The Snow Bear Scholastic Inc.

Fans of Junie B. Jones and Ivy and Bean will love this new story about the spunky little rascal with big ideas. The star of Dory Fantasmagory is heading to school. Her older siblings, Luke and Violet, warn her to leave her imaginary friend, Mary, at home—or better yet, leave her whole imagination at home! Dory is determined to behave like a “regular old girl who

never gets in trouble,” but on her very first day she meets a new friend, a girl whose imagination and style are just about as wild as her own. Now she just has to convince her siblings that she’s not making it all up! Filled with plenty of funny pictures, this book bursts with charm and impudence, making this a must-read for the chapter book set. "Dory is as likable a kid heroine as I've encountered in a decade." -The Boston Globe \* "Once again, Hanlon's hilarious narration and cartooning reveal an uncanny talent for getting into the mile-a-minute mind of a one-of-a-kind girl." -Publishers Weekly,

Gus's Garage Lettres et sons Difficile de deviner avant d'avoir colorié ! A l'aide des lettres et des sons codés, votre enfant fera apparaître un dessin comme par magie. Plus qu'un simple coloriage, ce livre aidera votre enfant à développer son sens de l'observation, sa concentration tout en assimilant les notions de base. Des heures d'amusement intelligent ! Mon cahier de coloriages magiques... Très magiques ! Don Celestino is old and bitter and afraid, an impossible man. An anarchist who has been in exile from his native Spain for more than twenty years, he lives with his

daughter in Paris, but in his mind he is still fighting the Spanish Civil War. He fulminates against the daily papers; he brags about his past exploits. He has become bigoted, self-important, and obsessed; a bully to his fellow exiles and a tyrant to his daughter, Pascualita. Then a family member dies in Madrid and there is an inheritance to sort out. Pascualita wants to go to Spain, which is supposedly opening up in response to the 1960s, and Don Celestino feels he has no choice but to follow. He is full of dread and desire, foreseeing a heroic last confrontation with his enemies, but what he encounters instead is a new commercialized Spain that has no time for the past, much less for him. Or so it seems. Because the last act of Don Celestino's dizzying personal drama will prove that though "there is nothing serious . . . , there is tragedy." An astonishing modern take on Don Quixote, *Chaos and Night* untangles the ties between politics and paranoia, self-loathing and self-pity, rage and remorse. It is the darkly funny final flowering of the art of Henry de Montherlant, a solitary and scarifying modern master whose work, admired by Graham Greene and Albert

Camus, is sure to appeal to contemporary readers of Thomas Bernhard and Roberto Bolaño.

*Timothy Goes to School* Penguin

The beloved story of a deer in the forest reaches a new generation of readers with a fresh new look. Bambi's life in the woods begins happily. There are forest animals to play with and Bambi's twin cousins, Gobo and beautiful Faline. But winter comes, and Bambi learns that the woods hold danger—and things he doesn't understand. The first snowfall makes food hard to find. Bambi's father, a handsome stag, roams the forest, but leaves Bambi and his mother alone. Then there is Man. He comes to the forest with weapons that can wound an animal. Bambi is scared that Man will hurt him and the ones he loves. But Man can't keep Bambi from growing into a great stag himself, and becoming the Prince of the Forest. Repackaged with a vibrant, fresh cover for the first time in two decades, this timeless tale of a young deer's woodland life is an ideal collectible. [What Is Existentialism?](#) HarperCollins UK
