To Paradise Penguin

The #1 New York Times best-selling series. Bonus features • Q&A with author Ransom Riggs • Eight pages of color stills from the film • Sneak preview of *Hollow City*, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in *Miss Peregrine's Home for Peculiar Children*, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of *Miss Peregrine's Home for Peculiar Children*. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow—impossible though it seems—they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, *Miss Peregrine's Home for Peculiar Children* will delight adults, teens, and anyone who relishes an adventure in the shadows. "A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story."—John Green, New York Times best-selling author of *The Fault in Our Stars* "With its *X-Men: First Class*-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder *Miss Peregrine's Home for Peculiar Children* has been snapped up by Twentieth Century Fox. B+"—*Entertainment Weekly* "'Peculiar' doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies."—*People* "You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it before Jacob figures it out for himself."—*Seventeen*

Children of Men Reagan Arthur Books

A chronicle of the massive transformation in Hollywood since the turn of the century and the huge changes yet to come, drawing on interviews with key players, as well as documents from the 2014 Sony hack

The Book of Men Marvel

981 AD. The Viking King of Dublin is dead. His young widow, Gormflaith, has ambitions for her son—and herself—but Ireland is a dangerous place and kings tend not to stay kings for long. Gormflaith also has a secret. She is one of the Fomorians, an immortal race who can do fire-magic. She has kept her powers hidden at all costs, for there are other immortals in this world—like the Tuatha Dé Danann, a race of warriors who are sworn to kill Fomorians. Fódla is one of the Tuatha Dé Danann with the gift of healing. Her kind dwell hidden in a fortress, forbidden to live amongst the mortals. Fódla agrees to help her kin by going to spy on Brian Boru, a powerful man who aims to be High King of Ireland. She finds a land on the brink of war—a war she is desperate to stop. However, preventing the loss of mortal lives is not easy with Ireland in turmoil and the Fomorians now on the rise...

Children of Earth and Sky Vintage

At the end of the Ice Age, young Laena embarks on a great journey across a continent. In a world dominated by mammoths, ruled by nature, and enforced by primitive tribes, she must rely on her incredible courage and intelligence to endure. Destined to become the Chosen One, this is Laena's story.

The Life and Death of Sophie Stark Hazelden Publishing

Why America Failed shows how, from its birth as a nation of "hustlers" to its collapse as an empire, the tools of the country's expansion proved to be the instruments of its demise *Why America Failed* is the third and most engaging volume of Morris Berman's trilogy on the decline of the American empire. In *The Twilight of American Culture*, Berman examined the internal factors of that decline, showing that they were identical to those of Rome in its late-empire phase. In *Dark Ages America*, he explored the external factors—e.g., the fact that both empires were ultimately attacked from the outside—and the relationship between the events of 9/11 and the history of U.S. foreign policy. In his most ambitious work to date, Berman looks at the "why" of it all Probes America's commitment to economic liberalism and free enterprise stretching back to the late sixteenth century, and shows how this ideology, along with that of technological progress, rendered any alternative marginal to American history Maintains, more than anything else, that this one-sided vision of the country's purpose finally did our nation in *Why America Failed* is a controversial work, one that will shock, anger, and transform its readers. The book is a stimulating and provocative explanation of how we managed to wind up in our current situation: economically weak, politically passe, socially divided, and culturally adrift. It is a tour de force, a powerful conclusion to Berman's study of American imperial decline.

The Handmaid's Tale Yale University Press

A tale set in post-revolutionary Iran follows the experiences of Neda, Omid, Sheida, and other individuals from three generations of families whose political activist loved ones were murdered during the violent purges inside Tehran's prisons.

The Children of Men Rosenfeld Media

Generation Anthropocene. Storms of My Grandchildren. Our Children's Trust. Why do these and other attempts to imagine the planet's uncertain future return us—again and again—to the image of the child? In *The Child to Come*, Rebekah Sheldon demonstrates the pervasive conjunction of the imperiled child and the threatened Earth and blisteringly critiques the logic of catastrophe that serves as its motive and its method. Sheldon explores representations of this perilous future and the new figurations of the child that have arisen in response to it. Analyzing catastrophe discourse from the 1960s to the present—books by Joanna Russ, Margaret Atwood, and Cormac McCarthy; films and television series including *Southland Tales*, *Battlestar Galactica*, and *Children of Men*; and popular environmentalism—Sheldon finds the child standing in the place of the human species, coordinating its safe passage into the future through the promise of one more generation. Yet, she contends, the child figure emerges bound to the very forces of nonhuman vitality he was forged to contain. Bringing together queer theory, ecocriticism, and science studies, *The Child to Come* draws on and extends arguments in childhood studies about the interweaving of the child with the life sciences.

Sheldon reveals that neither life nor the child are what they used to be. Under pressure from ecological change, artificial reproductive technology, genetic engineering, and the neoliberalization of the economy, the queerly human child signals something new: the biopolitics of reproduction. By promising the pliability of the body's vitality, the pregnant woman and the sacred child have become the paradigmatic figures for twenty-first century biopolitics.

Make It So Orbit

Eighteen-year-old Philippa Palfrey, adopted as a child, believes herself to be the motherless, illegitimate daughter of an aristocratic father. When she exercises her right to find out the truth, she is shocked to discover her birth mother is very much alive -- and about to be released from prison. Philippa soon enters a new and terrifying world, and comes to realize that she is not the only one interested in her parents' whereabouts.

Children of Time Bloomsbury Publishing USA

After 1989, capitalism has successfully presented itself as the only realistic political-economic system - a situation that the bank crisis of 2008, far from ending, actually compounded. The book analyses the development and principal features of this capitalist realism as a lived ideological framework. Using examples from politics, films, fiction, work and education, it argues that capitalist realism colours all areas of contemporary experience. But it will also show that, because of a number of inconsistencies and glitches internal to the capitalist reality program capitalism in fact is anything but realistic.

Many designers enjoy the interfaces seen in science fiction films and television shows. Freed from the rigorous constraints of designing for real users, sci-fi production designers develop blue-sky interfaces that are inspiring, humorous, and even instructive. By carefully studying these "outsider" user interfaces, designers can derive lessons that make their real-world designs more cutting edge and successful.

Children of the Ice Simon and Schuster

While Cyclops, Emma and Wolverine are off in Japan dealing with giant monsters, something dire happens that demands the X-Men's attention. With their leaders away, should the X-Men deny their help? HELL NO! Storm, Colossus and Kitty Pryde join Beast and Agent Brand to take on the Brood. But when intergalactic law prevents the destruction of an enemy who can only be defeated by extermination, the X-Men have a problem. Are Storm and her crew up to the task? And what is Cyclops going to say when he learns of this? Plus: join us for a special told-in-one story with Emma Frost and Danger delivering on a promise back in ASTONISHING X-MEN #24. Don't miss this confrontation that has been brewing since 2008! COLLECTING: ASTONISHING X-MEN 38, 40, 42, 43; UNCANNY X-MEN 162

Child of God Houghton Mifflin Harcourt

NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the

excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet.

Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for *Red Rising* "[A] spectacular adventure . . . one heart-pounding ride . . . Pierce Brown's dizzyingly good debut novel evokes *The Hunger Games*, *Lord of the Flies*, and *Ender's Game*. . . . [Red Rising] has everything it needs to become meteoric."—Entertainment Weekly "Ender, Katniss, and now Darrow."—Scott Sigler "Red Rising is a sophisticated vision. . . . Brown will find a devoted audience."—Richmond Times-Dispatch Don't miss any of Pierce Brown's *Red Rising* Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE • LIGHT BRINGER CHILDREN OF MEN Routledge

Told with P. D. James's trademark suspense, insightful characterization, and riveting storytelling, *The Children of Men* is a story of a world with no children and no future. The human race has become infertile, and the last generation to be born is now adult. Civilization itself is crumbling as suicide and despair become commonplace. Oxford historian Theodore Faron, apathetic toward a future without a future, spends most of his time reminiscing. Then he is approached by Julian, a bright, attractive woman who wants him to help get her an audience with his cousin, the powerful Warden of England. She and her band of unlikely revolutionaries may just awaken his desire to live . . . and they may also hold the key to survival for the human race.

The Children of Men Quirk Books

This is a stand-alone thriller from P. D. James. The year is 2021. No child has been born for twenty-five years. The human race faces extinction. Under the despotic rule of Xan Lyppiat, the Warden of England, the old are despairing and the young cruel. Theo Faren, a cousin of the Warden, lives a solitary life in this ominous atmosphere. That is, until a chance encounter with a young woman leads him into contact with a group of dissenters. Suddenly his life is changed irrevocably as he faces agonizing choices which could affect the future of mankind.

An Unsuitable Job for a Woman U of Minnesota Press

Sharing the care of children in families is increasingly becoming the norm in modern-day society as more mothers enter paid work and government campaigns endeavour to increase the number of men working in childcare. However, running alongside debates of gender imbalance in childcare, there has also been mounting anxiety from the media and public about the risks of child abuse, often perceived as being mostly perpetrated by men and calling for firmer regulation of men's involvement with children. This book asks whether men's care for children, both as fathers and practitioners, actually differs at all from the care provided by mothers and female carers? In what ways do men and concepts of masculinity need to change if they are to play a greater role in the care of children or are such societal perceptions based on outdated gender stereotypes? Bringing together cutting-edge theory, up-to-date research and current practice, this book analyses the role of both fathers and male professionals working with children and highlights the implications of this for future policy and practice. It also examines dominant notions of masculinity and representations of male carers in the media and popular culture, asking how our societal expectations may need to evolve if men are to play an equal role in the care of children as demanded by current policy and

wider social developments.

Twenty-Four Hours a Day John Wiley & Sons

The Fault Lines Founding Liberty explores the tensions inherent in growing up and moving on from faith, family, and past versions of ourselves. With unanswered questions and hovering guilt, a young woman comes to confront the specters of her past through dialogue with an unexpected companion. This process is as uncomfortable as it is transformative. Freedom is discovered not by eliminating life's loose ends nor running away from them, but in gathering them bravely and continuing to put one foot in front of the other despite everything—a process made hopeful in the solidarity of unexpected friendship.

Children of Men Basic Books

An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, *The Handmaid's Tale* is at once a mordant satire and a dire warning.
