Acknowledged as "America's most popular suspense novelist" (Rolling Stone) and as one of today's most celebrated and successful writers, Dean Koontz has earned the devotion of millions of readers around the world and the praise of critics everywhere for tales of character, mystery, and adventure that strike to the core of what it means to be human. Now he delivers the page-turner of the season, an unforgettable journey to the heart of darkness and to the pinnacle of grace, at once chilling and wickedly funny, a brilliantly observed chronicle of good and evil in our time, of illusion and everlasting truth. He's Hollywood's most dazzling star, whose flawless countenance inspires the worship of millions and fires the hatred of one twisted soul. His perfectly ordered existence is under siege as a series of terrifying, enigmatic "messages" breaches the exquisitely calibrated security systems of his legendary Bel Air estate. The boxes arrive mysteriously, one by one, at Channing Manheim's fortified compound. The threat implicit in their bizarre, disturbing contents seems to escalate with each new delivery. Manheim's security chief, ex-cop Ethan Truman, is used to looking beneath the surface of things. But until he entered the orbit of a Hollywood icon, he had no idea just how slippery reality could be. Now this good man is all that stands in the way of an insidious killer—and forces that eclipse the most fevered fantasies of a city where dreams and nightmares are the stuff of daily life. As a seemingly endless and ominous rain falls over southern California, Ethan will test the limits of perception and endurance in a world where the

truth is as thin as celluloid and answers can be found only in the illusory intersection of shadow and light. Enter a world of marvelous invention, enchantment, and implacable intent, populated by murderous actors and the walking dead, hit men and heroes, long-buried dreams and never-dying hope. Here a magnificent mansion is presided over by a Scottish force of nature known as Mrs. McBee, before whom all men tremble. A mad French chef concocts feasts for the mighty and the malicious. Ming du Lac, spiritual adviser to the stars, has a direct line to the dead. An aptly named cop called Hazard will become Ethan's ally, an anarchist will sow discord and despair, and a young boy named Fric, imprisoned by celebrity and loneliness, will hear a voice telling him of the approach of something unimaginably evil. Traversing this extraordinary landscape, Ethan will face the secrets of his own tragic past and the unmistakable premonition of his impending violent death as he races against time to solve the macabre riddles of a modern-day beast. A riveting tour de force of suspense, mystery, and miraculous revelation, *The Face* is that rare novel that entertains, provokes, and uplifts at the same time. It will make you laugh. It will give you chills. It will fill you with hope. **BONUS:** This edition contains an excerpt from Dean Koontz's *The City*.

But the more he learns, the less he likes—and the more he starts to think this will end very, very badly. With a faceless organization hunting him, bloody flashbacks haunting him, and an intriguing new companion helping him, the clock is ticking on whether he can escape his past before it devours him. Will he recover his memories before it's too late, or be forced to become a pawn for the forces hunting him down?

This title was first published in 2003. This text explores the "dark, pessimistic truth that pervades the pages of modern texts", setting a theme of Dante's "Inferno" against the work of modern authors including Dostoyevsky, Hardy, Conrad, Wharton, Kafka, Camus, Waugh and Flannery O'Connor. The author's thesis is that these writers exhibit a hostility towards the reader, an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly enlightened. At its most characteristic, Reilly demonstrates, modern fiction seems to

achieve a savage satisfaction in inflicting this pain, to an extent that could be described as sadistic. Reilly traces what he calls this "punitive spirit" to a character in the "Inferno", Vanni Fucci, who suffering himself does his best to make Dante suffer too. Through the study he uses the "Inferno" as a guide to the prevailing attitudes in modern fiction, revealing a parallel between the prohibition of pity within the medieval poem and in the pages of modern texts.

A soon to be global phenomenon and cornerstone of contemporary children's literature, E. L. Seer's, Ethan Fox Books series will be both universally adored and critically acclaimed. A delightful story that glows with rare magic, unearthly wonders, and true friendships. BACK COVER COPY: After barely escaping abduction at the hands of Grimleaver vampires, thirteen-year-old Ethan Fox encounters a girl he is deeply drawn to. within our own. There, they unravel the mysteries of their tangled pasts and help the Caretakers protect the human world from the Grimleavers and their evil plans to enslave humanity. COMMENTARY: The series is sure to be a monster hit because in all honesty, Seer is a terrific writer and *Ethan Fox and the Eyes of the Desert Sand* is an amazingly good book. It is chock-full of characters, creatures, situations, and complications. But what makes it all work is that you just love Ethan, Hayley, Gruggins, and many of the other protagonists while viewing the antagonists, Victor, Daavic, the Grimleavers, and others of the story with equivalent disdain. Everything works because everything is built around them - Ethan and Hayley's situation, their fears, their strengths, and their mistakes. The new worlds, the new beings, the new ideas are wonderful creations but without those people, they mean nothing. Along the way, Seer brings forth an alternate reality, and through his vision, is sure to bring joy to millions. MEET THE AUTHOR: E. L. Seer is a pen name.
