal rights, equality, acceptance of the arms race, and muted the Church's inherited social vision. The result was a deep ambivalence over the forces of secularization. The Catholic community entered a transitional stage in which "those on the right" and "those on the left" battled for control of the Church's vision. International networking, reform of religious life among women, international

congresses of the laity, the institutionalization of the liturgical movement, and the burgeoning civil right movement positioned the community to receive the Vatican Council in a distinctly American way. During the Second Vatican Council, the American bishops and theological experts gradually adopted the reforming currents of the world-wide Church. This convergence of international and national forces of renewal -- and resistance to them -- says Joseph Chinnici, will

continue to shape the American Catholic community's identity in the twenty-first century. The Edinburgh university calendar PublicAffairs Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. *QuickBooks for Churches* covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Those who chair church boards deserve our

prayers and respect. Often with little preparation or experience, they step up to lead the primary spiritual leadership team within a local congregation. When they need help, they have to search long and hard to find resources that respond to their specific questions and concerns. The Art of Kubernēsis (1 Corinthians 12:28): Leading as the Church Board Chairperson fills this gap. It takes the best ideas about chairing nonprofit boards being

discussed today and carefully evaluates them. Those ideas that are compatible with biblical values and the unique nature of a church congregation contribute to this “map” for church board chairpersons. Although its primary frame of reference is congregational polity, the principles discussed can help anyone who chairs a faith-based nonprofit board. [The Methodist Centennial Year-book for 1884](#) Are you a recently elected church board member

who hasn't received training for your new position? Are you a current board member disillusioned by negative experiences and interpersonal conflicts? Education specialist Michael Anthony asked a cross-section of almost a hundred pastors and church officers, in addition to staff members and denominational officials, to give their input about what is happening in church boards across America. The results of the survey were compiled into a comprehensive

handbook that addresses topics such as: - Developing a vision statement -Writing job descriptions -Setting long- and short-range goals - Facing financial storms - Resolving interpersonal conflicts -Reviving a declining church This unique, multi-denominational training resource emphasizes developing a team structure. It can be used for individual instruction, group discussions, and orientation sessions. The case studies clearly identify situations and

leadership experiences common to many church boards.

Author Jerry W. Storz's experiences with board service and all things board governance goes back to his childhood, watching his parents deal with the joys and struggles of service as church board members for a small church. Eventually he made a career out of working with faith-based organizations, where he found that some board members knew their roles and

responsibilities, while others clearly did not understand. As a response to his observations, Storz presents *Thirty Days to Better Board Members and Meetings*, intended for use as a devotional and discussion guide. He has studied faith-based board members' behavior and now offers both nuggets of truth from scripture and board governance tips that he has gathered over these last few years. What's more, he aims to bring the two together, allowing

board members to learn and apply board principles and best practices so that they begin to see the true purpose of their board member service. Uplifting and practical, this

devotional serves as a guide to board members of faith-based organizations to help them improve their leadership and service.
