[Chinese Society in the Age of Confucius \(1000-250 BC\)](#) Cambridge University Press

A stunning collection of over 200 essential and influential album covers of the decade A visual reflection of psychedelia-influenced artwork to Punk anti- design - from Pink Floyd to the Sex Pistols Indispensable purchase for the dedicated follower of music and art The seventies are often regarded as a mean, dark and turbulent decade, full of discontent and pessimism. The album covers of the burgeoning hard rock, progressive rock, pop and punk scenes that dominated the decade mirrored this social and cultural dystopia effectively, and accurately, capturing the tone of the music as well as the world at large. Over the decade it became clear that the 1970s were a hotbed of experimental, unique and mind-expanding design - perfectly mirroring the progressive music of the time as well as the technology of music recording and photography and being an expansive step away from the 1960s optimism. Classic Album Covers of the 1970s is an essential collection of over 200 of the greatest album covers produced during that dark decade. From the Grateful Dead, Roxy Music and David Bowie, to Patti Smith, The Ramones and the Sex Pistols, this volume will prove indispensable to all those interested in the history of album cover graphics and design, and to those whose memories of the seventies are stirred by the record covers of that

period.

**Propaganda and Empire** Franklin Classics Trade Press

It has been said that the British Empire, on which the sun never set, meant little to the man in the street. Apart from the jingoist eruptions at the death of Gordon or the relief of Mafeking he remained stonily indifferent to the imperial destiny that beckoned his rulers so alluringly. Strange, then that for three-quarters of a century it was scarcely possible to buy a bar of soap or a tin of biscuits without being reminded of the idea of Empire. Packaging, postcards, music hall, cinema, boy's stories and school books, exhibitions and parades, all conveyed the message that Empire was an adventure and an ennobling responsibility. Army and navy were a sure shield for the mother country and the subject peoples alike. Boys' brigades and Scouts stiffened the backbone of youth who flocked to join. In this illuminating study John M. Mackenzie explores the manifestations of the imperial idea, from the trappings of royalty through writers like G. A. Henty to the humble cigarette card. He shows that it was so powerful and pervasive that it outlived the passing of Empire itself and, as events such as the Falklands 'adventure' showed, the embers continue to

smoulder.

**Port Tarascon** Columbia University Press

Hermann Abert's classic biography, first published in German more than eighty years ago and itself based on the definitive mid-nineteenth century study by Otto Jahn, remains the most informed and substantial biography of Mozart in any language. The book is both the fullest account of the composer's life and a deeply skilled analysis of his music. Proceeding chronologically from 1756 to 1791, the book interrogates every aspect of Mozart's life, influences, and experience; his personality; his religious and secular dimensions; and the social context of the time. In "a book within a book," Abert also provides close scrutiny of the music, including the operas, orchestral work, symphonies and piano concertos, church music and cantatas, and compositions for solo instruments. While the tone of Abert's great work is expertly rendered by Stewart Spencer, developments in Mozart scholarship since the last German edition are signaled by the Mozart scholar, Cliff Eisen, in careful annotations on every page. Supported by a host of leading Mozart scholars, this immense undertaking at last permits English-language readers access to the most important single source on the life of this great composer.

**The World of Proust** Pan Macmillan

**Summer Rocks! Per la Scuola Media** Mit Press

This ambitious work focuses on the world of Chinese thought during the two and a half centuries directly preceding and partly overlapping the time of Confucius. Ideas developed by Chunqiu statesmen and thinkers formed the intellectual milieu of Confucius and his disciples and contributed directly to the intellectual flowering of the Zhanguo (Warring States) era (453-221 B.C.E.), the formative period of the Chinese intellectual tradition. This study is the first attempt to systematically reconstruct major intellectual trends in pre-Confucian China. Foundations of Confucian Thought is based on an exploration of the Zuo zhuan, the largest pre-imperial historical text. Relying on meticulous textual and linguistic analysis, Yuri Pines argues that hundreds of the speeches of Chunqiu statesmen recorded in the Zuo zhuan were not invented by the compiler of the treatise but reproduced from earlier sources, thus making it an authentic reflection of the Chunqiu intellectual tradition. By tracing changes in ideas and concepts throughout the Chunqiu period, Pines reconstructs the dynamics of contemporary political and ethical discourse, distilling major intellectual impulses that Chunqiu thinkers bequeathed to their Zhanguo descendants.

The third book in the addictive Watersong series, Tidal is a dramatic adventure by Amanda Hocking, author of the bestselling Trylle novels. Gemma is facing the fight of her life. Cursed by

beautiful but deadly sirens, her extraordinary powers have a terrifyingly dark side, and becoming human once more is proving her greatest challenge yet. As she struggles to break the curse, the sirens Penn, Lexi and Thea are determined to kill her before she can set herself free. Gemma's only allies are her sister, Harper, and Harper's boyfriend, Daniel. Together they must delve into their enemies' mythical pasts - to discover their darkest secrets. But Penn has also set her sights on Daniel. Soon, the sirens threaten everything Gemma holds dear: her family, her friends, her life, and her relationship with Alex - the only guy she's ever loved. Can she save herself and those she cares about before it is too late?

**Sweet kiss polka** London : Glasgow [etc.] G. Routledge

A master of French Naturalism, the nineteenth century novelist Alphonse Daudet is chiefly remembered today as the author of sentimental tales of provincial life in the south of France. Unlike his fellow Naturalists, Daudet upheld that the world in its diversity was misrepresented by novelists that concentrated only on its bleaker aspects. He is celebrated for his objective interest in external detail, as well as his compassionate personality and his reverence for the mystery of all things and individuals. Daudet tempers his satire with pity, drawing comparisons in style to the works of Dickens and Maupassant. For the first time in publishing history, this eBook presents Daudet's complete fictional works, with numerous illustrations, rare texts, informative introductions and bonus material. (Version 1) \* Beautifully illustrated with images relating to Daudet's life and works \* Concise introductions to the novels and other texts \* All 16 novels, with individual contents tables \* Features many rare novels appearing for the first time in digital publishing \* Images of how the books were first published, giving your eReader a taste of the original texts \* Excellent formatting of the texts \* Rare short stories available in no other collection \* Special chronological and alphabetical contents tables for the short stories \* Easily locate the stories you want to read \* Includes a selection of Daudet's rare non-fiction - available in no other collection \* Features the memoir penned by the author's son - discover Daudet's literary life \* Ordering of texts into chronological order and genres Please visit [www.delphiclassics.com](http://www.delphiclassics.com) to browse through our range of exciting titles CONTENTS: The Tartarin Trilogy Tartarin of Tarascon (1872) Tartarin on the Alps (1885) Port Tarascon (1890) The Novels Little What's-His-Name (1868) Artists' Wives (1874) Fromont and Risler (1874) Jack (1876) The Nabob (1877) Kings in Exile (1879) Numa Roumestan (1880) The Evangelist (1883) Sappho (1884) The Immortal (1888) Rose and Ninette (1892) The Little Parish Church (1895) The Support of the Family (1898) The Shorter Fiction Letters from My Mill (1869) The Monday Tales (1873) Robert Belmont (1874) La Belle Nivernaise (1886) The Siege of Berlin (1891) Arlatan's Treasure (1897) La Fedor (1897) The Short Stories List of Short Stories in Chronological Order List of Short Stories in Alphabetical Order The Non-Fiction Letters to an Absent One (1871) Between the Flies and the Footlights (1894) The Memoir Memoir (1898) by Léon Daudet Please visit [www.delphiclassics.com](http://www.delphiclassics.com) to browse through our range of exciting titles or to purchase this eBook as a Parts Edition of individual eBooks

**Auspicious Omens and Miracles in Ancient China** Routledge

A great deal of the world's history is the history of empires. Indeed it could be said that all history is colonial history, if one takes a broad enough definition and goes far enough back. And although the great historic imperial systems, the land-based Russian one as well as the seaborne empires of western European powers, have collapsed during the past half century, their legacies shape almost every aspect of life on a global scale. Meanwhile there is fierce argument, and much speculation, about what has replaced the old territorial empires in world politics. Do the United States and its allies, transnational companies, financial and media institutions, or more broadly the forces of 'globalization', constitute a new imperial system? Stephen Howe interprets the meaning of the idea of 'empire' through the ages, disentangling the multiple uses and abuses of the labels 'empire', 'colonialism', etc., and examines the aftermath of imperialism on the contemporary world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a

new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**The Works of Alphonse Daudet** Palala Press

Winner of the 2009 Society for American Archaeology Book Award Chinese Society in the Age of Confucius is based on the most up-to-date archaeological discoveries. It introduces new data, as well as new ways to think about them - modes of analysis that, while familiar to archaeological practitioners in the West and in Japan, are herein applied to evidence from the Chinese Bronze Age for the first time. The treatment of social stratification, clan and lineage organisation, as well as gender and ethnic differences will be of interest to those involved in the general or comparative analysis of grand themes in the Social Sciences.

**Sea Breeze Quickstep** Hansebooks

David Hilbert was arguably the leading mathematician of his generation. He was among the few mathematicians who could reshape mathematics, and was able to because he brought together an impressive technical power and mastery of detail with a vision of where the subject was going and how it should get there. This was the unique combination which he brought to the setting of his famous 23 Problems. Few problems in mathematics have the status of those posed by David Hilbert in 1900. Mathematicians have made their reputations by solving individual ones such as Fermat's last theorem, and several remain unsolved including the Riemann hypotheses, which has eluded all the great minds of this century. A hundred years on, it is timely to take a fresh look at the problems, the man who set them, and the reasons for their lasting impact on the mathematics of the twentieth century. In this fascinating new book, Jeremy Gray and David Rowe consider what has made this the pre-eminent collection of problems in mathematics, what they tell us about what drives mathematicians, and the nature of reputation, influence and power in the world of modern mathematics. The book is written in a clear and lively manner and will appeal both to the general reader with an interest in mathematics and to mathematicians themselves.

**Confucian Political Ethics** Manchester University Press

This provocative volume of essays is now available in paperback. The contributors to this volume - musicologists, sociologists, cultural theorists - all challenge the view that music occupies an autonomous aesthetic sphere. Recently, socially and politically grounded enterprises such as feminism, semiotics and deconstruction have effected a major transformation in the ways in which the arts and humanities are studied, leading in turn to a systematic investigation of the implicit assumptions underlying the critical methods of the last two hundred years. Influenced by these approaches, the writers here question a prevailing ideology that insists there is a division between music and society and examine the ways in which the two do in fact interact and mediate one another within and across socio-cultural boundaries.

**Power to Bloom** Cotsen Institute of Archaeology Press

This book offers a radical reinterpretation of the formative stages of Chinese culture and history, tracing the central role played by cosmology in the formation of China's early empires. It crosses the disciplines of history, social anthropology, archaeology, and philosophy to illustrate how cosmological systems, particularly the Five Elements, shaped political culture. By focusing on dynamic change in early cosmology, the book undermines the notion that Chinese cosmology was homogenous and unchanging. By arguing that cosmology was intrinsic to power relations, it also challenges prevailing theories of political and intellectual history.

**Music and Society** Legare Street Press

"Power To Bloom is unlike any book you've read before. It is a gem reminiscent of Krishnamurti and Hafiz, but with its own punch of emerging wisdom and clarity. Nassrine has what I can only call the overt audacity to challenge dozens of our cherished notions about how to manage our minds and emotions. She offers short 'insight units' pointing toward a direct inner path to the foundational life-knowledge within each of us. While reading these insight units from start to finish, you'll find that a spontaneous process of awakening is stimulated, helping you to unveil what you really are" - John Selby The book has been structured in seven parts. Each part explores a special perspective regarding the natural consciousness through which life fully blossoms. While reading these pages, your ingrained identification with who you think you are will begin to dissolve naturally, allowing you to experience your original state. Biography : Nassrine was brought up in Switzerland with her Iranian father and Russian mother. Recognized at an early age with the ability to instantly perceive a person's medical condition, Nassrine regularly works with patients and groups, sharing her insights into human nature and fulfillment. For the last decade she's traveled the world leading seminars, conferences and retreats. In 2002 she came forth with a new method

for enhanced healing and wellbeing called Nutri-Emotion, focusing on the natural correlations and interactions of water, emotions and physical health. Collaborating with psychologists and doctors, in 2014 she published her first book (in her native tongue of French) called Nutri-Emotion, A New Way of Healing and Self-Realization. In 2016 she published her bestselling book The Power of Acceptance - being reborn in a single instant, which has been very successful in French-speaking countries.

*Imperialism and music* OUP Oxford

David Abulafia presents a pioneering account of the dynastic struggle between the kings of Aragon and the Angevin Kings of Naples which shaped the political map of the Mediterranean.

Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

**Classic Album Covers of the 1970s** Collins & Brown

Drawing upon in-depth, cross-cultural dialogues, the contributors delve into the relationship of Confucian political ethics to contemporary social issues, exploring Confucian perspectives on civil society, government, territorial boundaries and boundaries of the human body and body politic, and ethical pluralism. They examine how Confucianism, often dismissed as backwardly patriarchal, can in fact find common ground with a range of contemporary feminist values and need not hinder gender equality. And they show how Confucian theories about war and peace were formulated in a context not so different from today's international system, and how they can help us achieve a more peaceful global community. --From publisher's description.
