Corey R.
Lewandowski
and David N.
Bossie, the
authors of the
blockbuster,
Let Trump Be
Trump: the

Inside Story of
His Rise to the
Presidency,
are back with
their next New
York Times
bestseller. The
assault on the
45th president
began

immediately following Donald J. Trump's victory in the 2016 presidential election. It was then that Democrats concocted the absurd story of Russian spies and international plots as an excuse for Hillary's humiliating defeat. It was in those early days, too, during the presidential transition, when enemies of Donald Trump began to tunnel their way into the White House with the intent

to undermine the president and subvert his agenda. Perhaps there are no two people better to tell what is certain to be the story of our lifetime than Corey R. Lewandowski and David N. Bossie. The guys in the room who brought you the bestselling account of the 2016 Donald J. Trump for President campaign, Let Trump Be Trump, Lewandowski and Bossie now offer a first-hand account of what is,

perhaps, the battle for the life of our very democracy. Using unparalleled, behind-the-scenes sourcing from inside the White House and on Capitol Hill, and access to the president and other key players, Trump's Enemies offers a never-before-seen look deep into the forces aligned against the president. Lewandowski and Bossie were present in Trump Tower and at Bedminster

during the presidential transition and saw the events that gave root to the unelected "resistance" in the White House today. Bossie was witness to the moment the fake Russia investigation was enacted by James Comey, who legitimized the phony "Steele dossier" by presenting it to the new president-elect. A close confidant of the president, Lewandowski knows what goes on behind the

West Wing walls as well as anyone. But Trump's Enemies is also the story of how President Trump is fighting back. In the face of a gale of media disinformation and the looming black cloud of Mueller's politically motivated investigation, President Trump has still managed to accomplish more than any of his predecessor in the short time he's been in office. Often traveling with

the president on Air Force One to rallies around the country, Lewandowski and Bossie tell, as no one else can, the story of Donald Trump bringing his message to the people who are the only ones who should decide the future of his presidency—the American voters.

Amboina,
1623 W. W. Norton & Company
 A Financial Times Book of the Year
 An Economist Best Book of the Year
 "A

triumph of investigative journalism.” —Tom Wright, New York Times bestselling coauthor of Billion Dollar Whale “A fascinating read. Highly recommended!”-John Carreyrou, bestselling author of Bad Blood “Truly one of the most nail-biting, page-turning, terrifying true-crime books I’ve ever read.” —Nick Bilton, New York Times bestselling author of American Kingpin From

award-winning journalists Matthew Campbell and Kit Chellel, the gripping, true-crime story of a notorious maritime hijacking at the heart of a massive conspiracy—and the unsolved murder that threatened to unravel it all. In July 2011, the oil tanker Brillante Virtuoso was drifting through the treacherous Gulf of Aden when a crew of pirates attacked and set her ablaze in a devastating

explosion. But when David Mockett, a maritime surveyor working for Lloyd’s of London, inspected the damaged vessel, he was left with more questions than answers. How had the pirates gotten aboard so easily? And if they wanted to steal the ship and bargain for its return, then why did they destroy it? The questions didn’t add up—and Mockett would never answer them. Soon after his

inspection, David Mockett was murdered. Dead in the Water is a shocking expose of the criminal inner workings of international shipping, told through the lens of the *Brillante* hijacking and its aftermath. Through first-hand accounts of those who lived it—from members of the ship's crew and witnesses to the attacks, to the ex-London detectives turned private investigators seeking to solve

Mockett's murder and bring justice to his family—award-winning Bloomberg reporters Matthew Campbell and Kit Chellel piece together the astounding truth behind one of the most brazen financial frauds in history. The ambitious culmination of more than four years of reporting, *Dead in the Water* uncovers an intricate web of conspiracy amidst the lawless, old-

world industry at the backbone of our new global economy. Conspiracy St. Martin's Griffin In 1623, a Japanese mercenary called Shichizō was arrested for asking suspicious questions about the defenses of a Dutch East India Company fort on Amboina, a remote set of islands in what is now eastern Indonesia. When he failed to provide an adequate explanation, he was

tortured until he confessed that he had joined a plot orchestrated by a group of English merchants based nearby to seize control of the fortification and ultimately to rip the spice-rich islands from the Company's grasp. Two weeks later, Dutch authorities executed twenty-one alleged conspirators, sparking immediate outrage and a controversy that would endure for

centuries to come. In this landmark study, Adam Clulow presents a new perspective on the Amboina case that aims to move beyond the standard debate over the guilt or innocence of the supposed plotters. Instead, Amboina, 1623 argues that the case was driven forward by a potent combination of genuine crisis and overpowering fear that propelled the rapid

escalation from suspicion to torture, that gave shape and form to an imagined plot, and that pushed events forward to their final bloody conclusion. Based on an exhaustive analysis of original trial documents, letters, and depositions, this book offers a masterful reinterpretation of a trial that has divided opinion for centuries while presenting new insight

into global history and the nature of European expansion across the early modern world.

Trump's Enemies

Anchor
This carefully researched book gives the inside story of how these modern-day patriots endured Hillary's attacks and emerged to become a sprawling, innovative news source reaching tens of millions each day. Hillary's Secret War presents a

tale of dogged courage and sacrifice, one of the greatest untold stories in the annals of journalism. *A Basket of Deplorables* Light Technology Publishing
In a powerful and deeply personal memoir David Brock, the original right-wing scandal reporter, chronicles his rise to the pinnacle of the conservative movement and his painful break with it. David Brock pilloried Anita Hill in a bestseller. His

reporting in *The American Spectator* as part of the infamous "Arkansas Project" triggered the course of events that led to the historic impeachment trial of President Clinton. Brock was at the center of the right-wing dirty tricks operation of the Gingrich era—and a true believer—until he could no longer deny that the political force he was advancing was built on

little more than lies, hate, and hypocrisy. In *Blinded By the Right*, Brock, who came out of the closet at the height of his conservative renown, tells his riveting story from the beginning, giving us the first insider's view of what Hillary Rodham Clinton called "the vast right-wing conspiracy." Whether dealing with the right-wing press, the richly endowed think tanks, Republican

political operatives, or the Paula Jones case, Brock names names from Clarence Thomas on down, uncovers hidden links, and demonstrates how the Republican Right's zeal for power created the poisonous political climate that culminated in George W. Bush's election. With a new afterword by the author, *Blinded By the Right* is a classic political

memoir of our times. How I Accidentally Joined the Vast Right-Wing Conspiracy (and Found Inner Peace) Delta A Vast Conspiracy Random House The Paranoid Style in American Politics Penguin A NEW YORK TIMES EDITORS' CHOICE • A gripping, behind-the-scenes portrait of the rise of Saudi Arabia's secretive and mercurial new ruler

“Revelatory . . . a vivid portrait of how MBS has altered the kingdom during his half-decade of rule.”—The Washington Post Finalist for the PEN/Jacqueline Bograd Weld Award • ONE OF THE BEST BOOKS OF THE YEAR: Financial Times, Foreign Affairs, Kirkus Reviews MBS is the untold story of how a mysterious young prince emerged from Saudi Arabia’s sprawling royal family to overhaul the economy and

society of the richest country in the Middle East—and gather as much power as possible into his own hands. Since his father, King Salman, ascended to the throne in 2015, Mohammed bin Salman has leveraged his influence to restructure the kingdom’s economy, loosen its strict Islamic social codes, and confront its enemies around the region, especially Iran. That vision won

him fans at home and on Wall Street, in Silicon Valley, in Hollywood, and at the White House, where President Trump embraced the prince as a key player in his own vision for the Middle East. But over time, the sheen of the visionary young reformer has become tarnished, leaving many struggling to determine whether MBS is in fact a rising dictator whose inexperience and rash

decisions are destabilizing the world's most volatile region. Based on years of reporting and hundreds of interviews, MBS reveals the machinations behind the kingdom's catastrophic military intervention in Yemen, the bizarre detention of princes and businessmen in the Riyadh Ritz-Carlton, and the shifting Saudi relationships with Israel and the United States. And finally, it sheds new

light on the greatest scandal of the young autocrat's rise: the brutal killing of journalist Jamal Khashoggi by Saudi agents in Istanbul, a crime that shook Saudi Arabia's relationship with Washington and left the world wondering whether MBS could get away with murder. MBS is a riveting, eye-opening account of how the young prince has wielded vast powers to

reshape his kingdom and the world around him. Praise for MBS "Saudi Arabia is testing the extremes of tradition and innovation, of half-baked visions and intensifying repression. Ben Hubbard's authoritative reporting on the inner sanctums of its society offers a perfect synthesis of journalism and area expertise: the best description we have at the moment of why things happen as

they do in the kingdom.”—Robert D. Kaplan, author of *The Return of Marco Polo’s World: A Vast Conspiracy*. National Geographic Books. Conspiracy theories are inevitable in complex human societies. And while they have always been with us, their ubiquity in our political discourse is nearly unprecedented. Their salience has increased for a variety of reasons including the

increasing access to information among ordinary people, a pervasive sense of powerlessness among those same people, and a widespread distrust of elites. Working in combination, these factors and many other factors are now propelling conspiracy theories into our public sphere on a vast scale. In recent years, scholars have begun to study this genuinely

important phenomenon in a concerted way. In *Conspiracy Theories and the People Who Believe Them*, Joseph E. Uscinski has gathered forty top researchers on the topic to provide both the foundational tools and the evidence to better understand conspiracy theories in the United States and around the world. Each chapter is informed by three core questions: Why do so many people

believe in
conspiracy
theories?
What are the
effects of such
theories when
they take hold
in the public?
What can or
should be
done about
the
phenomenon?
Combining
systematic
analysis and
cutting-edge
empirical
research, this
volume will
help us better
understand an
extremely
important, yet
relatively
neglected,
phenomenon.

"Meticulous in
its research,
forensic in its
reasoning,
robust in its
argument, and
often hilarious
in its
debunking... a
highly
entertaining
rumble with
the century's
major
conspiracy
theorists and
their
theories." --
John Lahr,
National Book
Critics Circle
Award-winning
author of
Tennessee
Williams From
an award-
winning
journalist, a
history so
funny, so true,
so scary, it's
bound to be

called a
conspiracy.
Our age is
obsessed by
the idea of
conspiracy.
We see it
everywhere-
from Pearl
Harbor to
9/11, from the
assassination
of Kennedy to
the death of
Diana. In this
age of
terrorism we
live in, the
role of
conspiracy is a
serious one,
one that can
fuel radical or
fringe
elements to
violence. For
David
Aaronovitch,
there came a
time when he
started to see
a pattern

among these inflammatory theories. these theories used similarly murky methods with which to insinuate their claims: they linked themselves to the supposed conspiracies of the past (it happened then so it can happen now); they carefully manipulated their evidence to hide its holes; they relied on the authority of dubious academic sources. Most important, they elevated their believers to

membership of an elite- a group of people able to see beyond lies to a higher reality. But why believe something that entails stretching the bounds of probability so far? In this entertaining and enlightening book, he examines why people believe conspiracy theories, and makes an argument for a true skepticism: one based on a thorough knowledge of history and a strong dose of

common sense.

A Vast Conspiracy

Thomas Nelson
America's economy is in shambles . . . Its citizens are terrified and dissatisfied Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group

seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy

researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our

nation's past to craft a frightening history that no one else is brave enough to tell.

Monica's Story
Oxford University Press, USA
Revised and updated "One of today's most respected journalists, David Rohde takes on one of the country's most toxic conspiracy theories," presenting a "scrupulously reported and even-handed" account of how power and intelligence

are exploited in Washington that “goes deep indeed inside America’s security state, telling a story that will surprise readers of all political persuasions” (Jane Mayer, author of *Dark Money*). Donald Trump blamed his 2020 defeat on Democrats and the “deep state”—a supposed secret cabal of Washington insiders that relentlessly encroaches on the individual rights of Americans—fo

election and undermining his presidency. Most Americans who supported him agreed. Americans on the left increasingly fear the “military-industrial complex,” a faction of generals and defense contractors who they believe routinely push the country into endless wars. But does the American “deep state” really exist? This question is fundamental

to preserving the legitimacy of American democracy, as frustration with and distrust for the government continue to grow. In *Deep* seeks to dispel these pernicious myths through an examination of the FBI, CIA, and Justice Department scandals of the past fifty years from the Church Committee’s exposure of Cold War abuses to the claims and counterclaims of the Trump era and the relentless

spread of conspiracy theories online and on air. It exposes the misconduct of Attorney General William Barr; how distrust of the “deep state” undermined the US government response to the COVID-19 pandemic; and the growing discord sowed by the explosion of false information online. It investigates Trump’s quest to discredit government experts, the legislative and

judicial branches, and the results of the 2020 election and assume authoritarian power for himself. “The idea of the deep state, Rohde writes, is inextricably linked to a particular view of presidential power” (Dina Temple-Raston, Washington Post). Based on dozens of interviews with career CIA operatives and FBI agents, “In Deep is a wholly satisfying read and a necessary one

for anyone wanting to understand the forces at play in our government today” (Andrea Bernstein, Peabody Award-winning g cohost of the Trump, Inc. podcast and author of American Oligarchs). **Burn-in** PM Press AN INSTANT #1 NEW YORK TIMES BESTSELLER Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles

Times, Parade, St. Louis Post-Dispatch, The Guardian, Publishers Weekly, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—State of Terror. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a

political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational conglomerate. As the new

president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be

the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear,

Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a

dedicated journalist; and a smart, determined, but as yet untested new secretary of state. State of Terror is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist. Contempt A Vast Conspiracy This timely reissue of

Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger

agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?, ” *The Paranoid Style in American*

Politics remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States. **Blinded by the Right** Penguin
In a book written while the events were unfolding, Richard Posner presents a balanced and scholarly understanding of President Clinton's year of crisis which began when his affair with Monica Lewinsky hit

the front pages in January 1998. With the freshness and immediacy of journalism, Posner clarifies the issues involved, carefully assesses the conduct of Independent Counsel Kenneth Starr, and examines the pros and cons of impeaching President Clinton as well as the major procedural issues raised by both the impeachment in the House and the trial in the Senate. This book,

reflecting the breadth of Posner's experience and expertise, will be the essential foundation for anyone who wants to understand President Clinton's impeachment ordeal. Simon and Schuster GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music

world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. "I loved The Violin Conspiracy for exactly the same reasons I loved The Queen's Gambit: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew

nothing about—in this case, classical music.”
—Chris Bohjalian, #1 New York Times bestselling author of *The Flight Attendant* and *Hour of the Witch* Growing up Black in rural North Carolina, Ray McMillian’s life is already mapped out. But Ray has a gift and a dream—he’s determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who

wants him to stop making such a racket; not the fact that he can’t afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat

Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he’s lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great

musician
within him.
*The Run of His
Life*
HarperCollins
UK
The contents
of the first two
volumes were,
we gladly
admit, at once
more familiar
and easier to
handle. We
were
concerned
with mass and
leadership
psychology,
two factors
that we know
from social
and political
life. They have
been much
studied and
we can clearly
trace their
evolution.
However,
since actions
by masses

and leaders
also have an
intellectual
and emotional
side, we were
obliged, in
some way or
other, to deal
with this topic
as well. It was
obviously
necessary, it
seemed to us,
to approach
this study
from a new
and significant
angle. One
cannot escape
the realiza
tion that
"conspiracy
theory" has
played, and
continues to
play, a central
role in our
epoch, and
has had very
serious
consequences
. The

obsession with
conspiracy
has spread to
such an
extent that it
continuously
crops up at all
levels of
society. The
following
paradox must
be striking to
anyone: In the
past, society
was governed
by a small
number of
men, at times
by one
individual,
who, within
traditional
limits,
imposed his
will on the
multitude.
Plots were
effective: By
eliminating
these
individuals
and their

families, one could change the course of events. Today, this is no longer the case. Power is divided among parties and extends throughout society. Power flows, changes hands, and affects opinion, which no one controls and no one represents entirely.

The Violin Conspiracy

Simon and Schuster
In the nineteenth century anarchists were accused of conspiracy by

governments afraid of revolution, but in the current century various “conspiracy theories” suggest that anarchists are controlled by government itself. The Illuminati were a network of intellectuals who argued for self-government and against private property, yet the public is now often told that they were (and are) the very group that controls governments and defends private property

around the world. Intervening in such misinformation, Lagalisse works with primary and secondary sources in multiple languages to set straight the history of the Left and illustrate the actual relationship between revolutionism, pantheistic occult philosophy, and the clandestine fraternity. Exploring hidden correspondences between anarchism, Renaissance

magic, and New Age movements, Lagalisse also advances critical scholarship regarding leftist attachments to secular politics. Inspired by anthropological fieldwork within today's anarchist movements, her essay challenges anarchist atheism insofar as it poses practical challenges for coalition politics in today's world. Studying anarchism as a historical

object, Occult Features of Anarchism also shows how the development of leftist theory and practice within clandestine masculine public spheres continues to inform contemporary anarchist understandings of the "political," in which men's oppression by the state becomes the prototype for power in general. Readers behold how gender and religion become privatized in

radical counterculture, a historical process intimately linked to the privatization of gender and religion by the modern nation-state. *MBS Vintage* A riveting tour through the landscape and meaning of modern conspiracy theories, exploring the causes and tenacity of this American malady, from Birthers to Pizzagate and beyond. American society has always been fertile ground for conspiracy

theories, but with the election of Donald Trump, previously outlandish ideas suddenly attained legitimacy. Trump himself is a conspiracy enthusiast: from his claim that global warming is a Chinese hoax to the accusations of “fake news,” he has fanned the flames of suspicion. But it was not by the power of one man alone that these ideas gained new power. Republic of Lies looks

beyond the caricatures of conspiracy theorists to explain their tenacity. Without lending the theories validity, Anna Merlan gives a nuanced, sympathetic account of the people behind them, across the political spectrum, and the circumstances that helped them take hold. The lack of a social safety net, inadequate education, bitter culture wars, and years of economic insecurity

have created large groups of people who feel forgotten by their government and even besieged by it. Our contemporary conditions are a perfect petri dish for conspiracy movements: a durable, permanent, elastic climate of alienation and resentment. All the while, an army of politicians and conspiracy-peddlers has fanned the flames of suspicion to serve their own ends. Bringing

together
penetrating
historical
analysis and
gripping on-
the-ground
reporting,
Republic of
Lies
transforms our
understanding
of American
paranoia.

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and

powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on

many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the

events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las

Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw,

KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.
