New York Times Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous secrets. "One of the greatest crime novelists writing today" (Vox) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a world where neither is simple, and what we stake on that decision.

The Eye of the Prophet is a luminous collection of Gibran's writings translated from Arabic into French and now into English. Here the author is the poetic, philosophical moralist, grounded in Islam, Buddhism, and Christianity, seeking the best in people, refusing to separate humankind from the natural world. Ordinary work and life, he says, has the potential to be inherently noble, if we can learn to enact our affairs with the sublimity of nature's creations. Gibran's descriptions celebrate the dignity and freedom of animals, birds, the seasons, oceans, clouds. His is a poet's eye; he abhors the "tentacles of government" and calls on citizens to question all ideologies. In this book he writes about life's great moments and passages (The First Kiss, The First Glance, The Mystery of Love, Youth); eternal essences (Earth, The Nature of Woman, Marriage, Love, Truth, Poetry), and grapples with nationalism, religion, and spiritual growth. The Eye of the Prophet blends Christian, Muslim, and Buddhist ideals into a great spiritual tapestry that transcends all cultural divisions. With its vibrant, rhythmic language, it speaks to our challenging times as a worthy companion to The Prophet.

*Sword Art Online Alternative Gun Gale Online, Vol. 10 (light novel)* Houghton Mifflin Harcourt From a Newbery Medal-winning author, an "exciting novel" about a colonial girl's experience during the French and Indian War (Saturday Review). In the year 1754, the stillness of Charlestown, New Hampshire, is shattered by the terrifying cries of an Indian raid. Young Miriam Willard, on a day that had promised new happiness, finds herself instead a captive on a forest trail, caught up in the ebb and flow of the French and Indian War. It is a harrowing march north. Miriam can only force herself to the next stopping place, the next small portion of food, the next icy stream to be crossed. At the end of the trail waits a life of hard work and, perhaps, even a life of slavery. Mingled with her thoughts of Phineas Whitney, her sweetheart on his way to Harvard, is the crying of her sister's baby, Captive, born on the trail. Miriam and her companions finally reach Montreal, a city of shifting loyalties filled with the intrigue of war, and here, by a sudden twist of fortune, Miriam meets the prominent Du Quesne family, who introduce her to a life she has never imagined. Based on an actual narrative diary published in 1807, *Calico Captive* skillfully reenacts

an absorbing facet of history. "Vital and vivid, this short novel based on the actual captivity of a pre-Revolutionary girl of Charlestown, New Hampshire, presents American history with force and verve." —Kirkus Reviews
