Humor, magic, and
adventure abound in the

third—and final—book of Caroline Carlson’s tween fantasy series, *The Very Nearly Honorable League of Pirates*. Hilary Westfield is now a freelance pirate. After trying to prove herself to the VNHL, she realized many members of the league weren’t all that honorable—not even very nearly. With Captain Blacktooth in cahoots with the Mutineers, the kingdom of Augusta—and all of its magic—is at risk. What the League needs is a very honorable pirate to be their new president. So Hilary—with the help of her friends, including the always-spirited gargoyle—challenges Blacktooth to a High Seas battle. Winner takes all. Loser, at best, will be exiled. Caroline Carlson has created a world where magic is currency, pirates are more charming than alarming, and a girl can choose a life as a pirate instead of a life in petticoats. And she once again delivers a story of high stakes, high seas, and high society in the hilarious and charming conclusion to the *Very Nearly Honorable League of Pirates* series.

Warriors: Winds of Change The Guardian Herd: Starfire
Perfect for fans of the *Warriors*, *Survivors*, and

Guardians of Ga’hoole series, this sequel to *The Guardian Herd: Starfire*, which Peter Lerangis called “an epic tale,” will have readers eagerly turning the pages. When Star received his powers on his first birthday, he became the most powerful pegasus in Anok. However, many were afraid to follow him, and felt safer staying with their over-stallions. The rest unified with Star and formed River Herd. But now, not only does a horrible plague threaten the five herds, but Mountain Herd’s over-stallion, Rockwing, has plans to kidnap Morningleaf, Star’s closest companion, and take back Sky Meadow. Star begins to question his ability to keep his herd safe, especially with the threat of Nightwing the Destroyer’s return. As much as Star wants to rely on his friends again for support, he’s afraid of the starfire he’s inherited. Star can heal, but he can also destroy. And the question is, will his dark powers overcome him?

Riders of the Realm: Beneath the Weeping Clouds Bantam
When Aldwyn, a young alley cat on the run, ducks into a mysterious pet shop, he doesn’t expect

his life to change. But that’s exactly what happens when Jack, a young wizard, picks Aldwyn to be his magical familiar. Finally off the tough streets, Aldwyn thinks he’s got it made. He just has to convince the other familiars—the know-it-all blue jay Skylar and the friendly tree frog Gilbert—that he’s the telekinetic cat he claims to be. But when Jack and two other wizards in training are captured by a terrible evil, it will take all of Aldwyn’s street smarts, a few good friends, and a nose for adventure to save the day!

It’s Not I Who Seek the Horse, the Horse Seeks Me Thomas Nelson
From the acclaimed author of *How to Love* comes another stunning contemporary novel, perfect for fans of Sarah Dessen. Molly Barlow is facing one long, hot summer—99 days—with the boy whose heart she broke and the boy she broke it for . . . his brother. Day 1: Julia Donnelly eggs my house my first night back in Star Lake, and that’s how I know everyone still remembers everything. She has every right to hate me, of course: I broke Patrick Donnelly’s heart the night everything

happened with his brother, Gabe. Now I'm serving out my summer like a jail sentence: Just ninety-nine days till I can leave for college and be done. Day 4: A nasty note on my windshield makes it clear Julia isn't finished. I'm expecting a fight when someone taps me on the shoulder, but it's just Gabe, home from college and actually happy to see me. "For what it's worth, Molly Barlow," he says, "I'm really glad you're back." Day 12: Gabe wouldn't quit till he got me to come to this party, and I'm surprised to find I'm actually having fun. I think he's about to kiss me—and that's when I see Patrick. My Patrick, who's supposed to be clear across the country. My Patrick, who's never going to forgive me.

MASTERPIECE THAT

BECAME A CULTURAL

PHENOMENON Winter is

coming. Such is the stern

motto of House Stark, the

northernmost of the

fiefdoms that owe

allegiance to King Robert

Baratheon in far-off King's

Landing. There Eddard

Stark of Winterfell rules in

Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of

Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys.
