Revised edition of the groundbreaking New Age book that seamlessly merges Western psychology and science with spirituality, creating a compelling interpretation of the Eastern chakra system and its relevance for Westerners today. In Eastern Body, Western Mind, chakra authority Anodea Judith brought a fresh approach to the yoga-based Eastern chakra system, adapting it to the Western framework of Jungian psychology, somatic therapy, childhood developmental theory, and metaphysics and applying the chakra system to important modern social realities and issues such as addiction, codependence, family dynamics, sexuality, and personal empowerment. Arranged schematically, the book uses the inherent structure of the chakra system as a map upon which to chart our Western understanding of individual development. Each chapter focuses on a single chakra, starting with a description of its characteristics and then exploring its particular childhood developmental patterns, traumas and abuses, and how to heal and maintain balance.

Self-Esteem and Foreign Language Learning deals with a topic which has been given surprisingly little attention in Second and Foreign Language Acquisition studies. Although there are several studies dealing with general education, this volume addresses the need to take self-esteem into consideration in the language classroom and adopts both theoretical/research and practical perspectives, with the hope of being useful for both researchers and practitioners. The book is organized into three main parts. Part I serves as an introduction to self-esteem. Part II reports on the existing literature about the theory and research dealing with self-esteem and foreign language learning, and Part III includes procedures for implementation and activities for classroom applications. Self-Esteem and Foreign Language Learning is edited by Fernando Rubio (PhD.), a researcher and teacher at the University of Huelva in Spain. Most of the chapters have been written by members of the research group "Affective factors in language learning", which has also published a book on Multiple Intelligences and the teaching of English (Dr. Jane Arnold, Dr. Carmen Fonseca, etc.). There are two outside contributions: one is by Andrew Wright, author of numerous publications for language teachers, and the other by Veronica de Andrés, teacher trainer from the University of El Salvador (Argentina) and member of the executive board of the International Council for Self-Esteem. Dr. Elaine Horwitz of the University of Texas has contributed a preface.
