A celebrated writer pens
an irresistible, candid, and
eloquent account of her

pursuit of worldly
pleasure, spiritual
devotion, and what she
really wanted out of life.

**The Yellow Eyes of
Crocodiles** Abrams

Mary, the mother of Jesus,
was a truly extraordinary
woman. And after 2000
years, the story of her
brave and remarkable life
continues to inspire and
enthrall us, as that young
woman from Nazareth
was never 'just a girl'. In
72 AD, as the Roman
army pillages Judea and

destroys their village,
fourteen-year-old Judith
hides her younger sister,
her great-grandmother
Rabba, a Roman slave
called Caius and an
unwilling goat in a cave
used to store food.
Judith's skills will save
them as wolves - and
humans - threaten the
group during that long, icy
winter. There are feasts to
enjoy as they listen to
Rabba tell stories of her
youth; of her wealthy
marriage in Jerusalem and

her life in Nazareth as a child. But there is one story Rabba will not tell, no matter how much they coax her. It is the story of Maryiam, her beloved friend who faced the scandal and shame of an unwed pregnancy and the anguish of watching the crucifixion. And it is Maryiam's example that will give Judith, her sister and Caius the courage to step beyond their refuge. Because like Judith, Maryiam of Nazareth was never 'just a girl'.

Greater Than Angels

University of Adelaide Press

The New York Times bestseller: "A superb, thoughtful biography" of the creator and star of Mister Rogers' Neighborhood (David McCullough). Fred Rogers was an enormously influential figure in the

history of television and in the lives of tens of millions of children. Through his long-running television program, he was a champion of compassion, equality, and kindness. Rogers was fiercely devoted to children and to taking their fears, concerns, and questions about the world seriously. The Good Neighbor, the first full-length biography of Fred Rogers, tells the story of this utterly unique and enduring American icon. Drawing on original interviews, oral histories,

and archival documents, Maxwell King traces Rogers's personal, professional, and artistic life through decades of work. King explores Rogers's surprising decision to walk away from his show to make television for adults, only to return to the neighborhood with increasingly sophisticated episodes, written in collaboration with experts on childhood development. An engaging story, rich in detail, The Good Neighbor is the definitive portrait of

a beloved figure, cherished by multiple generations.

A powerful novel from master storyteller Jackie French The soldiers she saved called her the Angel of Waterloo. The husband she loved and lost called her Hen. The patients she treated in secret called her Auntie Love. She was Henrietta Bartlett, a surgeon's daughter, a survivor of the Napoleonic Wars. But now the battlefield is just a blood-soaked memory, and Hen

dreams of peace, a home, and a society that allows women to practise medicine. On the other side of the world, the newly founded colony of New South Wales seems a paradise. But Europe's wars cast long shadows ... From bestselling author Jackie French comes the story of one woman's journey from the hell of Waterloo to colonial Australia, where she can forge her own dreams in a land of many nations. HarperCollins Australia The story behind Banjo Paterson's iconic Australian song. 'Once a jolly swagman camped by a Billabong Under the shade of a Coolibah tree And he sang as he watched and waited till his Billy boiled You'll come

a-waltzing Matilda with me...' In 1894, twelve-year-old Matilda flees the city slums to find her unknown father and his farm. But drought grips the land, and the shearers are on strike. Her father has turned swaggie and he's wanted by the troopers. In front of his terrified daughter, he makes a stand against them, defiant to the last. 'You'll never catch me alive, said he...' Set against a backdrop of bushfire, flood, war and jubilation, this is the story of one girl's journey

towards independence. It is also the story of others who had no vote and very little but their dreams. Drawing on the well-known poem by A.B. Paterson and from events rooted in actual history, this is the untold story behind Australia's early years as an emerging nation. The Ladies' Book of Etiquette, and Manual of Politeness Knopf

A disarming novel that asks a simple question: Can gentle people change the world? In this charming and truly unique debut, popular Irish musician Ronan Hession tells the story of two single, thirty-something men who still live with their parents and who are

. . . nice. They take care of their parents and play board games together. They like to read. They take satisfaction from their work. They are resolutely kind. And they realize that none of this is considered . . . normal. Leonard and Hungry Paul is the story of two friends struggling to protect their understanding of what's meaningful in life. It is about the uncelebrated people of this world — the gentle, the meek, the humble. And as they struggle to persevere, the book asks a surprisingly

enthralling question: Is it really them against the world, or are they on to something?

AWARDS Shortlisted - Young People's History Prize, NSW Premier's History Awards (2006) Diary of a Wombat HarperCollins UK This semi-

autobiographical classic, written by the beloved Judith Kerr, tells the story of a Jewish family escaping Germany in the days before the Second World War. This beautiful new edition celebrates the fifty year anniversary of an adventure that Michael Morpurgo called "The most life-enhancing book you could ever wish to read." Suppose your country began to change. Suppose that without your noticing, it became dangerous for some people to live in it any longer, and you found, to

your surprise, that your own father was one of those people. This is what happened to Anna in 1933. Anna is too busy with her schoolwork and tobogganing to listen to the talk of Hitler. But one day she and her brother Max are rushed out of Germany in alarming secrecy, away from everything they know. Their father is wanted by the Nazis. This is the start of a huge adventure, sometimes frightening, very often funny and always exciting. Judith Kerr wrote When Hitler

Stole Pink Rabbit fifty years ago, based on her own journey, so that her own children would know where she came from and the lengths to which her parents went to keep her and her brother safe. It has gone on to become a beloved classic that is required reading for many children all over the world and is an unforgettable introduction to the real-life impact of the Second World War. This new paperback edition celebrates fifty years of this extraordinary story. Black Inc.

'HISTORICAL FICTION AT ITS BEST' -- Bookseller & Publisher It's 1939, and for Georg, son of an English academic living in Germany, life is full of cream cakes and loving parents. It is also a time when his teacher

measures the pupils' heads to see which of them have the most 'Aryan'- shaped heads. But when a university graduation ceremony turns into a pro-Nazi demonstration, Georg is smuggled out of Germany to war-torn London and then across enemy seas to Australia where he must forget his past and who he is in order to survive. Hatred is contagious, but Georg finds that kindness can be, too. A companion piece to the best-selling *Hitler's Daughter*, this is a

story of war-torn Europe during WWII, as seen through the eyes of a young German boy Georg, who loses his family and must forget his past and who he is in order to survive. MORE PRAISE FOR PENNIES FOR HITLER 'Jackie French's research and subsequent feeling for the era is superb the descriptions of wartime Australia alone are fascinating. This is historical fiction at its best and thoroughly recommended for upper primary children and beyond.' -- Bookseller &

Publisher, 5 Star Review 'From its dramatic opening sequence to its one word conclusion 300 pages later, this is an absorbing story rich with details of everyday life' -- Canberra Times 'This striking fiction for school age readers gives an unflinching view of war and a close-up human perspective on asylum seekers.' -- Saturday Age
Hitler's Daughter
 HarperCollins Australia
 'An impassioned and tireless explorer of "useless" and hence "undesirable" populations,

Michel Agier asks here about their future: how can they be returned to the human family, brought back from non-existence into the social world, from the camp to the town, from a life without time into history? How can they rediscover a place on the map of the world, and pass from the status of reject to that of subject? Urgent and indispensable reading for all who reflect on action to be taken, or are called on to take such action.'

Green Harvest explores the ideas and practices that have shaped organic farming and gardening in Australia from the interwar years to the present day. It reveals that Australian organic farming and gardening societies were amongst the first in the world, being active as early as the 1940s. In what way does human health depend upon the natural environment? Green Harvest traces this idea through four themes of Australian organic farming and gardening – soil,

chemical free, ecological well-being and back to the land – each illustrated with a case study profiling an Australian organic farmer or gardener. Personalities in Australian organic gardening, such as Jackie French and Peter Bennett, talk about organic growing. The book also features extracts from early organic magazines and interviews with current organic growers, including banana and macadamia farmers, managers of outback sheep stations, dairy farmers and self-

sufficiency gardeners. All of these tell the story of Australian organic farming and gardening: past, present and future.

The Good Neighbor

The amazing story of Australia's first surgeon and the boy he adopted. It's 1789, and as the new colony in Sydney Cove is established, Surgeon John White defies convention and adopts Nanberry, an Aboriginal boy, to raise as his son. Nanberry is clever and uses his unique gifts as an interpreter to bridge the two worlds he lives

in. With his white brother, Andrew, he witnesses the struggles of the colonists to keep their precarious grip on a hostile wilderness. And yet he is haunted by the memories of the Cadigal warriors who will one day come to claim him as one of their own. This true story follows the brothers as they make their way in the world - one as a sailor, serving in the Royal Navy, the other a hero of the Battle of Waterloo. No less incredible is the enduring love between the gentleman surgeon and

the convict girl who was saved from the death penalty and became a great lady in her own right. PRAISE '[Jackie] is one of few masters who can embed historic characters in rattling good tales, and her meticulous research is seamlessly inserted so that you live the detail rather than learn it. Irresistible for history buffs of any age.' - Good Reading Magazine, five stars 'If every Australian history class in the country could be taught by Jackie French, we'd have an entire

generation of kids with an enormous thirst for knowledge about our early European settlement and a whole lot more compassion for those who already called this country home.' - Sunday Tasmanian 'I've been telling all my friends to read this book, and to give it to their kids to read. It's absolutely engrossing.' - Herald Sun
