The Presidency Savvas  
Learning Company  
This book uses case  
stories, facts, statistics,  
and logic to argue that

presidential campaigns  
can better serve  
ordinary citizens than  
they do now. It  
explains and then  
helps resolve a  
stubborn political  
paradox--showing what  
is wrong and  
suggesting how to fix  
it. A unique treatment

of the subject matter advocates political reform based on greater citizen involvement-- introducing readers to a plan of action and engaging them as part of the process. KEY TOPICS The book's research-based content (the author's original own, and up-to-date summaries of others') on all relevant topics translates cutting edge material into a readable and useful presentation. After an introductory chapter, the book describes the paradox, assesses the incentive system, examines campaign cases, and concludes with a reform proposal. For political journalists, politicians interested in reform, political scientists, and informed general

citizens.  
American Government: Office of the President  
Prentice Hall  
For the Introduction to American Government or Introduction to American Politics courses. This is the most authoritative text for American Government. Always one step ahead of the competition. Government by the People continually sets the standards for other American Government texts by anticipating instructors' needs. Known for its impeccable scholarship and for its distinguished author team who treats each new edition as a fresh challenge, Government by the People is the perfect text for the educator who wants students to understand how the American

political system works. *The Executive Branch: Carrying Out and Enforcing Laws* The American Assembly This book focuses primarily on the president's role in government and the choices and considerations afforded by this position, such as the formation of a cabinet and the power to create executive orders. By illuminating both high and low points in this historic position, the reader gains a sense of the intricacies of this nation's system of checks and balances, and how differences in style have influenced the direction of history. By featuring the stories of the women and men surrounding the president, this book creates a well-rounded depiction of this branch

of the U.S. government. Government by the People Prentice Hall Bringing together presidential research and social policy research this book examines six issues that continually evade compromise and resolution --abortion, pornography, gun control, affirmative action, homosexuality and the environment-- as they have been addressed by modern-day presidents. The book is designed to show readers the impact of social policies and how presidents respond to social issues and subsequently build their agendas. This book examines the president's roles as opinion/party leader, legislative leader, chief executive, commander

in Chief and Chief Diplomat as each relates to social issues. For individuals interested in the American presidency and public policy.

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Debuting in its first edition , The Contemporary American President explores the potential

and limitations of presidential influence in times of rising public expectation for the office and the declining ability of presidents to meet it. It focuses on six major areas concerning the presidency— selection, power, accountability, decision making, personality, and leadership —and offers an appreciation of the challenges of the office as the institution attempts to function in an increasingly controversial political environment.

*Guide to Government by the People* Prentice Hall

This book serves as a valuable and intriguing resource on the presidential institution, exploring the potential and limitations of influence. It focuses on six major related concerns - presidential selection, power, accountability, decision-making, personality, and leadership, and also looks at the office from a historical to current events perspective. For anyone who wants a better understanding of the proper role of the president, and appreciates the increasingly controversial political environment in which that office functions.

Hall

Background papers for the 44th American Assembly, Arden House, New York, N.Y., December 1973.

*The Illusion Of Presidential Government* University of Michigan Press

"Modern presidents regularly appeal over the heads of Congress to the people at large to generate support for public policies. [This book] makes the case that this development, born at the outset of the twentieth century, is the product of conscious political choices that fundamentally transformed the presidency and the meaning of American governance. Now with a new foreword by Russell Muirhead and a new afterword by the author, this...work

probes political pathologies and analyzes the dilemmas of presidential statecraft."...

**American Government: Office of the President**

Prentice Hall

This next generation of U.S. citizens has the opportunity to shape the nation and the world. With knowledge of the foundations of citizenship and society, readers can make informed decisions and actively participate in their community and wider government. This book teaches readers about the civics concept of understanding government through engaging text and colorful photographs. In this book, readers will learn about what it means to be president. This nonfiction book is

paired with the fiction book *I Want to Be the President* (ISBN: 9781538365229). The instructional guide on the inside front and back covers provides: Vocabulary, Background knowledge, Text-dependent questions, Whole class activities, and Independent activities.

Magruder's American Government Prentice Hall

For decades, public expectations of U.S. presidents have become increasingly excessive and unreasonable. Despite much anecdotal evidence, few scholars have attempted to test the expectations gap thesis empirically. This is the first systematic study to prove the existence of the expectations gap and

to identify the factors that contribute to the public's disappointment in a given president. Using data from five original surveys, the authors confirm that the expectations gap is manifest in public opinion. It leads to lower approval ratings, lowers the chance that a president will be reelected, and even contributes to the success of the political party that does not hold the White House in congressional midterm elections. This study provides important insights not only on the American presidency and public opinion, but also on citizens' trust in government.

**Government by the People, Basic Version** Westview Press

KEY BENEFIT: " This comprehensive, classic book takes readers from on-lookers to participants.

"Government by the People" lets them see democracy as the participatory government that it is.

Covers 2000 Presidential Election, constitutional democracy, political culture and ideology, campaigns and elections, the Presidency, the judiciary, and much more. Explains how Congress and the President work together. For anyone interested in American Government.
