Elton John FAQ Virgin Books Limited

A thoughtfully curated and gloriously illustrated retrospective of the band's studio releases, *Queen*, comes just in time for the 45th anniversary of their debut LP and biopic. Formed in 1970, Queen went on to become one of the most popular—and most successful—rock bands of all time. Even following the untimely death of beloved and magnetic frontman Freddie Mercury, and nearly 50 years after their formation, interest in the band has continued, evidenced by scores of reissues, arena tours with surviving members, and a feature-film biopic. In this new installment in Voyageur Press's *Album by Album* series, rock journo Martin Popoff convenes a cast of 19 Queen experts and superfans to discuss all 15 of the band's studio albums (including their soundtrack for the 1980 film *Flash Gordon*). Panelists include Queen experts, rock journalists, musicians, and record industry figures. The results are freewheeling discussions delving into the individual songs, the circumstances that surrounded the recording of each album, the band and contemporary rock contexts into which they were released, and more. The engaging text of this beautifully designed book is illustrated throughout with rare live performance and candid offstage photography, as well as scads of rare Queen ephemera. The *Album by Album* series is a unique approach to the rock bio, injecting the varied voices of several contributors. The results have even the most diehard fans rushing back to their MP3 players (or turntables) to confirm the details and opinions expressed!

Bloomsbury Publishing USA

This text presents a comprehensive and up-to-date reference work on popular music, from the early 20th century to the present day.

Is This the Real Life? Voyageur Press

Explores the history and meaning of rock and popular music.

The Monthly Magazine

Da Capo Press
This book examines the widespread response in British artistic media to the death in childbirth in 1817 of Princess Charlotte Augusta of Wales, daughter of the Prince Regent and heiress to the throne, showing how both in print materials like poetry and sermons and extra-literary artifacts like visual art, ceramics, metalwork, and textiles her life and death were invested with the qualities of myth even as her memorialists appropriated her experiences in the process of producing consumer commodities for an emerging mass audience.

Queen Virgin Books

Mixing and clashing an outrageously eclectic set of influences—the close harmonies of the Beatles, the guitar pyrotechnics of Jimi Hendrix, the heavy sound of Led Zeppelin, and the glamour of David Bowie—Queen found a winning formula by channeling this strange cocktail through its charismatic frontman, Freddie Mercury. More than a decade after Mercury's death, Queen's fan base continues to grow. This meticulous, session-by-session, album-by-album, tour-by-tour chronicle of the band is the book that Queen fans have been waiting for.

Freddie Mercury: A Kind of Magic Omnibus Press

Clashing together outrageous musical influences and extravagantly visual imagery, Queen's place in history as the greatest glam band of them all is rock solid. Their fan base continues to grow, a decade and a half on from the death of Freddie Mercury, Queen's super-charismatic front man. Georg Purvis's meticulous, session-by-session, song-by-song, album-by-album, tour-by-tour record of the band's progress is the complete reference source that Queen fans have been waiting for. If you love the *Champions of Rock*, it's all here: *The Band* - detailed insights into Freddie Mercury, Brian May, Roger Taylor and John Deacon *The Albums* - detailed production history and analysis of every album, including solo releases *The Sessions* - in depth coverage from the early days via *A Night at The Opera* all the way to *Made in Heaven* *The Songs* - hundreds of individual entries on all the famous recordings, as well as obscure, unreleased rarities *The Tours* - set-lists and histories of every live show *The Videos* - a complete guide to Queen's groundbreaking video work *The Movies* - *Flash Gordon*, and other projects *Plus* - the reunion

shows with Paul Rodgers, the radio sessions, the costumes, the parties and much, much more...

The Life of the Blessed Virgin Mary Backbeat Books

Foo Fighters emerged from the morass of suicide and potent musical legacy that was Nirvana to establish themselves against all odds as one of the most popular rock bands in the world. Deflecting early critical disdain, Dave Grohl has single-handedly reinvented himself and cemented his place in the rock pantheon. This is his story, from his pre-Nirvana days in hardcore band *Scream* to his current status as a festival conquering, Grammy winning, platinum-selling grunge legend. Across the entire body of Foo Fighters albums, the whole legendary Nirvana tale, the pre-history in the nascent Seattle scene and Grohl's flirtations with Queens of the Stone Age and his supergroup side-project *Them Crooked Vultures*, this is an utterly comprehensive, insightful chronicle of Dave Grohl's remarkable life. Drawing on new interviews with key figures in the Grohl story, this definitive biography of one of modern rock's most influential figures includes the stories of the multi-platinum opus *Echoes, Silence, Patience and Grace*, 2011's *Wasting Light*, which saw Grohl reunited with Nirvana producer Butch Vig and *Sonic Highways*, their ambitious homage to coast-to-coast US classic rock. 'FASCINATING' THE GUARDIAN

The Edinburgh Annual Register PediaPress

Although David Bowie has famously characterized himself as a "leper messiah," a more appropriate moniker might be "rock god": someone whose influence has crossed numerous sub-genres of popular and classical music and can at times seem ubiquitous. By looking at key moments in his career (1972, 1977-79, 1980-83, and 1995-97) through several lenses—theories of sub-culture, gender/sexuality studies, theories of sound, post-colonial theory, and performance studies Waldrep examines Bowie's work in terms not only of his auditory output but his many reinterpretations of it via music videos, concert tours, television appearances, and occasional movie roles. *Future Nostalgia* looks at all aspects of Bowie's career in an attempt to trace Bowie's contribution to the performative paradigms that constitute contemporary rock music.

Clashing together outrageous musical influences, and extravagant visual imagery, Queen's place in history as the greatest glam band of them all is rock solid. Their fan base continues to grow, over 25 years on from the death of Freddie Mercury, Queen's flamboyant, unforgettable front man. Georg Purvis's meticulous, session-by-session, song-by-song, album-by-album, tour-by-tour record of the band's progress is the complete reference source that Queen fans have been waiting for. If you love the Champions of Rock, it's all here: *The Band* - detailed insights into Freddie Mercury, Brian May, Roger Taylor and John Deacon including bands the members formed outside of Queen and solo endeavours *The Albums* - detailed production history and analysis of every album, including solo releases *The Sessions* - In depth coverage from the early days via *A Night at The Opera* all the way to *Made in Heaven* *The Songs* - hundreds of individual entries on all the famous recordings, as well as obscure, unreleased rarities *The Tours* - set-lists and histories of every Queen and Queen-related live show including Queen + Adam Lambert *The Videos* - a complete guide to Queen's groundbreaking video work *The Movies* - Flash Gordon, Highlander and 2018's Bohemian Rhapsody biopic Plus - the reunion shows with Paul Rodgers, Adam Lambert, the radio sessions, the costumes, the parties and much, much more... [The Courtships of Queen Elizabeth](#) Bonnier Zaffre That rare thing, an academic study of music that seeks to tie together the strands of the musical text, the industry that produces it, and the audience that gives it meaning... A vital read for anyone interested in the changing nature of popular music production and consumption" - Dr Nathan Wiseman-Trowse, The University of Northampton Popular music entertains, inspires and even empowers, but where did it come from, how is it made, what does it mean, and how does it eventually reach our ears? Tim Wall guides students through the many ways we can analyse music and the music industries, highlighting crucial skills and useful research tips. Taking into account recent changes and developments in the industry, this book outlines the key concepts, offers fresh perspectives and encourages readers to reflect on their own work. Written with clarity, flair and enthusiasm, it covers: Histories of popular music, their traditions and cultural, social, economic and technical factors Industries and institutions, production, new technology, and the entertainment

media Musical form, meaning and representation Audiences and consumption. Students' learning is consolidated through a set of insightful case studies, engaging activities and helpful suggestions for further reading.

The Guinness Encyclopedia of Popular Music: Mercer, Johnny to Tillman, Floyd Routledge

(If You Like). In hard rock history, there is the time before Metallica and there is everything that has come since: metal, punk, industrial, grunge, alternative all of it absorbed, transformed, and reinvented by the band that, for decades, has ruled as both the Beatles and the Stones of heavy music. From garage rock to the avant-garde, indie pop to hardcore punk and, of course, all shades of metal, If You Like Metallica... illuminates the sounds and styles that influenced and have been influenced by this band, in addition to nonmusical elements such as movies, books, and cultural iconoclasts. Just as Metallica expanded heavy metal to new meanings and new possibilities, If You Like Metallica... expands being a fan of the band to an education and a treasure hunt that, put as bluntly as a devil-fingered salute to the face, rocks.

The Edinburgh Annual Register, for 1808-26 Titan Books (US, CA)

This month, as Sir Elton John celebrates his seventieth birthday, Backbeat Books is thrilled to announce the release of Donald Gibson's Elton John FAQ: All That's Left to Know About the Rocket Man. An exploration of Sir Elton's accolades alone could span several volumes: in a career spanning nearly five decades, he has sold over 250 million records worldwide, appeared in nearly 4 000 live performances, been inducted into both the Rock and Roll Hall of Fame and the Songwriters Hall of Fame, and received multiple awards and nominations from the Academy, GRAMMYs, Oscars, and Tonys. How can one possibly hope to examine the life and times of this peerless singer-songwriter, the most successful solo artist Great Britain has ever produced and the third-most successful artist overall in American music history? Why, with Backbeat's acclaimed FAQ format, of course! Like every other volume in the FAQ series, Elton John FAQ is overflowing with enlightening data, compact histories, rare photographs and period ephemera, all organized into chapters equally suitable for a straight-through read or random perusal. Gibson touches on every major episode from Sir Elton's life, from his humble, and at times

disheartening, childhood in the North London suburb of Pinner to his serendipitous meeting with lyricist Bernie Taupin, with whom he'd form a songwriting partnership that would ultimately rank alongside Lennon and McCartney in its success, and beyond. Scrutinizing the highs and lows of a life crammed with musical phases and sartorial changes, the book underscores not only the renowned musician's talents, but the truth behind tales that are familiar only to diehard fans.

The Pictorial Field-Book of the Revolution New England Publishing Associates

All the facts and informed opinion that you need on the artists who made the history of this decade are contained in this single volume, distilled from The Virgin Encyclopedia of Popular Music, universally acclaimed as the world's leading source of reference on rock and pop history.

No stone is left unturned, from the AC/DC's formation and early club gigs to its astounding worldwide success. A special cover incorporating Angus on a spinning disc gives way to more than 400 illustrations include handbills, posters, backstage passes, and vinyl from around the globe, as well as rare candid and performance photography. Sidebars from top rock scribes examine all studio releases and delve into the guitar gear of the Young brothers. The result is an awesome tribute to the band renowned for a live-wire stage show and a sonic attack that have attracted fans from all rock camps Contributors include: Phil Sutcliffe Joe Bonomo Danie Bukszpan Jen Jewel Brown Anthony Bozza Garth Cartwright Ian Christie David Dunlap Andrew Earles Dave Hunter James McNair Martin Popoff Sylvie Simmons Bill Voccia

The National Register Quarto Publishing Group USA

Freddie Mercury was rock's most dazzling showman, a legendary entertainer who in 1991, at the age of just forty-five, became the first major music star to die of AIDS. Mercury's soaring four-octave voice was a defining element in Queen's unique sound, crucial to the success of the band's fifteen studio albums, from Queen (1973) to Made in Heaven (1995). He was also a supremely talented songwriter and musician who wrote many of the band's greatest hits, including 'Killer Queen', 'We Are the Champions' and their biggest triumph, the epic anthem 'Bohemian Rhapsody'. As a solo artist he released two acclaimed albums: Mr. Bad Guy in 1985 and the operatic 'Barcelona' with Spanish soprano Montserrat Caballé in 1988. Mercury's extraordinary charisma was perhaps best seen in his imperious live performances, in which he'd hold vast stadium crowds to rapturous attention. His outrageous theatrics, physicality and over-the-top costumes led one commentator to describe him as 'a performer out to tease, shock, and ultimately charm his audience with various extravagant versions of himself'. He pushed the limits of camp in everything he did. His extreme behaviour, in a

society in which being gay was only starting to be accepted, just added to Freddie Mercury's allure. With expert understanding, Mark Blake traces Mercury's life from his childhood in Zanzibar and India to his untimely death, and charts his astonishing achievements including in Queen's world-conquering performance at Live Aid in 1985. In the year that marks what would have been his seventieth birthday, Freddie Mercury: A Life celebrates a remarkable life, lived to the fullest. Featuring revealing interviews with fellow musicians, producers and collaborators, and a detailed discography and timeline, this is a memorable tribute to a unique recording artist and an irreplaceable performer who rocked the world.

Queen: The Complete Works SAGE

The aim of this book is to provide a complete handbook of information and opinion about the history of the music of the 1970s. There are over 1000 entries on the bands, musicians, songwriters, producers and record labels of this decade, everyone who had any significant impact on the development of rock and pop music. From the stars who, unlike Hendrix, Joplin and Morrison, survived the sixties only to be duded as dinosaurs, to the angry reactions of punk and the new wave and the sounds of glam rock and disco, this encyclopaedia aims to answer any query about any aspect of seventies music. As well as the giants of the decade, such as Queen, Abba and Fleetwood Mac, the book also includes those artists who only flourished briefly.
