Contemporary Japanese Workbook, Volume 1 was created as a supplementary material for Contemporary Japanese: An Introductory Textbook for College Students. A workbook which is best used for reviewing and reinforcing the concepts and learning materials introduced in the textbook, it is also designed to function as a standalone comprehensive workbook. Some of the features included for this purpose are (a) presentation of a brief note on the concept tested before every question, (b) providing of vocabulary and kanji glossaries on unfamiliar words, and (c) an audio input by native speakers. This workbook also offers materials in the business, traveling and daily life contexts, in addition to the college life context featured greatly in the textbook. Contemporary Japanese Workbook series comes in two volumes, consisting of 26 chapters (Chapter One to Fourteen in Volume 1 and Chapter Fifteen to Twenty-Six in Volume Two) in all. It integrates all the information provided in the textbook. Each

chapter in the workbook has specific objectives and includes the following six sections: Kanji and vocabulary Grammar. Conversation and Usage. Listening Comprehension. Writing. New Vocabulary Reference List. In Contemporary Japanese Workbook Volume One, hiragana characters are introduced in Chapter One in the form of questions along with audio recordings, and are used in subsequent chapters without ruby, in this case in romanji. Katakana characters are introduced in Chapter Four, also in the form of questions, and are used in subsequent chapters without ruby. Kanji characters are introduced in the form of questions, accompanied by detailed information such as meanings, component equations, remembering guides, stroke order, and usage examples. The required kanji characters in every chapter are introduced without ruby. When they appear again in the following chapters, ruby is sparingly provided, wherever it is thought to be helpful, and the use of this pronunciation guide is gradually reduced. Non-required kanji characters occasionally appear with ruby to help learners get accustomed to kanji and thus, able to see the phrase boundaries in a sentence easily. Contemporary Japanese Workbook Volume 1 Yesjapan Corporation
Japanese for Busy People is the most popular Japanese language textbook series in the world. With over 20 components including texts, workbooks, CDs, videos and teacher's manuals, it is also one of the most comprehensive. Now, a decade after its first revision, the entire series is being redesigned, updated and consolidated to meet the needs of 21st-century students and businesspeople who want to learn natural, spoken Japanese as effectively as possible in a limited amount of time. The book

features not only a sleek, new design but also a unit structure that groups thematically linked lessons together, making it easier than ever to learn Japanese. Moreover, it now comes with a CD containing audio for the dialogues and listening exercises from the text. The exercises in the book have also been thoroughly revised to incorporate more comprehension and production tasks. Many of these exercises are illustrated, making for a stimulating learning experience, and the purpose of each one is clearly stated. This first of three volumes introduces "survival Japanese"—the absolute minimum amount of Japanese needed to live in Japan. Thus, the vocabulary and grammatical items it introduces are limited to about a third of what is typically introduced in a first-year course. In addition, the book features notes on Japanese culture intended to expand the learner's understanding of Japan, its customs and people. Japanese for Busy People I is available in two formats: romanized and kana. The Romanized Version uses romanized Japanese throughout, with kana in the Opening Dialogues of each lesson. The Kana Version—exposing students to hiragana and katakana from the very beginning—uses only kana. The content of the two books is otherwise exactly the same. The companion volume, Japanese for Busy People 1: The Workbook for the Revised 3rd Edition contains a variety of illustrated exercises for mastering the basic sentence patterns presented in the main text.
