## CONRAD CARDENAS

**Conditionals** Cambridge University Press

This book is an extremely detailed and comprehensive examination of conditional sentences in English, using many examples from actual language-use. The syntax and semantics of conditionals (including tense and mood options) and the functions of conditionals in discourse are examined in depth, producing an all-round linguistic view of the subject which contains a wealth of original observations and analyses. Not only linguists specializing in grammar but also those interested in pragmatics and the philosophy of language will find this book a rewarding and illuminating source.

**An Elementary Grammar of the Greek Language** Dorrance Publishing

Workbook provides many exercises on the grammar forms and help learners prepare for the TOEFLA(R).

*A Grammar of the Greek New Testament in the Light of Historical Research* □□□□

Designed for intermediate-level students, this textbook presents an outline of the essential forms and syntax of ancient Attic Greek. A perfect supplement to Louise Pratt's *Eros at the Banquet*, it also stands alone as a useful resource for any student seeking to move beyond the basics of

Greek into the exciting experience of reading classical literature in its original language. The *Essentials of Greek Grammar* is based on the author's many years of classroom experience and on the handouts she developed and fine-tuned to supplement a variety of textbooks and approaches. In part 1 of the volume, Pratt covers the following: morphology and parts of speech in increasing order of complexity, from articles and pronouns through adjectives; active and passive participles; nouns, with a summary of endings and examples of the three declensions; verbs, with summaries and examples of regular and irregular forms. Part 2 presents syntax, moving from the relatively straightforward case uses of nouns and pronouns, to the uses and positions of adjectives and the complexities of verb types and moods. Pratt also includes miscellaneous figures of speech and a handy appendix listing two hundred common Attic verbs and their principal parts.

**English Grammar for University Students** Wayzgoose Press

This Series Has Been Prepared To Provide The Essentials Of English Grammar With A Minimum Of Technical Terms To Middle School Students. Each Book Has Numerous Carefully-Planned Exercises, Amusing Anecdotes And Short Stories, Which Are Based On The Indian Milieu.

*A Latin Grammar for Schools and Colleges* Allyn & Bacon

The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes

learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction.

Part of a four-volume series, "The Grammar of the English Verb Phrase", this book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research.

**English Grammar Book. Version 2.0 (Грамматика английского языка. Версия 2.0). Учебное пособие** Cambridge University Press

Practical English Grammar for Academic Writers is intended for international students who have to write academically in American English. Suitable for undergraduates or graduate students, it aims at enabling writers to produce grammatically correct, well-focused, well-developed writing with academic vocabulary, style, and tone. This book is compact, yet surprisingly broad in grammatical, lexical, and academic scope, making it ideal for advanced level English for academic purposes or academic transitions reading/writing classes that have to balance academic content with grammar.

This book also includes an answer key, including sample paragraphs for all of the independent writing assignments, allowing for individual, autonomous study.

This text explores ways in which English grammar enables speakers and writers to represent the world, to interact with one another, and to create coherent messages. The hardback edition provides second language teachers with a functional description of English grammar, in which grammar is viewed not as a set of rules but as a communicative resource. It explores ways in which English grammar enables speakers and writers to represent their experience of the world, to interact with one another, and to create coherent messages. Each chapter includes a focus on areas of difficulty for second language learners, numerous authentic examples, tasks that allow the reader to apply the concepts introduced, and discussion questions. A final chapter covers issues in the learning and teaching of grammar, and reviews methodological options for the second or foreign language classroom. Assuming no previous study of linguistics or English grammar, Functional English Grammar is suitable for self-study or as a textbook in teacher education programs.

**The Practical English Grammar, Etc** Murat Kaplan

This book offers a new and in-depth analysis of English conditional sentences. In a wide-ranging discussion, Dancygier classifies conditional constructions according to time-reference and modality. She shows how the basic meaning parameters of conditionality correlate to formal parameters of the linguistic constructions which are used to express them. Dancygier suggests that the function of prediction is central to the definition of conditionality, and that conditional sentences display certain formal features which correlate to aspects of interpretation. Although the analysis is based primarily on English, it provides a theoretical framework that can be extended cross-linguistically to a broad range of grammatical phenomena. It will be essential reading for scholars and students concerned with the role of conditionals in English and many other languages.
