This 326-page songbook is Volume 1 of The Worship Songbook, a 2-volume set that includes nearly every song Sovereign Grace has published from 1984 to the Worship God Live CD (released in 2005). In all, that's 21 years of songwriting and 258 songs. The songbook set contains more than 100 songs not included in our earlier songbook. Each song is presented in a 2-staff piano arrangement (suitable for moderately accomplished keyboard players) that incorporates lyrics and chord symbols. Slash chord symbols are used where appropriate, facilitating use by guitarists and bass players. In addition, each song is keyed to at least one Scripture reference, and some to as many as half a dozen. Comprehensive dual indexes at the back of each book aid in locating songs by title, first line, or Scripture reference. Volume 1 contains 124 songs with titles AK, including Mark Altrogge's I Stand in Awe and Vikki Cook's Before the Throne of God Above.

 The study of string instruments should include ensemble playing at the earliest possible stage. There is much to be gained from the playing of duets. Each player learns how to listen to the other, and in a short time develops an awareness of balance, musical phrasing, intonation, and tone quality. This type of training is excellent preparation for participation in large groups. These four volumes of duets for two violins will help fill the need for early ensemble experience in the public schools. They should be used in string classes as a supplement to any of the standard string methods. They will also encourage music making outside of the school, with parents or with other students. These duets are ideal for recitals in the public schools and in public school festivals. They may be played by two performers, or by multiple performers on each part, with or without piano accompaniment.

This book was born out of necessity and desire of the author to learn about proper church music in regards to melody, harmony, lyrics, instrumentation, and rhythm. The necessity is for clearer guidelines for pastors and musicians since there are many debates and divisions over worship music. The author desired a deeper understanding since he is a professional musician who was criticized for his choice of instruments, style, and genre. This book informs the reader of the musicological and theological aspect of worship music. It examines and explains the role of electric instruments and drums in 21st century worship. It helps music leaders make better decisions when it comes to building a church band and selecting proper music. This book also helps answering some myths people have about instrumentation, style, rhythm, lyrics and harmony in respect to theology, culture, and musicology vs. personal preference. This book will encourage

today's musicians to explore, invent, develop, and enrich worship with their music. It will also help mend the gap between generations in regards to change, as good Christians will realize that drums were not invented by the devil and, if rightly used, could be a wonderful addition to the church band.

100 Left Hand Patterns Every Piano Player Should Know Hal Leonard Corporation (Worship Musician Presents). The Worship Drum Book: Concepts to Empower Excellence is a powerful guide for drummers in contemporary churches and for drummers in traditional churches who are making the transition from worship supported by organ or piano to worship supported by a full rhythm section. With over 30 years of experience in the modern worship movement, author Carl Albrecht has a vast knowledge of what drummers need to know to adapt to modern music's being brought into the church. The adoption of drums into church worship services is sometimes a very controversial issue, so Albrecht shares ways that drummers can be sensitive to the congregation and leaders and yet play with authority and confidence. Developing great drumming skills along with an understanding of spiritual matters is of the utmost importance. Therefore, while this book addresses important traditional drumming techniques and concepts, it also explains the unique role that drummers or musicians of any sort have as minstrels in the house of the Lord. In this book, Albrecht also shares concepts to help touring music groups and worship artists who are called outside the church walls. He and his wife, Leann, minister to churches and worshippers all around the world while also sharing an active ministry in their home church in Nashville.
