La Sageesse extravagante de Nasr Eddin Albin Michel
 Les habitants de la région du Nord-est de la Turquie, au bord de la Mer Noire, sont appelés les Lâz. Ils ont gardé leurs traditions, leurs coutumes, leur langue vivace. Ils vivent dans une région qui se situe entre les montagnes et la mer. Les histoires de ce recueil sont tirées de leur vie quotidienne ; elles sont liées aux anchois de la Mer Noire (hamsi) et aux jardins de noisetiers. Ces histoires humoristiques font passer un message fort à travers un personnage candide, Témélé.

mythology. The young god is determined to have adventures from the very moment of his unusual birth, stealing sacred cows, discovering fire and inventing the lyre and flute. He will drink the nectar of Olympus and discover the truth about the immortals, from their first moments and worst monsters to their greatest loves and most terrible battles-but Hermes won't let any of it distract him from that whole wide world of good fun...

Mulla Nasrudin, the wise fool of Eastern folklore, holds a special place in Sufi studies. The Sufis, who believe that deep intuition is the only real guide to knowledge, use the humorous stories of Nasrudin's adventures almost like exercises in Eastern thought. The Sufis ask people to choose a few which especially appeal to them, and turn them over in their mind, making them their own. Sufi teaching masters say that in this way a breakthrough into a higher wisdom can be effected. A single story can work on many levels, from great humor to initiating profound thought. Idries Shah's

collection of Nasrudin tales is an excellent introduction to Sufi thought and Eastern philosophy. *Les Philo-fables pour la Terre* eBook Partnership

Les petites malices de Nasreddine Editions Albin Michel

Absurd fairy tales, very sensibly told There once was a good little devil - did you read that right? Yes you did: not a wicked little devil but a good one, and boy, was he in a fix! Instead of doing bad things like forgetting his homework and playing tricks on his teachers, this little devil kept trying to be good. He did all his homework - and sometimes enjoyed it! He was never rude and he even

encouraged sinners to say sorry. His parents were at their wits' end. So the little devil struck out on his own. On his quest to learn to be good, our little devil meets all kinds of people, from priests to police and from the Pope in Rome to Little Jesus himself. But will the angels let a little red devil with black horns into Heaven? In these thirteen tales, clever young people find nifty ways to overcome greedy kings, wicked witches, unlucky spells and even silly names. And there's a big dash of magic to help them on the way! In these tales, the giants, witches and mermaids of traditional fairy tales leap from the page, animated by a very modern spirit. Blessed with a healthy disrespect for authority, the author took great pleasure in upsetting the natural order of the fantastic.

Raised by a fisherman from the depths of the sea, an ornate chest soon attracts the attention of the greedy King, always searching for more treasure. But the King has a problem: nothing and nobody can open the chest. A thousand keys, a thousand tools, and a thousand swords were tried. He calls his most talented subjects to open it: the Locksmith, then the Strong Man, the Magician, and even the Alchemist--they all try their skills, and none can do it! Only the Lynx, whose magical eyes allow her to see through anything, can finally satisfy the King's curiosity. The story, like the chest, contains a beautiful and mysterious core for the intrepid reader to open, about how the treasures we crave may not be what we truly desire.

Sagesses et malices de Madi, l'idiot voyageur Flammarion

Djeha—also known as Juha, Jeh'a, and Ch'ha, among many variations—is an iconic figure, the trickster hero of an oral folktale tradition that has existed for centuries. The famous Maghrebian prankster is a poor, cunning, and resourceful character that delights in immoral behavior. Orientalists Auguste Mouliéras (1855-1931) and René Basset (1855-1924) were among the first Frenchmen to collect and translate popular Berber folktales. Today, trickster folktales from Algeria’s mountainous Kabylia region are not well known in the Anglophone world, even though they continue to be highly popular in France and in North Africa. Djeha, the North African Trickster is an annotated, critical translation of Auguste Mouliéras’s folktale collection Les Fourberies de Si Djeh’a, first published in French in 1892. The volume contains sixty tales and an in-depth introduction in which Christa C. Jones discusses jocular literature in Islam, the widespread oral folktale tradition linked to Djeha and his Turkish twin brother Nasreddin Hoca, and the impact of colonialism on the gathering and dissemination of the tales. The trickster is at the center of six themed chapters: “Family and Kinship”; “Animal Tales”; “Faces, Places, or Daily Life in the Village”; “Foodways”; “The Intricacies of Hospitality: Beware of Friends and Foes!"; and “Religion, Death, and the Afterlife.” Each chapter contains ten folktales preceded by a short introduction that contextualizes the pieces using historical, folkloristic, literary, and ethnographical sources. Ultimately, the book contributes to the preservation of an ancestral oral heritage, delivering this enduring character to new audiences.
